To configure APN settings:

1. Go to **Settings > Network & internet > Mobile network**.
2. Scroll down and tap **Access Point Names**.
3. Tap the **+** icon to add a new APN or select an existing one to edit.
4. Enter the APN details provided by your mobile carrier (Name, APN, Proxy, Port, Username, Password, etc.).
5. Tap the three dots menu in the top right corner and select **Save**.
6. Select the newly created or edited APN.

### 4. Storage Management

Your tablet has 64GB of internal storage, expandable up to 1TB using a TF card. To manage storage:

- Go to **Settings > Storage** to view storage usage and free up space.
- Move files to the TF card to expand available storage for apps, photos, and videos.

# 6GB+64GB Storage space

The tablet supports 1TB TF card expansion. It can easily store various files like songs, pictures, videos and more.

## MAINTENANCE

---

### 1. Cleaning Your Tablet

Use a soft, lint-free cloth to clean the screen and body of the tablet. Avoid using harsh chemicals or abrasive materials that could damage the surface.

### 2. Battery Care

The 5000mAh battery provides up to 6 hours of continuous use. To prolong battery life:

- Avoid extreme temperatures.
- Do not let the battery drain completely before recharging regularly.
- Unplug the charger once the battery is full.
