4. SETUP AND ASSEMBLY

The My Melody Summer Wonderland Building Block Set is designed for straightforward assembly. Follow the step-by-step instructions provided in the included instruction booklet for the best building experience.

1. **Unpack Components:** Carefully open the product packaging and remove all building block bags and the instruction booklet.
2. **Sort Pieces:** For easier assembly, it is recommended to sort the building blocks by color, shape, or size as indicated in the instruction booklet.
3. **Follow Instructions:** Refer to the detailed, clear instructions in the booklet. Each step will guide you through connecting the pieces to form the My Melody Ferris Wheel.
4. **Connecting Pieces:** Ensure pieces are aligned correctly before applying pressure to snap them together. Some pieces may require firm, even pressure to connect securely. If a piece is particularly difficult, double-check its orientation and the corresponding connection point.
5. **Figure Placement:** Once the main structure is complete, place the My Melody figure in its designated spot on the Ferris Wheel or within the theme park scene as desired.

6. MAINTENANCE

To ensure the longevity and appearance of your building block set, follow these simple maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to gently wipe dust from the blocks. For more thorough cleaning, a slightly damp cloth can be used, followed by immediate drying. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** Store the set in a cool, dry place away from direct sunlight to prevent color fading and material degradation.
- **Handling:** Handle the assembled set with care to prevent accidental disassembly or damage to delicate parts.

7. TROUBLESHOOTING

While the assembly process is generally straightforward, you may encounter minor issues.

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Pieces are difficult to snap together.	Incorrect alignment; insufficient pressure; small burrs from manufacturing.	Ensure the pieces are perfectly aligned with their connection points. Apply firm, even pressure. For very small or stubborn pieces, a small tool like needle-nose pliers (not included) may assist in applying pressure, as noted by some users.
Assembled structure feels unstable.	Pieces not fully connected; missing a piece; incorrect assembly step.	Review the instruction booklet to ensure all pieces are correctly and fully snapped into place. Verify that no steps were skipped and all required pieces are present.
