3. SETUP INSTRUCTIONS

1. **Connect the Keyboard:** Plug the USB connector of the EvoFox Deathray V2 Keyboard into an available USB port on your computer.
2. **Connect the Mouse:** Plug the USB connector of the EvoFox Deathray V2 Mouse into another available USB port on your computer.

3. **Driver Installation:** Your operating system should automatically detect and install the necessary drivers. No additional software installation is typically required for basic functionality.
4. **Placement:** Place the keyboard and mouse on a flat, stable surface for optimal performance.

4. OPERATING THE KEYBOARD

4.1. Basic Functions

The EvoFox Deathray V2 Keyboard features a full-size layout with standard QWERTY keys, a numeric keypad, and function keys (F1-F12).

4.2. Multimedia Keys

Dedicated multimedia keys are located above the function keys for quick access to media controls:

- **Volume Up/Down/Mute:** Control audio levels.
- **Play/Pause, Previous/Next Track:** Manage media playback.

4.3. Special Function Keys

The keyboard includes special shortcut keys for enhanced productivity and gaming:

- **Screenshot:** Captures a screenshot of your display.
- **Show Desktop:** Minimizes all open windows to show the desktop.
- **Xbox Game Bar:** Opens the Xbox Game Bar for gaming features.

5. OPERATING THE MOUSE

5.1. Buttons and Functions

The EvoFox Deathray V2 Mouse features 6 buttons for versatile control:

- Left Click
- Right Click
- Scroll Wheel (Clickable)
- DPI Adjustment Button
- Forward Button
- Backward Button

5.2. DPI Adjustment

The mouse offers adjustable DPI (Dots Per Inch) settings to change cursor sensitivity. Press the DPI button located behind the scroll wheel to cycle through the available DPI levels:

- 1200 DPI
- 1800 DPI
- 2400 DPI
- 3600 DPI

Each DPI level may be indicated by a specific LED light pattern or color change on the mouse.

6. LIGHTING CUSTOMIZATION

6.1. Keyboard RGB Backlighting

The EvoFox Deathray V2 Keyboard features 6-zone RGB backlighting with multiple lighting modes. Use the dedicated lighting control keys (often marked with a light bulb icon or specific function key combinations) to cycle through different effects and adjust brightness.

- **8 Lighting Modes:** Cycle through various preset lighting effects.
- **Custom Lighting:** Some modes may allow for custom color assignments or patterns.

6.2. Mouse LED Lighting

The EvoFox Deathray V2 Mouse features 7-color LED lighting, often with a breathing effect, which changes automatically. There are typically no user-adjustable settings for the mouse lighting beyond its default cycling pattern.

DIFFERENT SPEEDS WITH A SINGLE MOUSE

1200 DPI

Red Light blinks one time.

1800 DPI

Red Light blinks two times.

2400 DPI

Red Light blinks three times.

3600 DPI

Red Light blinks four time.

7. MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your EvoFox Deathray V2 combo.

- **Cleaning:** Use a soft, dry cloth to wipe down the keyboard and mouse. For stubborn dirt, a slightly damp cloth can be used, ensuring no liquid enters the devices. Avoid harsh chemicals or abrasive materials.
- **Dust Removal:** Use compressed air to remove dust and debris from between the keyboard keys and around the mouse sensor.
- **Cable Care:** Avoid sharp bends or excessive pulling on the braided cables to prevent damage.
- **Storage:** When not in use for extended periods, store the devices in a clean, dry environment away from direct sunlight and extreme temperatures.

DURABLE DESIGN

WITH A 1.8M BRAIDED CABLE
