HOGOKIDS SC8802-SC8803

HOGOKIDS Flowers Bouquet Building Set with Lights Instruction Manual

Model: SC8802-SC8803 | Brand: HOGOKIDS

1. INTRODUCTION

This manual provides detailed instructions for assembling and caring for your HOGOKIDS Flowers Bouquet Building Set with Lights. This set allows you to construct a beautiful bouquet of 16 artificial roses and baby's breath sprigs, enhanced with soft LED lighting. The finished bouquet serves as a lasting decorative item, bringing botanical elegance to any space.

2. SAFETY INFORMATION

WARNING: CHOKING HAZARD - Small Parts.

This product contains small parts and is not suitable for children under 3 years of age. Adult supervision is recommended during assembly, especially for younger users. Keep all components, particularly small pieces and the LED light string, out of reach of infants and young children to prevent accidental ingestion.

3. PACKAGE CONTENTS

Please verify that all components are present before beginning assembly. The package should contain:

- Building blocks for 16 artificial roses (9 crimson, 4 yellow, 3 baby's breath sprigs).
- LED light strips.
- Instruction Manual.

- *Note: A vase is not included with this set.*

4. SETUP AND ASSEMBLY

Follow these steps to assemble your HOGOKIDS Flowers Bouquet:

1. **Unpack Components:** Carefully open the packaging and lay out all the building blocks. It is recommended to sort pieces by color and type to facilitate assembly.
2. **Assemble Individual Roses:**
Each rose (red and yellow) is constructed from multiple petal layers and a stem. Refer to the detailed diagrams in the included instruction manual for specific piece placement.

Ensure all pieces click together firmly. If pieces feel loose, double-check the alignment and apply gentle, even pressure. The set includes 9 crimson roses and 4 yellow roses of varying sizes.

3. **Assemble Baby's Breath Sprigs:** Construct the smaller white baby's breath sprigs according to the manual. There are 3 of these included.
4. **Arrange the Bouquet:** Once all individual flowers are assembled, gather them to form a bouquet. You can adjust the height and arrangement of each stem to achieve your desired aesthetic.
5. **Integrate LED Lights:** Carefully weave the LED light strips among the assembled flowers. Position the lights to highlight the petals and create a soft glow. The light string is designed to be flexible for easy integration.

5. OPERATING THE LED LIGHTS

The LED light strips are battery-operated. To activate the lights:

1. Locate the battery pack connected to the LED light string.
2. Insert the required batteries (typically button cell batteries, check packaging for specifics) into the battery compartment, ensuring correct polarity.
3. Turn on the lights using the switch on the battery pack.

The soft glow of the LED lights will enhance the aesthetic appeal of your bouquet, especially in low-light conditions.

6. MAINTENANCE

- **Cleaning:** To clean the building blocks, gently wipe them with a soft, dry cloth. For stubborn dust, a slightly damp cloth can be used, followed by immediate drying. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** If disassembling for storage, keep all pieces in a secure container to prevent loss.
- **Battery Replacement:** Replace LED light batteries as needed. Dispose of old batteries responsibly.
