Meenova A2031 & A2032

Meenova A2031 & A2032 OEM Left and Right Earbuds Replacement Manual for Pod (2nd Generation)

Brand: Meenova | Model: A2031 & A2032

PRODUCT OVERVIEW

This package contains a pair of Meenova A2031 and A2032 OEM Left and Right Earbuds, designed as replacements for Pod (2nd Generation) earbuds. Please note that the charging case is not included. These earbuds are in used but good condition, meeting OEM (Original Equipment Manufacturer) standards to ensure quality and performance comparable to the original earbuds.

SETUP AND PAIRING INSTRUCTIONS

Follow these steps to pair your new earbuds with your device:

- Forget Existing Earbuds:** Go to your device's Bluetooth settings and 'Forget' any previously paired earbuds from the list.
- Connect Charging Case:** Plug your compatible charging case (A1938 or A1602) into a power source.
- Insert New Earbud:** Place the new earbud into the charging case and allow it to charge for 30-60 minutes. This allows for firmware synchronization.
- Open Lid:** Open the lid of the charging case.
- Press Setup Button:** Press and hold the setup button on the back of the charging case for approximately 15 seconds. The status light on the front of the case will flash amber, then white.
- Connect to Phone:** Connect your device to the earbuds via Bluetooth.

If pairing issues persist, ensure both left and right earbuds are the correct models (A2031 and A2032) and try charging them overnight. Patience is key during the pairing process, as it may take longer in some instances.

Please check the model of your earbuds before you place the order.

OPERATING THE EARBUDS

Once successfully paired, your earbuds will automatically connect to your device when removed from the charging case. They offer approximately 5 hours of listening time on a single charge. The compatible charging case provides multiple additional charges, extending total listening time to over 24 hours. The case can be recharged using a Lightning connector.

MAINTENANCE

To ensure the longevity and optimal performance of your earbuds, keep them clean and dry. Regularly wipe the earbuds and the inside of the charging case with a soft, dry, lint-free cloth. Avoid exposing them to excessive moisture or extreme temperatures.

TROUBLESHOOTING

If you encounter issues with your earbuds, please review the pairing instructions carefully. Common issues include insufficient initial charging time or incorrect model matching. If problems persist after following the pairing steps, please contact customer support for assistance.
