Aeitto 40Lbs/24H

Aeitto Nugget Ice Maker (Model 40Lbs/24H) Instruction Manual

1. INTRODUCTION

This manual provides essential information for the safe and efficient operation of your Aeitto Nugget Ice Maker, Model 40Lbs/24H. Please read all instructions carefully before initial use and retain this manual for future reference. The Aeitto Nugget Ice Maker is designed to produce soft, chewable nugget ice, ideal for various beverages and cooling needs. It features a compact design, one-click operation, and an automatic self-cleaning function.

2. SAFETY INSTRUCTIONS

To reduce the risk of fire, electric shock, or injury, always follow these basic safety precautions:

- Read all instructions before using the appliance.
- Ensure the voltage matches the rating label on the appliance.
- Do not immerse the appliance, power cord, or plug in water or other liquids.
- Unplug from the outlet when not in use, before cleaning, or if a malfunction occurs.
- Do not operate any appliance with a damaged cord or plug, or after the appliance malfunctions or has been damaged in any manner.
- Keep the appliance away from heat sources and direct sunlight.
- Do not allow children to operate or play with the ice maker.

- Use only potable water in the water reservoir.
- Ensure proper ventilation around the appliance. Maintain at least 5 inches of clearance from walls and other objects.
- This appliance is for household use only.

3. PRODUCT COMPONENTS

The Aeitto Nugget Ice Maker package includes the following items:

- Ice Maker (1 unit)
- Ice Scoop (1 unit)
- Ice Basket (1 unit)
- Drip Tray (1 unit)

3 Steps to Get Nugget Ice

No more waiting

STEP 1

Add Water

STEP 2

Press "ICE"

STEP 3

Enjoy Nugget Ice

Image 3.1: Overview of the ice maker's dimensions and included accessories.

4. SETUP

1. **Unpacking:** Carefully remove the ice maker and all accessories from the packaging.
2. **Placement:** Place the ice maker on a stable, level surface, away from direct sunlight and heat sources. Ensure there is adequate ventilation around the unit (at least 5 inches of clearance on all sides).

3. **Initial Cleaning:** Before first use, it is recommended to clean the interior of the ice maker. Refer to the 'Maintenance' section for detailed cleaning instructions. Run at least two cleaning cycles before making ice for consumption.
4. **Add Water:** Open the lid and fill the water reservoir with potable water up to the MAX fill line. Do not overfill.

5. OPERATING INSTRUCTIONS

5.1 Making Ice

1. **Add Water:** Ensure the water reservoir is filled with potable water.
2. **Power On:** Plug the ice maker into a grounded electrical outlet.
3. **Start Ice Production:** Press the "ICE" button on the control panel. The ice maker will begin the ice-making cycle. The first batch of nugget ice can be ready in approximately 5 minutes.
4. **Ice Full Reminder:** The machine is equipped with sensors. When the ice basket is full, the ice maker will automatically stop production to prevent overflow and save energy. The "ICE FULL" indicator light will illuminate.
5. **Retrieve Ice:** Use the provided ice scoop to remove ice from the basket. Once ice is removed, the machine will resume ice production if the water level is sufficient.

SELF-CLEANING

1 Press

15h 15 Mins

Ice-full Reminder

Don't worry about the ice maker working for a long time, it will stop working when the ice production reaches the alert level, to save energy.

Image 5.2: The ice-full reminder system, which automatically pauses ice production when the basket is full.

5.2 Automatic Self-Cleaning

The ice maker features an automatic self-cleaning function to maintain hygiene.

1. **Prepare for Cleaning:** Ensure the ice basket is empty and the water reservoir is filled with clean potable water.
2. **Start Cleaning:** Press the "CLEAN" button on the control panel. The cleaning cycle will run for approximately 15 minutes.
3. **Drain Water:** After the cleaning cycle is complete, drain the water from the reservoir using the drainage hose. Refer to the 'Maintenance' section for drainage instructions.

6. MAINTENANCE

6.1 Regular Cleaning

- Always unplug the appliance before cleaning.
- Wipe the exterior with a soft, damp cloth.

- Clean the ice basket and ice scoop with mild detergent and rinse thoroughly.
- For internal cleaning, use the automatic self-cleaning function as described in Section 5.2.

6.2 Descaling

Mineral deposits from water can accumulate over time and affect ice production. Descaling is recommended regularly, especially in hard water areas.

- **Frequency:** Descale monthly in moderately hard water areas. Descale every two or three weeks in hard to very hard water areas.
- **Process:** Use a descaling solution suitable for ice makers (e.g., a mixture of water and white vinegar or a commercial descaling agent). Follow the instructions of the descaling solution. Run the self-cleaning cycle with the descaling solution, then rinse thoroughly by running several cycles with clean water.

Image 6.1: Guide for descaling frequency based on water hardness levels.

6.3 Drainage

The ice maker features a unique water outlet design for convenient drainage.

1. Locate the drainage hose at the back or bottom of the unit.
2. Place the end of the hose into a sink or bucket.
3. Remove the drain plug to allow water to flow out.
4. Once drained, replace the drain plug securely.

7. TROUBLESHOOTING

If you encounter issues with your ice maker, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Ice maker not producing ice.	No water in reservoir; Power not connected; Ambient temperature too high.	Fill water reservoir; Check power connection; Ensure proper ventilation and lower room temperature.
Ice production is slow.	High ambient temperature; Poor ventilation; Mineral buildup.	Ensure proper ventilation; Descale the unit as per Section 6.2.
"ICE FULL" indicator is on, but basket is not full.	Ice sensor is blocked or dirty.	Clean the ice sensor area.
Water leakage.	Drain plug not securely closed; Damaged drainage hose.	Ensure drain plug is tightly closed; Inspect drainage hose for damage and contact support if necessary.

If the problem persists after attempting these solutions, please contact customer support.

8. SPECIFICATIONS

- **Model:** 40Lbs/24H
- **Product Dimensions:** 12.99"D x 7.28"W x 12.79"H
- **Daily Ice Output:** Up to 40 lbs
- **Water Tank Capacity:** 1 L (approx. 1.8 lbs ice basket capacity)
- **Wattage:** 110 watts
- **Refrigerant:** R600a

- **Manufacturer:** Aeito

9. WARRANTY AND SUPPORT

The Aeito Nugget Ice Maker is ETL certified, ensuring safety and quality. It comes with 2-years technical support. For any questions, technical assistance, or warranty claims, please contact Aeito customer support through the official channels or the retailer where the product was purchased.
