Veeniix V995

Veeniix V995 Mini Drone User Manual

1. Introduction

This manual provides essential instructions for the safe operation and maintenance of your Veeniix V995 Mini Drone. Please read this manual thoroughly before operating the drone to ensure proper function and safety.

The Veeniix V995 Mini Drone is designed for kids and beginners, offering exciting flight modes and user-friendly controls for both indoor and outdoor use.

2. Package Contents

Verify that all items listed below are included in your package:

- 1 x V995 Mini Drone
- 1 x Remote Controller
- 3 x Rechargeable Batteries
- 4 x Spare Propellers
- 2 x USB Charger
- 1 x User Manual

3. Product Features

- **Exciting Flight Modes:** Enjoy aerial stunts including toss-launch activation, 360° flips, automatic rotations, and circular flights.
- **Speed Customization:** Adjustable speed settings allow both kids and adults to master controls effortlessly.
- **Smart Hover Technology:** Built-in altitude lock maintains steady hovering at your desired height.
- **One-Touch Operation:** Simplified one-touch takeoff/landing for beginner-friendly operation.
- **Extended Playtime:** Includes three batteries for over 21 minutes of continuous flight. Low-power alerts prevent sudden shutdowns.
- **Headless Mode:** Fly the drone without worrying about its orientation, especially when it's out of sight.
- **Safety First Design:** Battery warning system prevents fly-away accidents. Protective propeller cage ensures child-safe operation.

4. Safety Information

For external use only. Always ensure proper battery polarity when inserting batteries. When using multiple

drones simultaneously, power on and pair each drone and remote control separately to avoid frequency confusion.

5. Components Overview

5.1 Drone

Figure 2: Veeniix V995 Mini Drone.

5.2 Remote Control

Figure 3: Veeniix V995 Mini Drone Remote Control.

6. Setup

6.1 Battery Installation

Insert the rechargeable battery into the drone's battery compartment. Ensure the battery is securely connected.

Figure 4: Rechargeable batteries.

6.2 Charging

Connect the USB charger to the battery. The indicator light on the charger will show the charging status. Charge fully before first use.

6.3 Propeller Installation/Replacement

If propellers need replacement, use the provided screwdriver to remove the old propellers and install new ones. Ensure correct orientation (A or B) as indicated on each propeller.

7. Operating Instructions

7.1 Pairing the Drone and Remote

Turn on the drone and the remote control. The indicator lights on both devices will blink. Move the left joystick up and then down to pair the devices. A solid light indicates successful pairing.

7.3 Flight Modes and Stunts

- **3D Flips:** Press the designated button for exciting 3D aerial flips.
- **360° Rotation & Circle Fly:** Engage these modes for automatic rotations and circular flight patterns.
- **Auto Hover:** The drone will maintain a stable altitude automatically.
- **Headless Mode:** Activate Headless Mode to control the drone's direction relative to the pilot, regardless of the drone's front orientation.

Figure 7: Drone performing 360° rotation.

Figure 8: Drone in Headless Mode.

7.4 Speed Control

Adjust the drone's speed using the speed customization button on the remote control. Choose from multiple speed settings to match your skill level.

Figure 9: Three speed settings.

8. Maintenance

Regularly inspect propellers for damage. Clean the drone gently with a dry cloth. Store the drone and accessories in a cool, dry place when not in use.

9. Troubleshooting

- **Drone not responding:** Ensure batteries are fully charged and correctly installed in both the drone and remote. Re-pair the devices.
- **Unstable flight:** Perform calibration as per the user manual. Check propellers for damage or obstructions.
- **Multiple drones interference:** Power on and pair each drone and remote control separately to avoid frequency confusion.

10. Specifications

Specification	Detail

Brand	Veeniix
Model Name	V995
Item Weight	22.3 Grams (0.787 ounces)
Product Dimensions	3.35 x 3.15 x 1.38 inches
Battery Capacity	180 Milliamp Hours
Batteries Required	3 Lithium Ion batteries (included)
Control Type	Remote Control
Skill Level	All
Material	Plastic
