

Dexnor Samsung Galaxy A56

Dexnor Samsung Galaxy A56 5G Case Instruction Manual

Model: Samsung Galaxy A56

Brand: Dexnor

1. INTRODUCTION

This manual provides detailed instructions for the installation, use, and maintenance of your Dexnor Heavy Duty Protection Shockproof Phone Case for Samsung Galaxy A56 5G. This case is designed to offer robust protection for your device, featuring a magnetic slide camera cover, a built-in kickstand, and options for screen protection.

Please read this manual thoroughly to ensure proper installation and to maximize the protective features of your new phone case.

2. WHAT'S IN THE BOX

- 1 x Dexnor A56 5G Case with Camera Cover and Kickstand
- 1 x Front Frame (with Built-in Screen Protector)
- 1 x Front Frame (without Built-in Screen Protector)

3. PRODUCT FEATURES

3.1 Heavy Duty Shockproof Protection

The Dexnor Galaxy A56 5G Case features a dual-layer design with a PC back cover and a shockproof TPU bumper frame. This construction is engineered to safeguard your phone against drops, impacts, and falls. Raised thickened rubber in all four corners effectively absorbs shock.

MILITARY DROP PROTECTION

Ensures your phone stays safe when accidentally dropped or bumped.

3.2 Magnetic Slide Camera Cover

This case includes an upgraded magnetic repulsion technology slide camera lens cover. It utilizes a double-recessed rail for smooth sliding, preventing snagging. Fixed locks on both sides ensure the cover stays in place, protecting your camera lens from scratches, bumps, and shocks, while also safeguarding your privacy. The 2mm raised camera slider provides additional protection.

UPGRADED CAMERA COVER

3.3 Built-in Folding Kickstand

The integrated foldable kickstand allows for hands-free viewing in both portrait and landscape modes. You can adjust the angle as needed for optimal viewing. The kickstand is designed to be discreet when not in use. It also functions as a secure one-handed grip for outdoor activities.

STURDY KICKSTAND

Holds your phone super steady in both landscape and portrait mode.

3.4 Two Front Frames for Screen Protection

The package includes two front frames to cater to your preferences: one with a built-in PET screen protector and another without. This allows you to choose between using the integrated screen protector for double-layered defense or installing your own screen protector with the frame that has no built-in protector. Raised edges further enhance defense against scratches and spills.

EVERY ANGLE PROTECTED

3.5 Accurate Cutouts & Easy Access

Designed specifically for the Samsung Galaxy A56 5G, the case ensures a perfect fit and allows easy access to all ports, buttons, and camera functions without obstruction.

2 FRONT FRAMES FOR SELECTION

One without a screen protector: compatible with a tempered glass film on your phone.

One with a PET screen protector scratch-resistant and easy to snap on.

4. INSTALLATION GUIDE

Follow these steps to properly install your Dexnor Samsung Galaxy A56 5G case:

1. **Separate the Case:** Gently pry apart the front and back covers of the case, starting from the bottom right corner.
2. **Choose Your Front Frame:** Decide whether to use the front frame with the built-in screen protector or the one without. If using the built-in screen protector, ensure to remove any existing screen protector from your phone.
3. **Clean Your Phone:** Thoroughly clean your Samsung Galaxy A56 5G screen to remove any dust, smudges, or fingerprints. Use a microfiber cloth for best results.
4. **Install Front Frame:** Carefully place your phone into the chosen front frame, ensuring all edges align perfectly.
5. **Install Back Cover:** Align the front frame with your phone inside the back cover. Press firmly around the edges until the case snaps securely into place.

5. FINGERPRINT SENSOR SETUP

If you are using the front frame with the built-in screen protector, it is highly recommended to re-register your fingerprints after installing the case. This ensures optimal performance and accuracy of the fingerprint unlock feature.

1. Go to your phone's **Settings**.
2. Navigate to **Security and privacy > Biometrics > Fingerprints**.
3. Enter your current PIN, pattern, or password.
4. Remove any existing fingerprints.

5. Tap **Add fingerprint** and follow the on-screen instructions to register your fingerprint with the case installed.

Video: Guide on how to install and set up fingerprint recognition with the case. This video demonstrates the steps for re-registering your fingerprint for optimal performance.

6. CARE AND MAINTENANCE

To keep your Dexnor case in optimal condition and ensure its longevity:

- **Cleaning:** Wipe the case regularly with a soft, damp cloth. Avoid using harsh chemicals, abrasive cleaners, or solvents, as these can damage the material.
- **Screen Protector Care:** If using the built-in screen protector, keep it clean to maintain touch sensitivity. If it becomes dirty or scratched, it may affect screen responsiveness.
- **Avoid Extreme Conditions:** Do not expose the case to extreme temperatures or direct sunlight for prolonged periods, as this may affect its material integrity.

7. TROUBLESHOOTING

7.1 Fingerprint Sensor Issues

If you experience difficulty with the fingerprint sensor after installing the case, especially with the built-in screen protector:

- **Re-register Fingerprint:** As mentioned in Section 5, it is crucial to re-register your fingerprints after case installation. This recalibrates the sensor to work effectively with the screen protector.
- **Clean Screen Protector:** Ensure the screen protector surface is clean and free of dust, smudges, or moisture, which can interfere with sensor readings.
- **Proper Placement:** Ensure your finger is fully covering the sensor area during registration and use.

7.2 Phone Movement with Frame (No Screen Protector)

If your phone feels loose or moves within the case when using the front frame without a built-in screen protector:

- **Ensure Proper Installation:** Double-check that both the front frame and back cover are securely snapped together around your phone.
- **Verify Compatibility:** Confirm that your phone model is indeed the Samsung Galaxy A56 5G (6.7 inch). Incorrect model usage can lead to a poor fit.
