RedLemon ELD60LS-DWT

RedLemon 60-Inch L-Shaped Electric Standing Desk Instruction Manual

Model: ELD60LS-DWT

1. INTRODUCTION

Thank you for choosing the RedLemon 60-Inch L-Shaped Electric Standing Desk. This desk is designed to enhance your workspace with its adjustable height, spacious L-shaped design, integrated LED lighting, and convenient features like power outlets, drawers, and a keyboard tray. This manual provides essential information for assembly, operation, maintenance, and troubleshooting to ensure optimal performance and longevity of your desk.

2. IMPORTANT SAFETY INFORMATION

Please read and understand all safety warnings before assembling or operating the desk. Failure to follow these instructions may result in injury or damage to the product.

- Always follow assembly instructions carefully.
- Keep power outlets and electrical components away from water.
- Do not exceed the weight limit of 103 pounds.
- Ensure the desk is properly anchored to the floor to prevent tipping.
- Keep fingers and other body parts away from moving parts when adjusting the desk height.
- Do not use the desk if any parts are damaged or missing.
- Keep the desk away from heat sources and flammable materials.
- Always turn off and unplug the desk when not in use.

3. KEY FEATURES

- **Adjustable Height:** Electric standing desk with height range from 28" to 46". Includes 4 height-memorizing presets.
- **L-Shaped Design:** 60" x 60" spacious corner design for optimized workspace.
- **Integrated LED Lighting:** RGB LED light with 12 scene modes for customizable ambiance.
- **Monitor Shelf:** Provides ergonomic height for monitors and additional storage.
- **Convenient Power Outlets:** Built-in power outlets for charging devices.
- **Storage Solutions:** Two drawers for small items and a keyboard tray.

- **Accessory Hooks:** Handy hooks on both sides for hanging items.
- **Rotatable Cup Holder:** 360-degree rotating cup holder to prevent spills.

4. SETUP AND ASSEMBLY

The RedLemon L-Shaped Electric Standing Desk is designed for straightforward assembly. Clear instructions and labeled parts are included in the product packaging. It is recommended to have at least two people for assembly due to the size and weight of the components.

4.1 Unpacking and Inspection

- Carefully open the sturdy boxes and remove all components.
- Verify that all parts listed in the assembly guide are present and undamaged. Contact customer support immediately if any parts are missing or damaged.
- Keep all packaging materials until assembly is complete and the desk is fully functional.

4.2 Assembly Steps

Refer to the detailed assembly manual provided in the product packaging for step-by-step instructions. Key steps typically include:

1. Assemble the desk frame and legs.
2. Attach the L-shaped desktop sections.
3. Install the electric lifting mechanism and control panel.
4. Mount the monitor shelf, keyboard tray, drawers, cup holder, and accessory hooks.
5. Connect the LED lights and power outlets.

5. OPERATING INSTRUCTIONS

5.1 Adjusting Desk Height

The desk features an electric lifting system with a digital control panel. The height can be adjusted from 28 inches to 46 inches.

- Use the **Up (▲)** and **Down (▼)** arrows on the control panel to manually adjust the desk to your desired height.
- To save a preferred height, adjust the desk to the desired level, then press and hold one of the memory buttons **1**, **2**, **3**, or **4** until the display flashes or beeps. The height is now saved to that preset.
- To recall a saved height, simply press the corresponding memory button **1**, **2**, **3**, or **4**. The desk will automatically move to the programmed position.

5.2 Using LED Lights

The integrated RGB LED lights can be controlled using the provided wireless remote. The desk offers 12 scene modes and various color options.

- Use the **Power** button on the remote to turn the lights on or off.
- Select desired colors using the color buttons on the remote.
- Cycle through different scene modes using the **MODE** button.
- Adjust brightness and speed of dynamic modes using the **BRIGHT** and **SPEED** buttons.

5.3 Using Power Outlets

The built-in power strip provides convenient access to power for your devices.

- Plug your devices into the two standard power outlets, USB-A port, or USB-C port as needed.
- Ensure devices are compatible with the power output specifications.

5.4 Utilizing Storage and Accessories

- **Drawers:** Use the two integrated drawers for organizing small office supplies.
- **Keyboard Tray:** Slide out the keyboard tray for comfortable typing and to free up desktop space.
- **Monitor Shelf:** Place your monitor(s) on the elevated shelf for ergonomic viewing.
- **Accessory Hooks:** Hang headphones, bags, or other items on the side hooks.
- **Cup Holder:** Utilize the 360-degree rotating cup holder to keep beverages secure and within reach.

6. MAINTENANCE

- **Cleaning:** Wipe the desk surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish.
- **Electrical Components:** Regularly check all electrical connections for any signs of wear or damage. Ensure cables are neatly managed to prevent snagging or damage.
- **Moving Parts:** Periodically inspect the lifting mechanism for smooth operation. Do not lubricate unless specified by the manufacturer.
- **Fasteners:** Occasionally check and tighten any loose screws or fasteners to maintain stability.

7. TROUBLESHOOTING

If you encounter any issues with your RedLemon Electric Standing Desk, refer to the following common troubleshooting tips:

Problem	Possible Cause	Solution
Desk does not move.	Power cable disconnected, overload, or motor error.	Check power connections. Reduce weight on the desk. Unplug for 30 seconds and plug back in to reset.

Problem	Possible Cause	Solution
Uneven height adjustment.	Obstruction or uneven weight distribution.	Clear any obstructions. Redistribute weight evenly. Perform a reset (refer to full manual).
LED lights not working.	Remote battery low, LED strip disconnected, or power issue.	Replace remote battery. Check LED strip connections. Ensure power outlets are functional.
Noise during adjustment.	Normal operation (motor sound) or loose components.	A low hum is normal. Check for loose fasteners and tighten if necessary.

For more detailed troubleshooting or persistent issues, please contact RedLemon customer support.
