SAFETY INFORMATION

WARNING:

- Do not exceed the maximum weight recommendation of 100 pounds. Overloading the desk can cause damage to the motor and frame, and may lead to injury.
- Ensure the desk is properly anchored to the wall if specified in assembly instructions to prevent tipping, especially when adjusted to higher positions or in households with children or pets.
- Avoid sudden movements or leaning heavily on the desk during height adjustment to prevent damage to the electric motor and ensure stable operation.
- Keep hands and objects clear of the lifting columns during operation to prevent pinching or damage.
- Only use the desk on a flat, stable surface.
- Unplug the desk from the power outlet before cleaning or performing any maintenance.

PRODUCT FEATURES

- **Rock-Solid Stability:** Constructed on a robust solid steel frame and powered by a highly efficient energy-saving motor, the Marsail standing desk operates with minimal noise, keeping it under 50 dB. The desk can elevate smoothly at a rate of 1 inch per second while maintaining its maximum load, ensuring unwavering stability throughout its operation.
- **Smooth Height Adjustment:** Engineered to accommodate a wide range of users, the Marsail standing desk features advanced 2-stage lifting columns. These columns allow height adjustments from 28.3 inches to 46.5 inches, enabling users to easily find and switch to their perfect sit-to-stand positions with minimal effort.
- **3 Memory Height Presets:** With user convenience in mind, the Marsail electric standing desk is equipped with intuitive controls that allow you to save up to 4 custom height settings. This feature facilitates seamless transitions between your preferred desk heights, making adjustments swift and effortless.
- **Suitable for All Scenarios:** Whether you are working from home, engaging in creative projects, or indulging in your favorite recreational activities, the Marsail standing desk, with its spacious 55x28 inch tabletop, is designed to create an ideal environment tailored to your needs. The generous surface area provides ample space for your computer, documents, and other essentials, ensuring that you have everything you need at your fingertips.
- **Simplified Assembly:** The Marsail sit-stand desk is designed with a user-friendly assembly process that requires fewer steps and less physical effort. This streamlined setup process ensures that you can quickly and easily assemble your desk, getting you up and running in no time.

Desk Dimensions

SETUP AND ASSEMBLY

The Marsail Standing Office Desk is designed for simplified assembly. Follow the included installation instruction manual for detailed step-by-step guidance. All necessary installation tools, including an Allen Wrench, are provided.

Key Assembly Steps:

1. Unpack all components and verify against the parts list in the separate assembly manual.
2. Attach the lifting columns to the desktop.
3. Secure the desk feet to the lifting columns.
4. Connect the motor and control panel cables.
5. Install any accessories such as the headphone hook and cable organizer.
6. Place the desk in its desired location, ensuring it is on a level surface.

Note: Average assembly time, based on 10 non-professionals, is approximately 41 minutes and 26 seconds.

OPERATING INSTRUCTIONS

Height Adjustment:

The Marsail Standing Office Desk features an electric lifting mechanism for smooth height adjustments. Use the control panel located on the front edge of the desk to operate.

Convenient Controller

Set and adjust 3 custom height with ease

Up/Down

Height Settings

Image: Close-up of the Marsail Standing Office Desk control panel, showing the digital display, up/down arrows, and memory preset buttons (1, 2, 3, 4).

- **Adjusting Height Manually:** Press and hold the **Up (▲)** or **Down (▼)** arrow buttons to raise or lower the desk to your desired height. Release the button to stop.
- **Using Memory Presets:** The desk allows you to save up to 4 custom height settings.
 - To save a height: Adjust the desk to the desired height. Then press one of the numbered preset buttons **1, 2, 3, or 4**) until the display confirms the setting is saved.

- To recall a saved height: Simply press the corresponding numbered preset button **1, 2, 3, or 4**. The desk will automatically move to the saved position.

Smooth Motion

Quiet Motor Less Than 50 dB

Image: Three views of the Marsail Standing Office Desk demonstrating different height settings, illustrating the versatility for sitting, standing, or various ergonomic positions.

Anti-Collision System:

The desk is equipped with a smart anti-collision system. If the desk encounters an obstacle during height adjustment, it will automatically stop and reverse slightly to prevent damage.

Image: Diagram illustrating the smart anti-collision system, showing the desk stopping and reversing when an obstacle is detected during movement.

MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your Marsail Standing Office Desk.

- **Cleaning:** Wipe the desk surface and frame with a dry cloth. Avoid using abrasive cleaners or harsh chemicals that may damage the finish.
- **Motor Care:** The motor is designed for durability. Avoid overloading the desk beyond its maximum weight capacity (100 pounds) to prevent strain on the motor.
- **Cable Management:** Utilize the included cable clips and grommets to keep cables organized and prevent them from interfering with the desk's movement.
- **Periodic Checks:** Periodically check all screws and bolts to ensure they are tight. Retighten if necessary.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Desk does not move.	Power cable disconnected; motor error; overload.	Check power connection. Unplug and replug the desk. Reduce weight on the desk. Refer to the main manual for specific error codes if displayed.
Desk moves unevenly or makes unusual noise.	Uneven weight distribution; loose components; obstruction.	Distribute weight evenly. Check all screws and bolts for tightness. Ensure no objects are obstructing the lifting columns.
Memory presets not working.	Presets not saved correctly.	Re-save the desired height settings following the operating instructions.
Anti-collision system frequently triggers.	Obstruction in path; sensitivity setting.	Ensure clear path for desk movement. Consult the full manual for potential sensitivity adjustments (if available).

If the problem persists, please contact Marsail customer support.
