

Livpure LIV-VICTOR-HOT-HR

Livpure Victor Instant Hot & Ambient Water Purifier

Model: LIV-VICTOR-HOT-HR

1. INTRODUCTION

Welcome to the Livpure Victor Instant Hot & Ambient Water Purifier. This manual provides essential information for the safe and efficient operation, installation, and maintenance of your new water purification system. Please read these instructions carefully before using the appliance and retain them for future reference.

2. KEY FEATURES

- **8-Stage Advanced Purification System:** Features a comprehensive purification process including sediment filtration, carbon absorption, RO membrane, mineralization, silver impregnation, copper ionization, and UV sterilization to ensure pristine water quality.
- **In-Tank UV Sterilization:** Ensures stored water remains safe for consumption by operating a 15-minute sterilization cycle every hour, even during power cuts.
- **Mineral & Copper Enrichment:** The integrated mineralizer adds essential minerals like magnesium and potassium. Copper infusion further boosts immunity, aids weight loss, and improves digestion.
- **High Recovery (HR) Technology:** Maximizes water conservation by saving up to 87% water compared to ordinary RO purifiers.
- **Instant Hot & Ambient Water:** Provides continuous hot water and ambient water on demand for various needs.
- **Smart LED Indicators:** Intuitive LED display keeps you informed about power status, purification process, and tank levels for effortless control and real-time updates.
- **6-Liter Storage Capacity:** Offers ample storage for purified water, ensuring availability when needed.

3. PRODUCT OVERVIEW

4. SETUP & INSTALLATION

Proper installation is crucial for the performance and longevity of your water purifier. It is recommended to have the unit installed by a qualified technician.

1. **Unpacking:** Carefully remove the water purifier and all accessories from the packaging. Inspect for any damage.
2. **Placement:** Choose a suitable location for wall mounting. The surface should be stable, flat, and near a water inlet and a grounded electrical outlet. Ensure adequate space around the unit for maintenance.
3. **Water Source:** The Livpure Victor is suitable for borewell, tanker, and municipal water sources with a maximum TDS level of 1000 PPM.
4. **Professional Installation:** Livpure offers free installation as part of its Smart Service Plan. Please contact Livpure customer service to schedule a professional installation. The installation kit is included with the product.
5. **First Use:** After installation, allow the unit to fill and flush according to the technician's instructions to ensure optimal performance and remove any initial impurities.

5. OPERATION

Operating your Livpure Victor water purifier is straightforward.

1. **Power On/Off:** Press the power button on the smart LED indicator panel to turn the unit on or off.
2. **Water Dispensing:** Use the rotary knob located on the front panel to select your desired water temperature. Turn the knob towards the blue indicator for ambient water or towards the red indicator for instant hot water.
3. **LED Indicators:** The smart LED indicators provide real-time status updates:
 - **Power Indicator:** Shows if the unit is powered on.
 - **Purification Indicator:** Illuminates when the purification process is active.
 - **Tank Status Indicator:** Displays the water level in the storage tank.

4. **In-Tank UV Sterilization:** This feature operates automatically to keep the stored water safe and pure. No manual intervention is required.

6. MAINTENANCE

Regular maintenance ensures the continued efficiency and safety of your water purifier.

- **Filter Replacement:** Filters are consumable items and require periodic replacement. The frequency depends on water quality and usage. Refer to your service schedule or contact Livpure customer support for guidance on filter replacement.
- **Cleaning:** Clean the exterior of the water purifier regularly with a soft, damp cloth. Do not use abrasive cleaners, solvents, or harsh chemicals, as these can damage the surface.
- **Tank Cleaning:** The in-tank UV sterilization helps maintain the cleanliness of the stored water. For thorough cleaning, contact Livpure customer service.
- **Service:** For any internal cleaning, filter changes, or technical issues, always contact authorized Livpure service personnel. Do not attempt to open or repair the unit yourself.

7. TROUBLESHOOTING

This section addresses common issues you might encounter. For problems not listed here, please contact customer support.

Problem	Possible Cause	Solution
No water dispensing	No power, water inlet closed, low tank level	Check power connection, ensure water supply is open, wait for tank to fill.
Slow water flow	Clogged filters, low water pressure	Contact service for filter inspection/replacement. Check household water pressure.
Unusual taste or odor in water	Filters need replacement, new unit initial flush required	If new, flush several liters of water. If persistent, contact service for filter replacement.
LED indicators not working	Power issue, internal fault	Check power. If issue persists, contact customer support.

8. SPECIFICATIONS

Feature	Detail
Brand	Livpure
Model Name	LIV-VICTOR-HOT-HR
Special Feature	Automatic Shut-Off, Portable, Water Saving HR Technology
Product Dimensions	43L x 28W x 63H Centimeters
Installation Type	Wall Mount

Feature	Detail
Power Source	Corded Electric
Item Weight	10.5 Kilograms
Lower Temperature Rating	10 Degrees Celsius
Maximum Flow Rate	1.8 Liters Per Minute
Upper Temperature Rating	45 Degrees Celsius
Supported Water TDS Level Maximum (PPM)	1000
Material	Plastic
Capacity	6 litres
Included Components	Installation Kit

9. WARRANTY & SUPPORT

Livpure is committed to providing reliable products and excellent customer service.

- **Warranty:** Your Livpure Victor water purifier comes with a standard warranty. During the warranty period, you are eligible for free installation and free service on demand under the Livpure Smart Service Plan.
- **Extended Warranty:** For prolonged peace of mind, optional 1-Year and 2-Year Extended Warranty Plans are available from Onsitego.
