2. SAFETY INFORMATION

Important Safety Warnings:

- **Weight Limit:** Do not exceed the maximum weight capacity of 600 pounds (approximately 272 kg) for the entire unit. Distribute weight evenly across shelves and drawers.
- **Anti-Tip Safety:** Always install the provided anti-tip safety features to prevent accidental tipping, especially in households with children or pets. Secure the unit to a wall using the included hardware.
- **Stability:** Ensure the unit is placed on a flat, stable, and level surface. Adjust non-slip feet if necessary to prevent wobbling.
- **Assembly:** Follow all assembly instructions carefully. Do not skip steps or use unauthorized parts. Two people are recommended for assembly.
- **Children:** Keep children away from the assembly area. Do not allow children to climb on or play with the

unit.

- **Maintenance:** Regularly check all fasteners and connections to ensure they remain tight.

4. ASSEMBLY INSTRUCTIONS

The IRONCK Freestanding Closet System is designed for straightforward assembly. Please follow these steps carefully. It is recommended to have two people for assembly.

1. **Prepare the Area:** Clear a spacious, clean, and level area for assembly. Lay out all components and hardware, matching them with the parts list in the separate assembly guide.
2. **Assemble the Main Frame:** Begin by connecting the side panels to the base and top panel using the provided hardware. Ensure all connections are secure.
3. **Install Drawer Slides:** Attach the drawer slides to the interior side panels of the main frame according to the instructions.
4. **Assemble Drawers:** Construct the three wood drawers. Attach the drawer fronts, sides, and backs, then insert the drawer bottoms. Secure the handles to the drawer fronts.
5. **Insert Drawers:** Carefully slide the assembled drawers onto the installed drawer slides.
6. **Install Adjustable Shelves:** Place the adjustable shelves into the desired positions. The shelves can be adjusted to four different heights to accommodate various items.
7. **Attach Hanging Rod:** Secure the hanging rod within the designated upper compartment.
8. **Install Anti-Tip Kit:** For safety, attach the anti-tip hardware to the top rear of the unit and secure it to a wall stud using appropriate wall anchors (not always included, check your specific kit).
9. **Final Check:** Verify that all screws and fasteners are tight and the unit is stable.

5. OPERATION AND USAGE

The IRONCK Freestanding Closet System offers versatile storage options to help organize your belongings.

5.1. Adjustable Shelves

The unit features adjustable shelves that can be positioned at four different heights. To adjust a shelf:

1. Remove any items from the shelf.
2. Carefully lift the shelf and reposition the shelf pins into the desired holes on the side panels.
3. Ensure the shelf is level and securely seated on all four pins before placing items back.

This allows you to customize the space for taller items like coats or shorter items like folded clothes.

5.2. Drawers

The three large wooden drawers provide enclosed storage for various items. They are equipped with smooth slides for easy opening and closing.

- Avoid overloading drawers to ensure smooth operation and prevent damage to the slides.
- Distribute weight evenly within each drawer.

5.3. Hanging Rod

The integrated hanging rod is suitable for garments such as shirts, blouses, and shorter dresses. For longer items, adjust the shelves below to create more vertical space.

6. MAINTENANCE

Regular maintenance will help prolong the life and appearance of your closet system.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, which can damage the finish.
- **Dusting:** Dust regularly with a dry, soft cloth.
- **Hardware Check:** Periodically check all screws, bolts, and fasteners to ensure they are tight. Re-tighten if necessary.
- **Drawer Slides:** If drawers become stiff, a small amount of silicone-based lubricant can be applied to the slides.
- **Avoid Moisture:** Protect the unit from excessive moisture and direct sunlight to prevent warping or discoloration.

7. TROUBLESHOOTING

If you encounter any issues with your IRONCK Freestanding Closet System, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Unit is wobbly or unstable.	Uneven floor; loose fasteners; anti-tip kit not installed.	Ensure unit is on a level surface. Adjust non-slip feet. Tighten all assembly fasteners. Install the anti-tip safety kit securely to a wall stud.
Drawers do not slide smoothly.	Overloaded drawer; misaligned drawer slides; debris in slides.	Reduce weight in the drawer. Check that drawer slides are correctly installed and aligned. Clean any debris from the slides. Apply silicone lubricant if needed.
Missing parts during assembly.	Packaging error.	Double-check all packaging materials. If parts are genuinely missing, contact IRONCK customer support with your model number and a list of missing parts.
Damage to components.	Shipping damage; assembly error.	If damaged upon arrival, contact the retailer or IRONCK customer support immediately. If damaged during assembly, review instructions and proceed carefully.
