1. Safety Information

Please read and understand all safety information before assembly and use of the futon sofa bed.

- Keep away from open flames or high heat sources.
- Supervise children and pets to avoid entrapment risks.

2. Setup and Assembly

The Pipishell Futon Sofa Bed is designed for easy assembly. All necessary tools and clear instructions are included to facilitate setup within approximately 30 minutes.

2.1 Unpacking and Initial Preparation

- Carefully remove all components from the packaging.
- Lay the futon base upside down on a soft, clean surface to prevent scratches.
- Locate the hardware and tools provided.

2.2 Attaching the Legs

Attach the wooden legs to the designated points on the futon base using the provided hardware. Ensure all screws are tightened securely.

3. Operating Instructions

The Pipishell Futon Sofa Bed offers versatile functionality, easily converting between sofa and bed modes with adjustable backrest and armrests.

3.1 Adjusting the Backrest

The backrest features 3 adjustable angles: 105° (upright for sitting), 160° (reclined for lounging), and 180° (flat for sleeping). To adjust, gently push the backrest forward until it clicks into the desired position, then release.

4. Maintenance

Proper care will ensure the longevity and appearance of your Pipishell Futon Sofa Bed.

4.1 Fabric Care

The futon is crafted with soft and durable corduroy fabric. For general cleaning, use a lint roller or a soft brush to remove dust and debris. Spot clean any spills immediately with a damp cloth and mild detergent. The seat cushion covers are not removable.

4.2 Frame and Legs

The sturdy wood frame and support legs should be checked periodically for tightness. Tighten any loose connections as needed. Wipe wooden parts with a dry cloth.

5. Troubleshooting

If you encounter any issues with your futon sofa bed, please refer to the following common solutions:

- **Cushions not fully expanded:** Allow up to 72 hours for vacuum-packed cushions to fully expand. Gently fluffing them can help accelerate the process.
- **Difficulty adjusting backrest/armrests:** Ensure the mechanism is fully engaged by pushing the component forward until it clicks into place before releasing. Avoid forcing the mechanism.
- **Wobbling:** Check all leg and frame connections to ensure they are securely tightened.
