## GODOX C30R

# GODOX Litemons C30R RGB LED Video Panel Light

## INSTRUCTION MANUAL

### Introduction

Thank you for purchasing the GODOX Litemons C30R RGB LED Video Panel Light. This compact and versatile lighting solution is designed for photographers, videographers, and vloggers, offering a wide range of color temperatures, full RGB control, and various special effects. Please read this manual carefully before use to ensure proper operation and optimal performance.

### What's in the Box

- Light body \*1
- Collapsible Diffusion Dome \*1
- Charging Cable \*1

### Key Features

- **Full Color RGB Video Light:** 360° Hue adjustment, 2500-9000K color temperature control, Dimmable Brightness 0 to 100%.
- **CCT/HSI/FX Lighting Modes:** The Godox C30R RGB video light offers HSI Color Mode, CCT Mode for white light adjustment, and Scenes Mode for various effects.
- **3350mAh Large Capacity Battery:** Provides 45 minutes of full-power runtime and supports charging while in use (276 minutes at 50% brightness output).
- **Small Size & Standard 1/4 Screw:** Weighing just 248g and palm-sized, it's highly portable. The 1/4" screw allows mounting on cameras, light stands, or tripods.

## Keep It Real

With high color rendering, the C30R guarantees that what you capture is exactly what you see

**CRI  $\geq 96$  | TLCI  $\geq 97$**

### Setup

1. **Powering On/Off:** Locate the power button on the device. Press and hold for 3 seconds to turn the light on or off.
2. **Mounting:** The C30R features a standard 1/4" threaded hole at the bottom. Attach it to a camera hot shoe adapter, light stand, or tripod as needed.

3. **Attaching Diffuser:** Gently stretch the collapsible diffusion dome over the front edge of the light panel for a softer light output.

## Operating Instructions

The GODOX Litemons C30R offers intuitive controls for various lighting modes.

1. **General Controls:** The device features control dials/buttons for adjusting brightness, color temperature, and cycling through modes. Refer to the on-screen display for current settings.
2. **CCT Mode:** Adjust the color temperature from 1,800K (warm) to 10,000K (cool) to match ambient light or create desired moods.
3. **HSI Mode:** Provides full control over Hue (360°), Saturation, and Intensity (brightness) for precise color selection.
4. **FX Mode (Special Effects):** Access a variety of pre-programmed lighting effects to enhance your creative projects.

5. **Brightness Adjustment:** The brightness can be dimmed from 0% to 100% in any mode.

## Charge & Use Simultaneously

The built-in battery provides maximum output for 45 minutes and features Type-C fast charging, allowing for real-time charging while in use.

# Stay Cool and Quiet

The aerospace-grade packaging technology ensures efficient heat dissipation and a long lifespan.

Image: Demonstrates the wide CCT range of the GODOX Litemons C30R, from warm 1800K to cool 10000K, suitable for various lighting conditions.

## Charging and Battery

The GODOX Litemons C30R is equipped with a 3350mAh battery, providing approximately 45 minutes of runtime at full power. It can operate for up to 276 minutes at 50% brightness. The device supports USB-C charging and can be used simultaneously while charging, ensuring continuous operation for longer sessions.

# Setup in Your Way

Whether handheld, mounted on a camera, on a light stand, or on a tripod, you can set it up any way you like using the 1/4" threaded hole.

## Maintenance

- Keep the device dry. Do not handle with wet hands.
- Clean the light panel with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials.
- Ensure proper ventilation during extended use to prevent overheating. The built-in fan helps with heat dissipation.
- Store the light in a cool, dry place away from direct sunlight and extreme temperatures.

## Troubleshooting

- **Light not turning on:** Ensure the battery is charged. Connect to a USB-C power source.

- **Short battery life:** Reduce brightness settings. Ensure the device is fully charged before use.
- **Controls unresponsive:** Power off the device and restart. If issues persist, contact customer support.
- **Overheating:** The device has a built-in fan for cooling. If it feels excessively hot, reduce brightness or allow it to cool down.

## Specifications

<b>Product Dimensions</b>	5.12 x 3.03 x 1.57 inches
<b>Item Weight</b>	8.7 ounces
<b>Item Model Number</b>	C30R
<b>Battery Life (Full Power)</b>	45 minutes
<b>Connectivity Technology</b>	Bluetooth
<b>Color Temperature Range</b>	1,800K-10,000K
<b>UPC</b>	850071741513

## Warranty and Support
