

AMACOOOL BP1192

AMACOOOL Handheld Fan with Ice Cooler Instruction Manual

Model: BP1192

Brand: AMACOOOL

1. INTRODUCTION

Thank you for choosing the AMACOOOL Handheld Fan with Ice Cooler. This portable fan is designed to provide rapid and effective cooling with its innovative semiconductor technology and adjustable airflow. Please read this manual carefully before use to ensure proper operation and maintenance.

2. SAFETY INSTRUCTIONS

- Do not immerse the fan in water or other liquids.
- Keep out of reach of children.
- Avoid placing fingers or foreign objects into the fan blades.
- Do not disassemble or attempt to repair the fan yourself. Contact qualified personnel for service.
- Use only the provided USB-C cable for charging.
- Store in a cool, dry place when not in use.

3. PACKAGE CONTENTS

- AMACOOOL Handheld Fan with Ice Cooler
- USB-C Charging Cable
- Adjustable Wrist Strap
- User Manual

4. PRODUCT OVERVIEW

Familiarize yourself with the components of your AMACOOOL Handheld Fan:

- **Fan Head:** Houses the fan blades and cooling plate.

- **Cooling Plate:** Metal surface that provides instant cooling when activated.
- **Digital Display:** Shows current fan speed, battery level, and cooling mode status.
- **Scroll Wheel/Button:** Used for power on/off, adjusting fan speed, and activating cooling mode.
- **USB-C Charging Port:** Located on the side for convenient charging.
- **Anti-Slip Base:** Allows the fan to stand steadily on flat surfaces for desktop use.
- **Lanyard Attachment Point:** For attaching the included wrist strap.

5. SETUP

5.1 Initial Charging

Before first use, fully charge the fan. Connect the provided USB-C charging cable to the fan's charging port and plug the other end into a compatible USB power source (e.g., wall adapter, computer, power bank). The digital display will show charging status. A full charge typically takes about 3 hours.

5.2 Attaching the Wrist Strap

Thread the adjustable wrist strap through the lanyard attachment point at the base of the fan. This helps prevent accidental drops and keeps the fan conveniently accessible.

6. OPERATING INSTRUCTIONS

6.1 Power On/Off

To turn the fan on, press the scroll wheel/button once. The fan will start at the lowest speed setting (01). To turn the fan off, press and hold the scroll wheel/button for a few seconds until the display turns off.

6.2 Adjusting Fan Speed (0-100 Levels)

The fan offers 100 adjustable wind speeds. You can adjust the speed in two ways:

- **Fine Adjustment:** Rotate the scroll wheel up or down to precisely adjust the wind speed from 01 to 100. The digital display will show the current speed level.
- **Quick Modes:** Tap the scroll wheel/button repeatedly to cycle through 5 preset power modes (e.g., 01, 25, 50, 75, 100).

6.3 Activating Ice Cooling Mode

The fan features an integrated ice cooler for enhanced cooling. To activate the cooling mode, press and hold the scroll wheel/button for approximately 2-3 seconds. A snowflake icon will appear on the digital display, indicating that the cooling plate is active. The cooling plate will become extremely cold, providing immediate relief when placed against the skin.

Video 2: Shows the AMACOOOL Handheld Fan with Ice Cooler blowing cold air, highlighting its effectiveness.

6.4 Desktop Use

The fan's anti-slip base allows it to stand upright on any flat surface. Simply place the fan on a desk or table and adjust the angle to direct airflow towards you for hands-free cooling during work, study, or leisure.

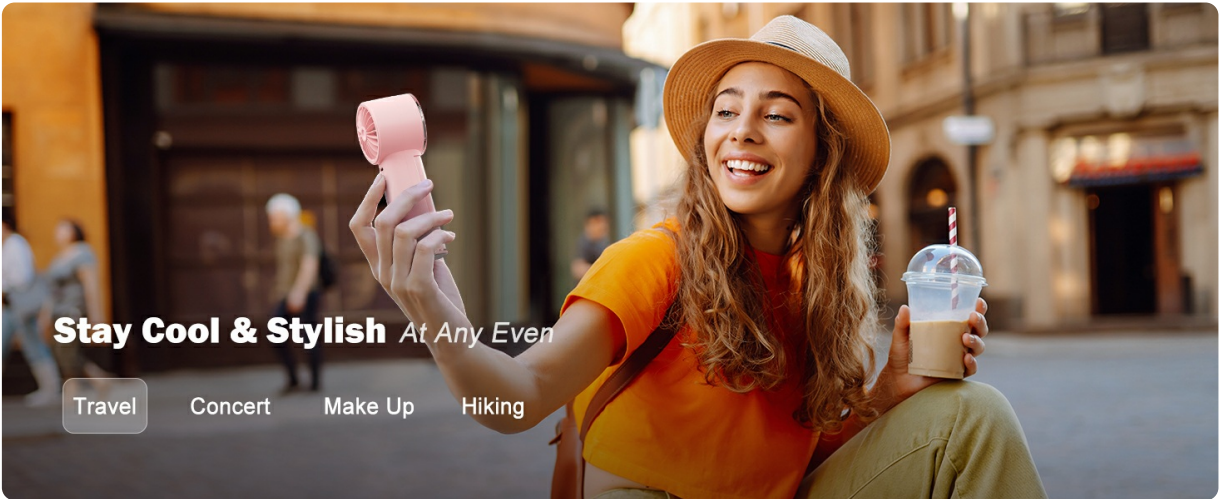

Figure 4: The fan is versatile for use during travel, concerts, makeup application, and hiking, ensuring you stay cool and stylish.

7. MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to wipe the fan's exterior. Do not use abrasive cleaners or immerse in water. For the cooling plate, gently wipe with a damp cloth if needed, ensuring it is dry before next use.
- **Storage:** When not in use for extended periods, store the fan in a cool, dry place away from direct sunlight and extreme temperatures.

8. TROUBLESHOOTING

Problem	Possible Cause	Solution
Fan does not turn on.	Low battery.	Charge the fan using the USB-C cable.
Fan speed is weak.	Low battery or low speed setting.	Charge the fan or increase the speed using the scroll wheel/button.
Cooling mode not activating.	Button not held long enough or low battery.	Press and hold the scroll wheel/button for 2-3 seconds. Ensure the fan is sufficiently charged.
Fan makes unusual noise.	Obstruction in fan blades.	Turn off the fan and carefully check for any obstructions.

9. SPECIFICATIONS

- **Model Name:** BP1192 Handheld Fan
- **Product Dimensions:** 2.32"D x 2.05"W x 6.1"H

- **Item Weight:** 9.6 ounces
- **Power Source:** Battery Powered (4000mAh built-in battery)
- **Voltage:** 5 Volts
- **Number of Power Levels:** 100 (Adjustable)
- **Control Method:** Touch (Scroll Wheel/Button)
- **Special Feature:** Portable, Lightweight, Ice Cooler Technology
- **Max Cooling Time:** Up to 18 hours (on lowest fan speed without cooling mode)
- **Charging Time:** Approximately 3 hours
