LOVKIT BD2211

LOVKIT 2-Tier Pull Out Cabinet Organizer (Model BD2211) User Manual

Brand: LOVKIT | Model: BD2211

1. Introduction

Thank you for choosing the LOVKIT 2-Tier Pull Out Cabinet Organizer. This manual provides essential information for the safe and efficient installation, operation, and maintenance of your new cabinet organizer. Please read these instructions thoroughly before installation and retain them for future reference.

2. Product Overview

The LOVKIT 2-Tier Pull Out Cabinet Organizer is designed to maximize storage space and improve accessibility within your kitchen, bathroom, or pantry cabinets. Featuring two individual sliding baskets and full-extension soft-close drawer slides, it offers a convenient and stable storage solution.

Key Features:

- **Two-Tier Design:** Provides ample storage with two independent sliding baskets.
- **Full-Extension Soft-Close Slides:** Allows baskets to slide out completely for easy access and closes smoothly and quietly in the final inches.
- **Heavy-Duty Construction:** Made from durable carbon steel with a powder-coated finish, rated for up to 45.36 kg (100 lbs) per layer.
- **Adjustable Height:** Baskets can be adjusted to different heights to accommodate various item sizes.
- **Easy Installation:** Engineered for straightforward setup in most standard base cabinets.

3. Package Contents

Please verify that all components are present before beginning installation. If any parts are missing or damaged, contact customer support.

- 2 x Wire Baskets
- 1 x Frame Assembly with Full-Extension Soft-Close Slides
- Mounting Hardware (screws, washers)
- Instruction Manual (this document)

4. Important Safety Information

- Always ensure the cabinet organizer is securely mounted to prevent tipping or injury.
- Do not exceed the maximum weight capacity of 45.36 kg (100 lbs) per basket.
- Keep small parts and packaging materials away from children.
- Use appropriate tools for installation and wear safety glasses if necessary.
- Ensure the cabinet opening meets the minimum width requirement of 11.5 inches (29.2 cm).

5. Setup and Installation

Before installation, measure your cabinet to ensure proper fit. The organizer requires a cabinet opening of at least 11.5 inches (29.2 cm) wide and a depth of 22 inches (55.9 cm) or more.

Image 5.1: Guide for measuring your cabinet to ensure compatibility.

Installation Steps:

1. **Step 1: Install Side Rails on U-Shape Bracket.** Attach the side rails to the U-shaped bracket using the provided screws.
2. **Step 2: Install L-Shape Rear Bracket.** Install the L-shaped rear bracket at the end of the slides. No additional screws are typically required for this step as it often clips into place.
3. **Step 3: Mount Frame in Cabinet.** Place the assembled frame into your cabinet. Secure the U-shaped bracket and the L-shaped bracket to the cabinet base using the provided screws. Ensure the frame is aligned and level.
4. **Step 4: Press Baskets into Side Clips.** Gently press the wire baskets into the side clips on the slides until they securely click into place.

Image 5.2: Visual guide for the four-step installation process.

For deeper cabinets (e.g., 24-inch deep cabinetry), use the attached extender to secure the product to the back of the cabinet for added stability.

