Garvee pMlgNYomAbSlyA8eYcYEzAtFN7O

Garvee 10x13 ft Outdoor Retractable Pergola Instruction Manual

Model: pMlgNYomAbSlyA8eYcYEzAtFN7O

1. INTRODUCTION

Thank you for choosing the Garvee 10x13 ft Outdoor Retractable Pergola. This manual provides essential information for the safe assembly, operation, and maintenance of your new pergola. Please read these instructions thoroughly before installation and retain them for future reference.

This pergola features a durable aluminum frame with a wood-grain finish, a retractable canopy, and side mesh screens, designed to enhance your outdoor living space.

2. SAFETY INFORMATION

WARNING:

- Always assemble the pergola on a flat, stable surface.
- It is recommended that multiple people assist with assembly to ensure safety and proper alignment of components.
- Do not use the canopy during extreme weather conditions such as strong winds, heavy rain, or snow. Retract the canopy to prevent damage to the product and potential hazards.
- Ensure all fasteners are securely tightened before and after use. Regularly check for loose connections.
- For added stability, consider placing weights (e.g., gravel) in the lower columns or anchoring the pergola to the ground. Expansion bolts are required for hard surfaces (not included).
- Keep children and pets away from the assembly area.

3. PACKAGE CONTENTS

The Garvee 10x13 ft Outdoor Retractable Pergola includes all necessary components for assembly. All parts are pre-labeled for easy identification. Please verify that all parts are present and undamaged before beginning assembly.

- Aluminum frame components (posts, beams, rafters)
- Retractable canopy fabric
- Side mesh screens
- Anchoring hardware (stakes for dirt ground)
- Assembly hardware (screws, bolts, tools)
- Illustrated step-by-step instructions

4. SPECIFICATIONS

Feature	Detail
Brand	Garvee
Model Number	pMlgNYomAbSIya8eYcYEzAtFN7O
Assembled Dimensions (L x W x H)	13 ft x 10 ft x 7.4 ft (approximate)
Frame Material	Aluminum with wood-grain finish
Canopy Material	PA-coated polyester fabric
Water Resistance Level	Waterproof
UV Protection	Yes
Assembly Required	Yes
Item Weight	92.6 pounds

Product dimensions are approximate and may vary slightly. The package dimensions are 58.86"L x 19.88"W x 8.46"H.

5. SETUP (ASSEMBLY)

The Garvee pergola is designed for straightforward assembly. Follow the included illustrated step-by-step instructions carefully. We recommend assembling with multiple people on a flat, stable ground surface.

5.1 Assembly Steps Overview

SLIDING REMOVABLE CANOPY

In extreme weather conditions such as heavy rain and snowfall, it is recommended to quickly pull the towing rope to retract the canopy to protect the product from damage.

Figure 5.1: Easy Installation Steps

1. **Unpack and Organize:** Carefully unpack all components and lay them out. Verify against the parts list in your instruction manual.
2. **Assemble Posts:** Connect the post sections as indicated in the manual.
3. **Construct Frame:** Attach the horizontal beams to the posts to form the main frame structure.
4. **Install Rafters:** Secure the top rafters across the main frame.
5. **Attach Canopy Rails:** Install the sliding rail system for the retractable canopy.
6. **Install Canopy and Side Screens:** Attach the retractable canopy and side mesh screens.

5.2 Anchoring the Pergola

For optimal stability, especially in windy conditions, proper anchoring is crucial.

Figure 5.2: Anchoring Options

- **For Dirt Ground:** Use the included stakes to secure the pergola posts firmly into the ground.
- **For Hard Surfaces (Cement, Concrete, Wood Deck):** Expansion bolts (not included) are required for secure installation. Consult a professional if unsure about proper anchoring methods for your specific surface.
- **Additional Stability:** Consider filling the lower columns with weights like gravel for enhanced wind resistance.

5.3 Enhanced Structure Details

ENHANCED STRUCTURE

Wider columns with increased material reinforcement for improved durability and stability

Figure 5.3: Enhanced Column Structure

The pergola features wider columns with increased material reinforcement, contributing to its overall durability and stability. The aluminum alloy frame is powder-coated for rust and corrosion resistance.

