2. SETUP AND PAIRING

2.1 Initial Charging

Before first use, fully charge the earbuds and the charging case. Connect the provided Type-C charging cable to the charging case and a compatible USB power source. The digital display on the charging case will indicate the battery status.

2.2 App Download and Connection

The PeriPage M76 earbuds require a dedicated mobile application for full functionality, especially for translation features. Follow these steps to connect:

1. **Download the App:** Scan the QR code provided in the charging case user manual or search for the "AI" app (version 1.2.7 or later) in your device's app store.
2. **Enable Bluetooth:** On your smartphone (Android or iOS), navigate to your device's settings and ensure Bluetooth is turned on.
3. **Open the App:** Launch the downloaded "AI" app. Navigate to the "Mine" section within the app interface.
4. **Bind Device:** Select the option to add a new connection or "Binding Device." The app will search for available PeriPage M76 earbuds.
5. **Connect:** Select "M76" from the list of found devices. Confirm the connection. Once successfully paired, the app will display "Binding success!"

3. OPERATING INSTRUCTIONS

3.1 Translation Modes

The PeriPage M76 earbuds offer various translation modes through the companion app to suit different communication scenarios:

- **Free-Speech Mode:** For continuous, natural conversation.
- **Touch Mode:** Activate translation by touching the earbud.
- **Speaker Mode (Peaker Mode):** One person speaks into the earbud, and the translation is played through the phone's speaker for others to hear.
- **Offline Mode:** Allows translation without an internet connection (may require a membership for certain languages).
- **Simultaneous Interpretation:** For real-time, continuous translation in meetings or presentations.
- **Live Recording:** Records conversations and provides translated text.
- **Face-to-Face Translation:** Optimized for direct conversations between two individuals.

3.3 Music Playback and Calls

Beyond translation, the earbuds function as standard wireless headphones for music playback and phone calls. Control music and calls directly through your connected smartphone or via the app's interface.

4. MAINTENANCE

4.1 Cleaning

Regularly clean the earbuds and charging case with a soft, dry, lint-free cloth. Avoid using abrasive materials, solvents, or spray cleaners. Do not immerse the earbuds or case in water.

4.2 Charging

To maintain optimal battery life, charge the earbuds and case when the battery level is low. The charging case has a 300mAh capacity, providing extended usage. A full charge for the case typically takes 2 hours, and the earbuds offer 6-8 hours of usage per charge.

4.3 Storage

Store the earbuds in their charging case when not in use to protect them from dust and damage. Keep them in a cool, dry place away from direct sunlight and extreme temperatures.

5. TROUBLESHOOTING

- **Earbuds not pairing:** Ensure both earbuds are charged. Turn off and on your phone's Bluetooth. Restart the app. If issues persist, try resetting the earbuds (refer to the app or manufacturer's support for specific reset instructions).
- **Poor sound quality:** Check the earbud fit. Ensure there is no debris in the earbud speakers. Verify the audio source quality.
- **Translation inaccuracies:** Ensure a stable internet connection (for online translation). Speak clearly and at a moderate pace. Check the selected source and target languages in the app. Update the app to the latest version.
- **Battery draining quickly:** Ensure the earbuds are properly seated in the charging case. Close unused apps on your phone. Reduce volume if listening to music for extended periods.
- **App issues:** Ensure the app is updated. Try force-closing and reopening the app. Reinstall the app if necessary.
