## 4. SETUP AND INSTALLATION

### 4.1 Car Installation

1. Ensure your car's headrest poles are round and fit within the 130-200 mm range. Square poles or no rods are not compatible.
2. Attach the universal mounting bracket to the headrest poles. Adjust the bracket to securely fit the poles.
3. Slide the headrest monitor onto the mounted bracket until it clicks into place.
4. Connect the cigarette lighter power cable to the monitor and your car's 12V power outlet.

# Customize Wallpaper and Theme

Supports more than 98% car installation  
( supports round stainless steel poles only )

✓  
Round pole  
Round bar fits between  
130-200 mm

✗  
Square Pole  
or No rod  
do not fit

## 5. OPERATING INSTRUCTIONS

---

### 5.1 Power On/Off

Press and hold the power button (located on the side of the monitor) to turn the device on or off.

### 5.2 Navigation and Interface

The monitor features an Android 13 touchscreen interface. Navigate by tapping, swiping, and pinching gestures similar to a smartphone or tablet. The home screen displays installed applications.

Image: The monitor's home screen showing various pre-installed and downloadable applications.

### 5.3 Connectivity

- **WiFi:** Go to Settings > Network & internet > Wi-Fi to connect to a 5G or 2.4 GHz wireless network.
- **Bluetooth:** Go to Settings > Connected devices > Bluetooth to pair with Bluetooth headphones or other devices.

### 5.4 Media Playback

The monitor supports various media formats including MP4, MPG, AVI, MKV, MOV, 3GP, MP3, MAV, FLAC, AAC, OGG, and OGA.

- **USB/SD Card:** Insert a USB drive into the USB port or an SD card into the SD card slot. Use a file manager app to browse and play media.
- **Streaming Apps:** Download and use streaming applications like YouTube, Netflix, Disney+, Prime Video, HBO, and TikTok from the Google Play Store.

### 5.5 Screen Mirroring

The monitor supports wireless screen mirroring from both iOS (AirPlay) and Android (Miracast) devices via Happycast. Ensure your phone and the monitor are connected to the same WiFi network.

### 5.6 HDMI Input/Output

The monitor features both HDMI input and output ports.

- **HDMI Input:** Connect external devices such as gaming consoles (Xbox, PS4, PS5), TV boxes, or Fire TV Sticks to the HDMI In port to use the monitor as a display.
- **HDMI Output:** Connect two monitors via HDMI cable to sync screens and play the same content simultaneously.

Image: Detailed view of the monitor's ports and compatible external devices.

## 5.7 Audio Output Options

- **Built-in Speakers:** The monitor has integrated dual speakers.
- **Bluetooth Headsets:** Pair Bluetooth headphones for private listening.
- **Wired Headsets:** Connect wired headphones via the 3.5mm audio out port.
- **FM Transmitter:** Transmit audio to your car's speakers by tuning the monitor's FM transmitter and your car radio to the same frequency.

## 5.8 App Installation

Access the Google Play Store to download and install various applications, including games, music players, video streaming services, and social media tools. The device is Google Play Protect certified for secure app

installations.

### 5.9 Customizing Wallpaper and Theme

Personalize your monitor by selecting from multiple built-in UI themes and customizing the wallpaper through the device settings.

## 6. MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the screen and exterior. Avoid abrasive cleaners or solvents.
- **Software Updates:** Regularly check for and install OTA system updates to ensure optimal performance and security.
- **Storage:** Avoid exposing the device to extreme temperatures or direct sunlight for prolonged periods.

## 7. TROUBLESHOOTING

- **Device not powering on:** Ensure the power cable is securely connected and the power source (car 12V outlet or DC adapter) is functional.
- **No sound:** Check volume settings, ensure headphones are properly connected, or verify FM transmitter frequency matches car radio.
- **Screen mirroring issues:** Confirm both devices are on the same WiFi network. Check app permissions for screen mirroring.
- **Apps not downloading/updating:** Verify internet connection. Clear Google Play Store cache or data if necessary.
- **Slow performance:** Close unused applications. Clear cache or consider a factory reset if issues persist (backup data first).

## 8. SPECIFICATIONS
