2. SAFETY INFORMATION

WARNING:

- Always secure the cabinet to the wall using the included hardware to prevent tipping. This is crucial for stability and safety, especially in households with children or pets.
- Be cautious when handling the product, as it is heavy and made of manufactured wood that may have sharp edges. It is recommended to assemble with a partner.
- Be careful when using the swing out door, as it can swing out to 180 degrees. Ensure adequate clearance to

prevent damage or injury.

- Always follow the included instructions for safe assembly and use. Do not deviate from the steps provided.

3. PRODUCT FEATURES

5. SETUP AND ASSEMBLY

The HOSTACK kitchen hutch cabinet is designed for straightforward assembly. It includes detailed instructions and all necessary parts for a hassle-free installation. We recommend assembling with a partner to make the process more efficient and safer, especially given the weight of the components.

- **Preparation:** Clear a spacious area for assembly. Lay out all parts and hardware, verifying against the included parts list.
- **Tools:** While a drill might be used, it is recommended to use a screwdriver for most fastenings to prevent chipping of the coating, as manufactured wood can be sensitive to excessive force.
- **Step-by-Step:** Follow the numbered steps in the provided assembly manual precisely. Pay close attention to the orientation of each piece.

- **Wall Anchoring:** Crucially, install the anti-tipper device and secure the cabinet to the wall as instructed. This prevents accidental tipping and ensures safety.
- **Door Adjustment:** The instructions will guide you on how to adjust the doors to ensure they align perfectly after assembly.

6. OPERATING THE CABINET

Your HOSTACK pantry cabinet is designed for intuitive use and versatile storage. Here's how to best utilize its features:

- **Main Cabinets:** The large upper and lower cabinets provide ample space for larger items such as small appliances, dinnerware, pots, and pans. Adjustable shelves allow you to customize the height to fit your needs.
- **Wide Drawer:** The central drawer is ideal for organizing smaller items like cutlery, napkins, kitchen utensils, or other bits and bobs you want to keep out of sight.
- **Swing-Out Door with Internal Rack:** This unique feature maximizes space. Use the 3-tier rack on the inside of the door for spices, condiments, bottles, or other frequently accessed items. The 180-degree opening provides full visibility and easy retrieval.

7. MAINTENANCE AND CARE

To ensure the longevity and appearance of your HOSTACK pantry cabinet, follow these simple care guidelines:

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals, abrasive cleaners, or excessive moisture, as these can damage the finish.
- **Spills:** Clean up spills immediately to prevent staining or warping of the manufactured wood.
- **Sunlight and Heat:** Avoid prolonged exposure to direct sunlight or extreme heat sources, which can cause fading or material degradation.
- **Weight Distribution:** Distribute weight evenly across shelves and in the drawer to prevent bowing or structural stress. Adhere to the maximum weight capacities if specified in the assembly manual.
- **Hardware Check:** Periodically check all screws and fasteners to ensure they remain tight. Retighten if necessary to maintain stability.

8. TROUBLESHOOTING

If you encounter any issues with your cabinet, please refer to the following common troubleshooting tips:

Problem	Possible Cause / Solution
Cabinet feels wobbly or unstable.	Ensure all fasteners are securely tightened. Verify the cabinet is on a level surface. Re-check wall anchoring.
Doors do not align properly.	Adjust the door hinges as per the assembly instructions. Most hinges allow for minor adjustments to achieve perfect alignment.
Drawer does not slide smoothly.	Check that the drawer slides are correctly installed and free of obstructions. Ensure the drawer is not overloaded.
Chipping or damage to the finish during assembly.	Use a hand screwdriver instead of a power drill for delicate areas. For minor chips, a touch-up pen matching the cabinet color can be used.
