# iATOM Black Roses Flower Building Set Instruction Manual

Model: IA11009 | Brand: iATOM

## INTRODUCTION

This manual provides comprehensive instructions for assembling and caring for your iATOM Black Roses Flower Building Set. This set allows you to construct three distinct black roses, each representing a different stage of bloom: bud, half-bloom, and full bloom. Designed for an engaging building experience, these artificial flowers offer a lasting decorative element without the need for maintenance.

## ASSEMBLY INSTRUCTIONS

The iATOM Black Roses set is designed for an easy and relaxing build. Each of the three roses comes with its own dedicated instruction guide, allowing you to construct them in different stages of bloom: bud, half-open, and full bloom. The pieces are made from high-quality, durable ABS plastic with a frosted matte finish to prevent fingerprints.

### General Assembly Tips:

- Sort pieces by type and color before starting.
- Refer to the individual instruction booklets for step-by-step guidance for each rose.
- Ensure pieces are securely connected for a stable structure.

### Visual Assembly Guide:

#### Step 1: Unboxing and Preparation

Video: Demonstrates unboxing the iATOM Black Roses set, opening the component bags, and preparing the workspace for assembly. This video provides a visual overview of the initial steps.

Begin by carefully opening the product box and individual bags containing the building blocks. Organize the pieces according to the instruction guides provided for each rose stage (bud, half-open, full bloom).