6. OPERATING INSTRUCTIONS

6.1 Retracting and Extending the Canopy

The pergola is equipped with a built-in sliding rail system for easy adjustment of the canopy.

ADJUSTABLE CANOPY

Adjustable canopy provides optimal shade at any sun position

Figure 6.1: Adjustable Canopy Mechanism

- To **extend** the canopy for shade, gently pull the canopy fabric along the sliding rails until it reaches the desired position.
- To **retract** the canopy, pull the towing rope (if applicable) or push the canopy fabric back along the rails.

Adjustable Canopy

You can adjust the canopy to the desired position

Figure 6.2: Canopy Open and Closed Positions

The canopy features a carabiner design, allowing the tarp to snap onto the snaps when fully deployed, preventing it from swaying in the wind.

Figure 6.3: Canopy Carabiner Design

6.2 Side Mesh Screens

The integrated side mesh screens can be adjusted to provide additional shade or privacy as needed. Follow the specific instructions in your manual for operating the side screens.

6.3 Product Video Overview

7. MAINTENANCE

7.1 Canopy and Side Screen Care

NEW UPGRADED PA WATERPROOF POLYESTER FABRIC

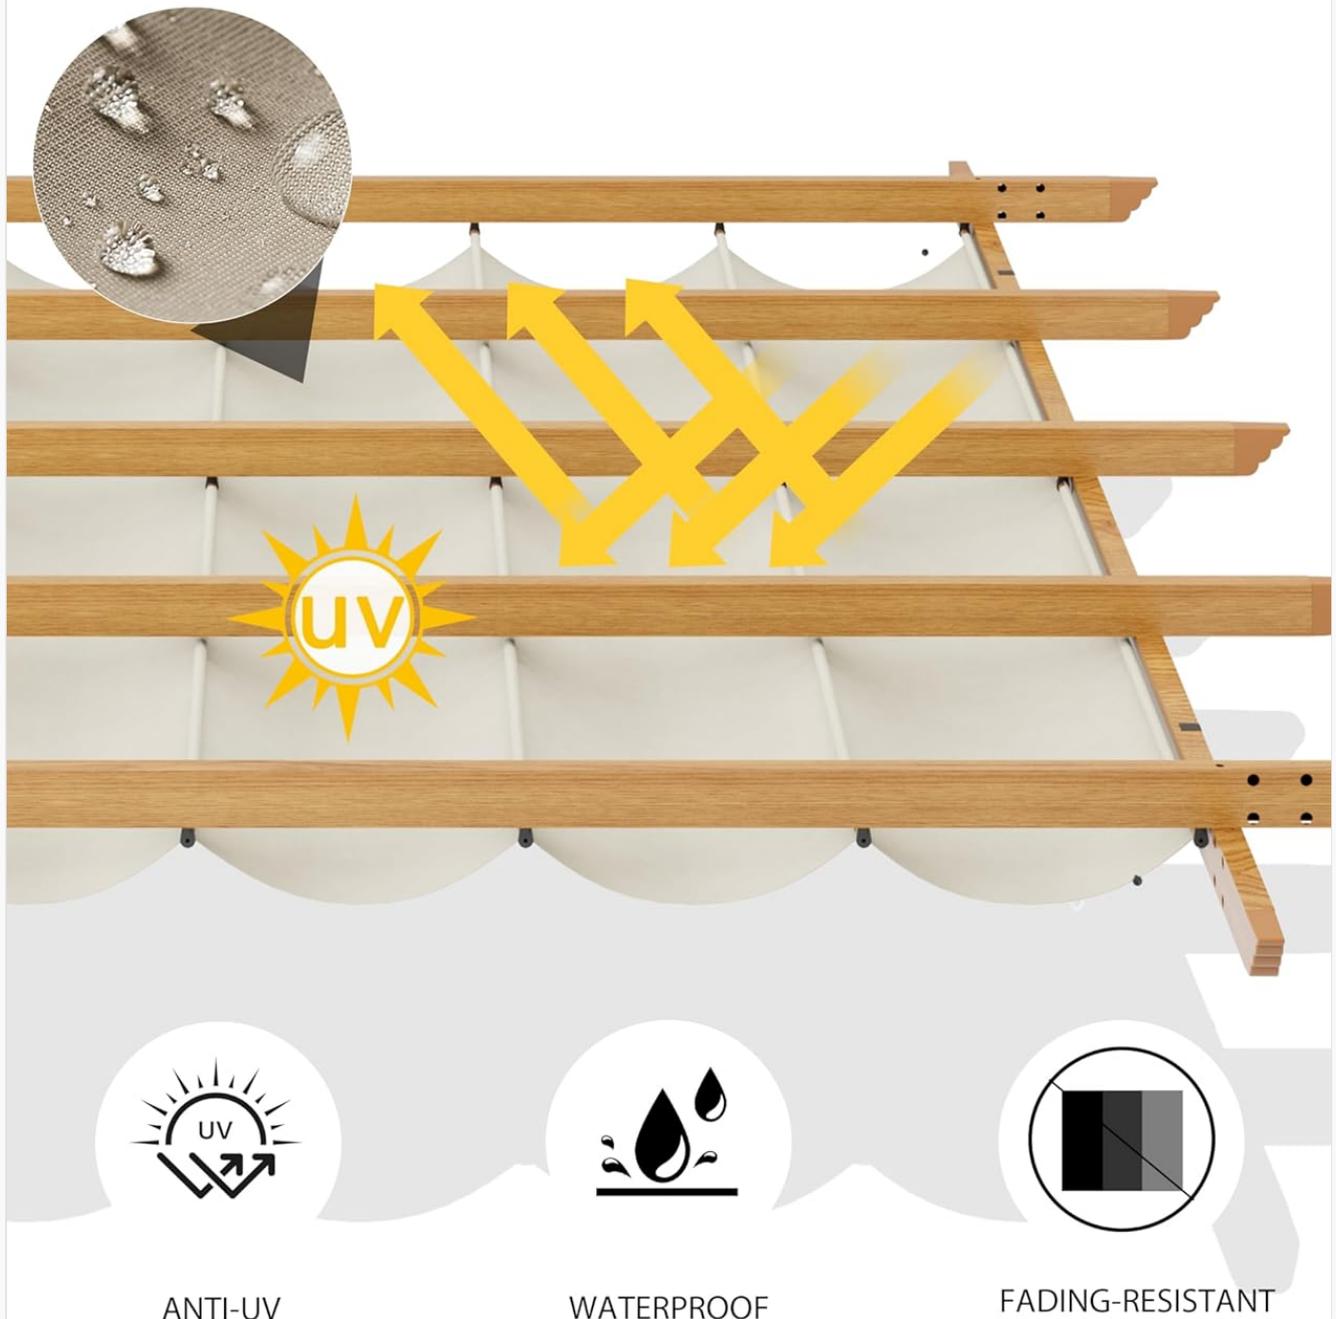

Figure 7.1: Waterproof and UV-Resistant Fabric

- The canopy fabric is PA-coated, providing waterproof and UV-resistant properties.
