Step-by-Step Instructions:

1. **Prepare Components:** Unpack all boxes and identify each part according to the included parts list. Group similar hardware together.
2. **Assemble Base Frame:** Begin by connecting the main side panels and bottom support panels using the provided cam locks and screws. Ensure all connections are tight and stable.
3. **Install Drawer Slides:** Attach the drawer slides to the designated areas on the desk frame using the appropriate screws. Pay attention to the left and right designations (CL, CR, DL, DR).
4. **Construct Drawers:** Assemble the drawer side panels and bottom panels. Once the drawer box is formed, install the drawer handles.
5. **Attach Top Section:** Secure the top section of the vanity, which includes the mirror and shelving units, to the assembled base. Use cam locks and screws to ensure a firm connection.
6. **Install Shelving:** Place the small shelves into their designated slots on either side of the mirror.
7. **Mount Power Outlet:** Install the built-in power outlet unit onto the back panel of the vanity. Ensure it is securely fastened and the power cord is accessible.
8. **Attach Hair Dryer Holder:** Secure the hair dryer holder to the side of the vanity using the provided hardware.
9. **Install Light Strip:** Carefully attach the RGB LED light strip to the designated area on the vanity, typically along the top or bottom of the mirror frame. Connect the light strip to its power source.
10. **Connect Mirror Lights:** Install the string lights around the mirror. Connect the cables according to the wiring diagram provided in the packaging. Ensure all connections are secure.
11. **Insert Drawers:** Carefully slide the assembled drawers onto their respective slides.