## Step 2: Constructing the Rose Head and Stem

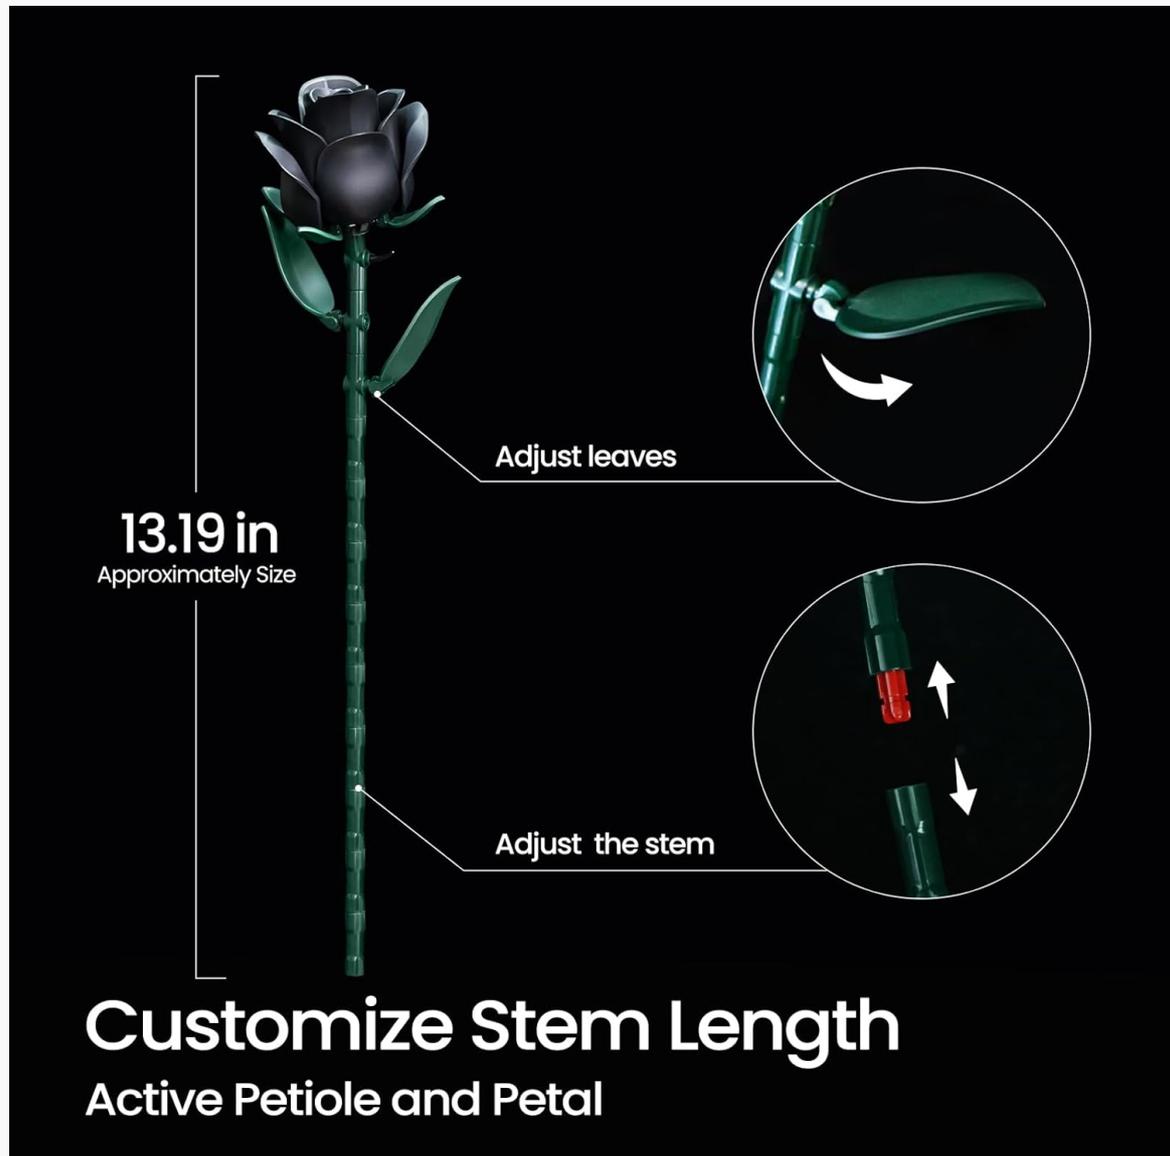

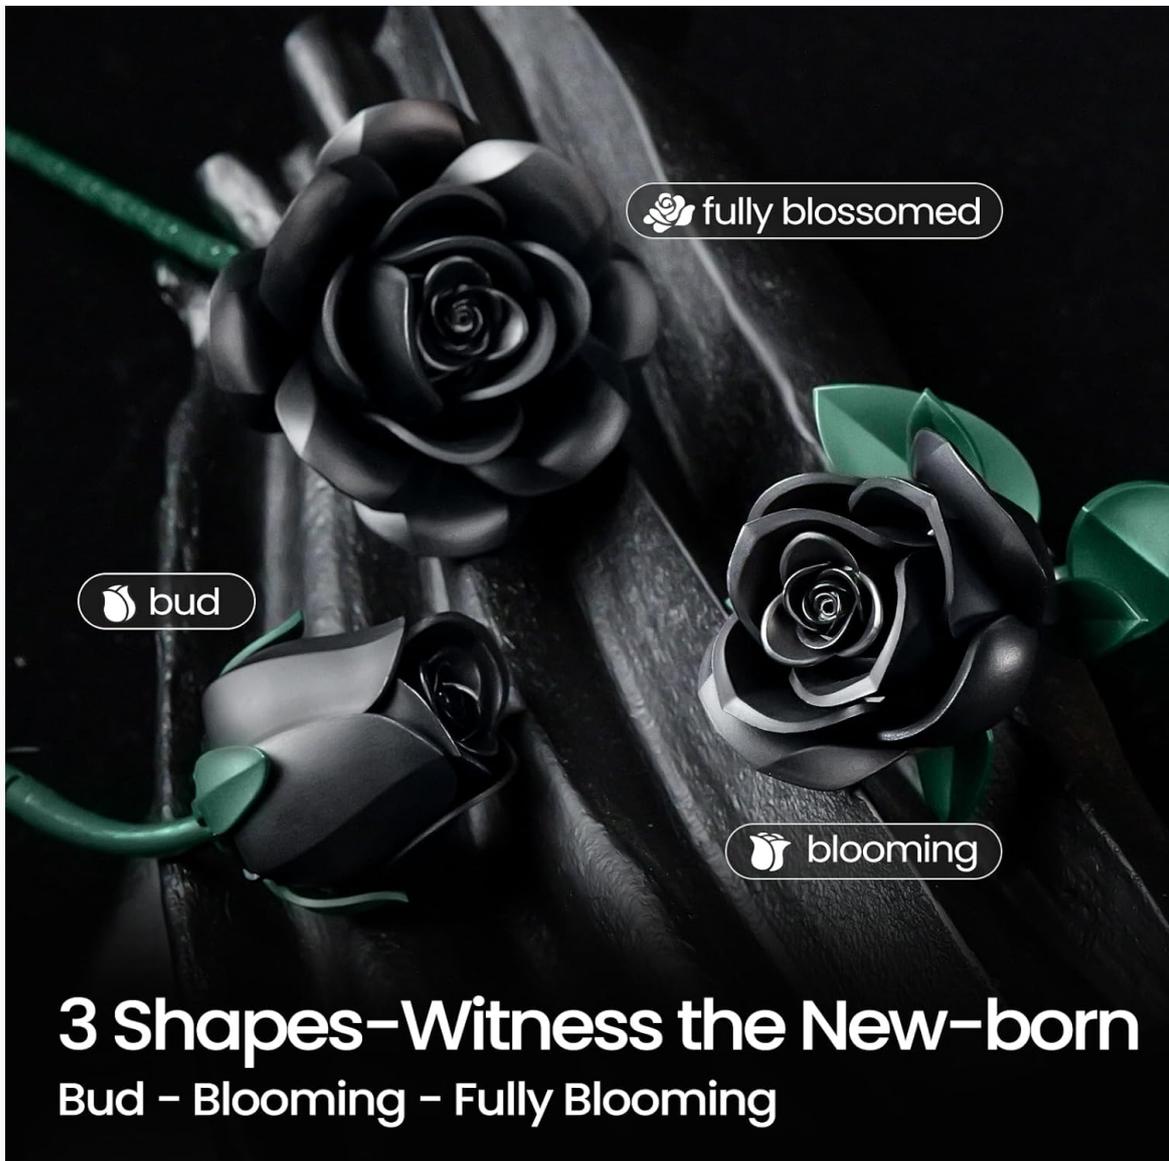

Image: A detailed diagram illustrating the assembly of the rose stem, including how to connect segments and attach the adjustable leaves.

Follow the specific instructions for attaching the petals to form the rose head. Once the head is complete, assemble the stem segments. The stem length is customizable by adding or removing segments. Attach the green leaves to the stem, noting that they are adjustable to achieve your desired look.

## Step 3: Completing the Three Stages of Bloom

## 3 Shapes—Witness the New-born Bud – Blooming – Fully Blooming

Each rose is designed to represent a stage of bloom. The set includes pieces to create a rosebud, a half-open rose, and a fully bloomed rose. Ensure all petals and stem components are firmly connected for a complete and stable flower.

### OPERATING AND DISPLAY

Once assembled, your iATOM Black Roses are ready for display. Their adjustable stems and leaves allow for versatile arrangements. These artificial flowers are a stylish and timeless decorative piece, suitable for various home or office aesthetics.

### **MAINTENANCE**

The iATOM Black Roses are designed to be maintenance-free. They do not require watering or special care. To keep them looking their best:

- Gently dust the roses periodically with a soft cloth or brush to remove any accumulated dust.
- Avoid prolonged exposure to direct sunlight to prevent potential fading over many years.

### **TROUBLESHOOTING**

#### **Missing or Damaged Parts:**

If you find any missing or damaged parts upon opening your set, please refer to the "Warranty and Support" section for contact information. We offer free replacements for any issues, including missing parts.

#### **Difficulty Assembling:**

If you encounter difficulties during assembly, double-check the instruction guides for the specific rose stage you are building. Ensure all pieces are oriented correctly and firmly pressed into place. The assembly video can also provide additional visual guidance.