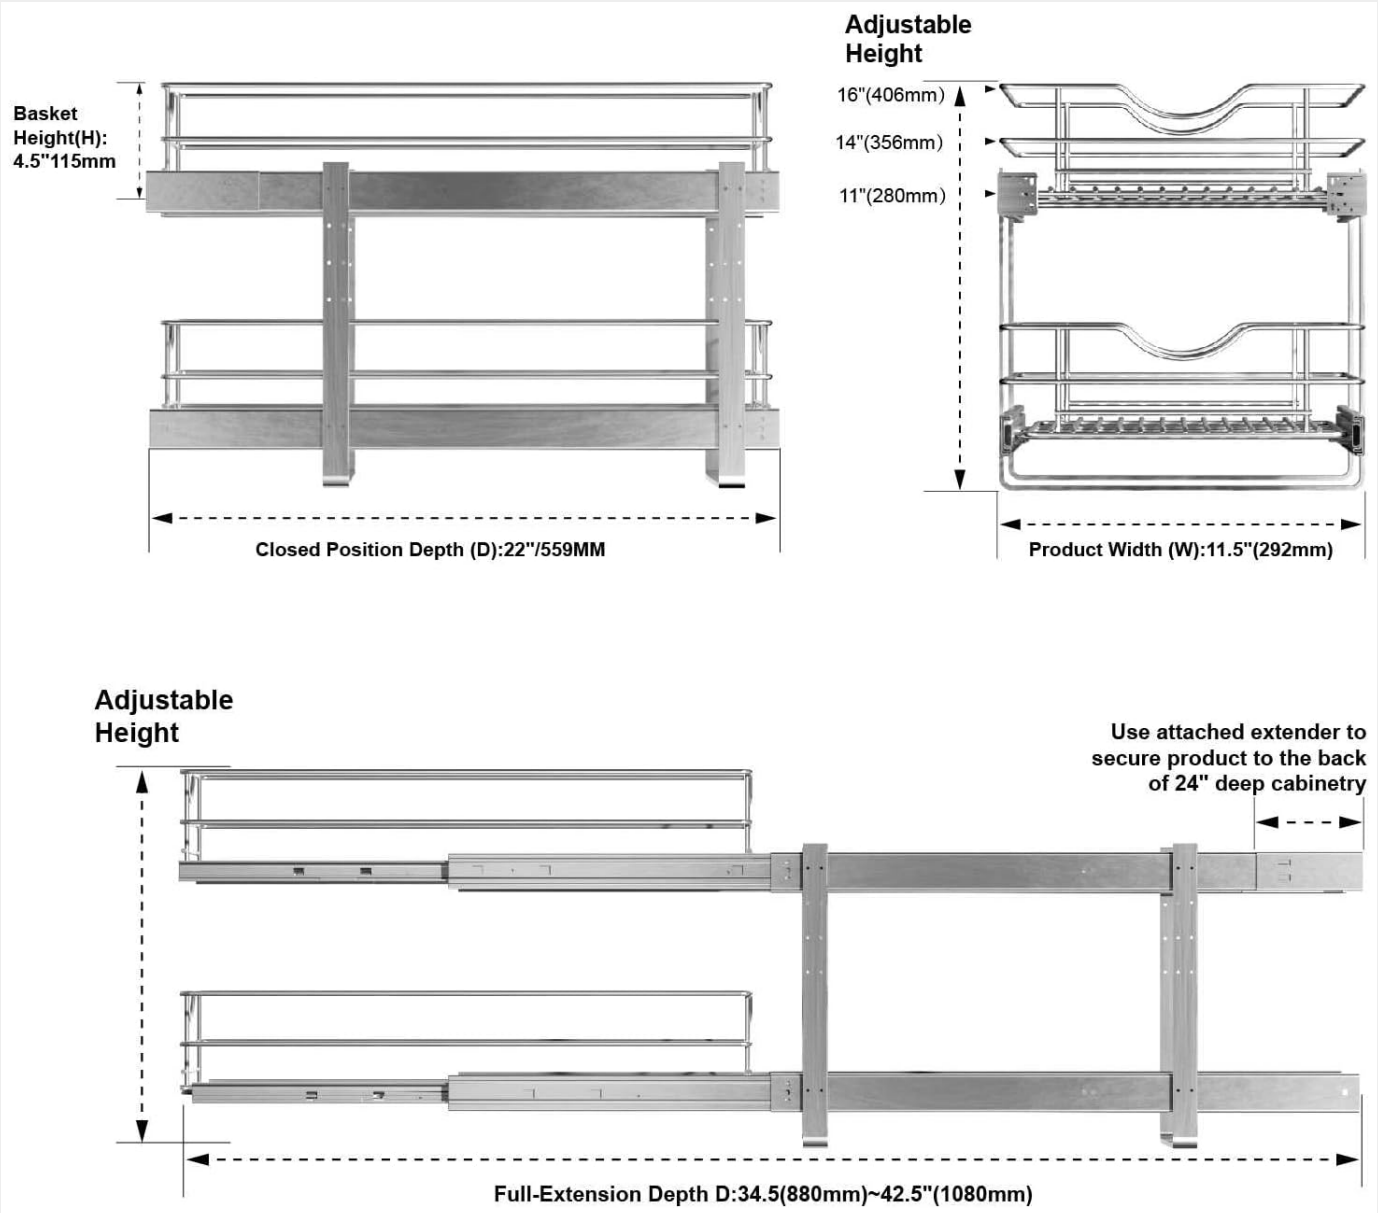

Image 5.3: Detailed dimensions and extender usage for deeper cabinets.

6. Operation

The LOVKIT cabinet organizer is designed for simple and smooth operation.

- **Pulling Out Baskets:** Gently pull the front of either basket to slide it out. The full-extension ball bearing slides allow the basket to extend completely, providing full access to items stored at the back.
- **Soft-Close Function:** When pushing the basket back into the cabinet, the soft-close mechanism will engage in the final inches, ensuring a quiet and smooth return without slamming.
- **Adjusting Basket Height:** The baskets can be adjusted to different heights on the frame. To adjust, empty the basket, release it from its current clips, and re-attach it to the desired height clips on the frame.

7. Maintenance

To ensure the longevity and smooth operation of your LOVKIT cabinet organizer, follow these simple maintenance guidelines:

- **Cleaning:** Wipe down the carbon steel baskets and frame with a soft, damp cloth and mild detergent. Avoid abrasive cleaners or harsh chemicals that could damage the powder-coated finish. Dry thoroughly after cleaning.
- **Lubrication:** The ball bearing slides are designed for long-term smooth operation. If you notice any stiffness, a small amount of silicone-based lubricant can be applied to the slide mechanisms. Avoid oil-based lubricants as they can attract dust and debris.
- **Inspection:** Periodically check all mounting screws to ensure they remain tight. Re-tighten if necessary. Inspect the baskets and frame for any signs of wear or damage.

8. Troubleshooting

Problem	Possible Cause	Solution

Problem	Possible Cause	Solution
Organizer does not slide smoothly.	• Debris in slides. • Slides require lubrication. • Overloaded basket.	• Clean slides with a damp cloth. • Apply silicone-based lubricant to slides. • Reduce weight in the basket, ensuring it does not exceed 45.36 kg (100 lbs).
Soft-close mechanism not engaging.	• Slides are dirty or obstructed. • Basket is not fully aligned.	• Clean slides thoroughly. • Ensure baskets are correctly seated in the clips and the frame is level.
Organizer feels wobbly or unstable.	• Mounting screws are loose. • Improper installation.	• Re-tighten all mounting screws. • Review installation steps (Section 5) to ensure correct assembly and mounting.

9. Specifications

Feature	Detail
Model Number	BD2211
Brand	LOVKIT
Material	Carbon Steel
Finish Type	Powder Coated
Color	Grey
