## 4. PRODUCT OVERVIEW

---

The occiam AI Translation Earbuds are designed for comfort and functionality. They feature an open-ear design with a flexible earhook for a secure fit, allowing you to stay aware of your surroundings while enjoying audio or translation.

### Earbud Components:

- **Main Body:** Houses the speaker and internal electronics.
- **Earhook:** Flexible component that secures the earbud over the ear.
- **Indicator Light:** Displays status (pairing, charging, power).
- **Microphone:** For voice input during calls and translation.
- **Touch Control Area:** For managing playback, calls, and translation functions.

## Charging Case:

- **Charging Ports:** Internal contacts for charging earbuds.
- **USB-C Port:** For charging the case itself.
- **LED Indicators:** Show the charging status of the case.

## 5. SETUP

## 5.1 Initial Charging

1. Place both earbuds into the charging case. Ensure they are correctly seated.
2. Connect the USB charging cable to the charging port on the case and plug the other end into a USB power adapter (not included) or a computer's USB port.
3. The LED indicators on the charging case will illuminate to show charging status. A full charge typically takes 1-2 hours for the case and earbuds.

## 5.2 Bluetooth Pairing

1. Open the charging case. The earbuds will automatically enter pairing mode, and their indicator lights will flash.
2. On your smartphone or Bluetooth-enabled device, go to the Bluetooth settings.
3. Search for new devices and select "occiam D72" (or similar name) from the list.
4. Once connected, the earbud indicator lights will stop flashing or turn off, and you will hear a confirmation tone.

## 5.3 App Download for Translation

For real-time translation functionality, you need to download the dedicated occiam translation app.

1. Scan the QR code provided in the physical user manual or search for the "occiam Translate" app (or similar name) on your device's app store (iOS/Android).
2. Install the app and follow the on-screen instructions to connect your earbuds within the app.
