

LG 75QNED92AUA

LG 75-Inch Class QNED evo AI QNED92A Series Mini LED 4K Smart TV

Model: 75QNED92AUA

1. INTRODUCTION

This manual provides essential information for the safe and efficient operation of your LG 75-Inch Class QNED evo AI QNED92A Series Mini LED 4K Smart TV. Please read this manual thoroughly before operating your TV and retain it for future reference.

The LG QNED evo AI TV features Dynamic QNED Color Pro with 100% Color Volume, MiniLED backlighting with Precision Dimming Pro, and the Alpha 8 AI Processor Gen2 for enhanced picture and sound. It supports Dolby Vision, Dolby Atmos, and Filmmaker Mode, offering a 120Hz refresh rate for smooth motion. The webOS platform provides a personalized streaming experience with access to numerous apps and LG Channels.

2. SETUP

2.1 Unpacking and Included Components

Carefully unpack your TV. The following components are included in the box:

- LG 75-Inch QNED evo AI 4K Smart TV
- Magic Remote
- Remote Control Batteries (2 AAA batteries required)
- Power Cable
- Stand
- User Manual (this document)

2.2 Physical Dimensions and Placement

The TV dimensions are 65.6"W x 40.5"H x 15.4"D with the stand, and 65.6"W x 37.6"H x 2.3"D without the stand. The base width is 57.3 inches. Ensure adequate ventilation around the TV.

3.5 Gaming Features

The TV offers an ultimate gaming experience with:

- FreeSync, VRR, GeForce NOW, and Xbox Cloud Gaming for real-time action with minimal tearing.
- LG Game Optimizer and Game Dashboard.
- Four HDMI 2.1 ports for high-performance connections.

3.6 Voice Assistance

Built-in Alexa and compatibility with Google Assistant and Apple HomeKit provide hands-free control and smart home integration.

4. MAINTENANCE

4.1 Cleaning the Screen

Gently wipe the screen with a soft, dry microfiber cloth. For stubborn smudges, lightly dampen the cloth with

water or a screen-specific cleaning solution (do not spray directly on the screen).

4.2 Cleaning the TV Body

Use a soft, dry cloth to wipe the exterior of the TV. Avoid using abrasive cleaners or solvents.

4.3 Software Updates

The webOS Re:New Program ensures your TV receives future software updates and feature refreshes. Software updates will automatically download. Consumers who disable "auto-update" will receive a pop-up notification to accept or deny software updates.

Video 4.1: The all new LG QNED evo AI Mini LED TV. This video highlights the key features and benefits of the LG QNED evo AI TV, including its vibrant color, crisp picture, and powerful processor for faster app launches.

5. TROUBLESHOOTING

If you encounter issues with your LG QNED evo AI TV, please refer to the following common troubleshooting steps:

- **No Power:** Ensure the power cable is securely connected to both the TV and a working electrical outlet. Try a different outlet.
- **No Picture/Sound:** Check all cable connections (HDMI, optical, etc.) to external devices. Ensure the correct input source is selected on the TV.
- **Remote Not Working:** Replace the AAA batteries in the Magic Remote. Ensure there are no obstructions between the remote and the TV.
- **Poor Wi-Fi Connectivity:** Ensure your Wi-Fi router is within range and functioning correctly. Try restarting the router and the TV. Consider using a wired Ethernet connection for stability.
- **Picture/Sound Quality Issues:** Adjust picture and sound settings. The Personalized Picture & Sound Wizard can help optimize these. Ensure your content source is high quality.

For more detailed troubleshooting or persistent issues, please contact LG customer support.