- Clean the canopy and side screens with mild soap and water. Rinse thoroughly and allow to air dry completely before retracting or storing.
- Do not use harsh chemicals or abrasive cleaners, as these can damage the fabric's coating.
- Ensure the canopy is retracted during strong winds, heavy rain, or snow to prevent damage.
- The canopy is equipped with drainage holes to prevent water accumulation. Ensure these remain clear.

7.2 Frame Care

- The aluminum alloy frame is powder-coated for rust and corrosion resistance.

- Clean the frame with a soft cloth and mild soap and water.
- Regularly inspect all bolts and connections to ensure they remain tight. Tighten any loose fasteners as needed.
- Check the anchoring points periodically to ensure the pergola remains securely fixed.

8. TROUBLESHOOTING

- **Difficulty during assembly:** Refer to the detailed illustrated instructions provided. Ensure all parts are correctly oriented before tightening fasteners. If a part seems to fit incorrectly, double-check the manual for proper placement.
- **Missing or damaged parts:** If any components are missing or damaged upon arrival, please contact Garvee customer support immediately for assistance.
- **Canopy not retracting/extending smoothly:** Check the sliding rails for any obstructions or debris. Ensure the fabric is properly aligned within the rails.
- **Pergola instability:** Verify that all frame connections are tight and that the pergola is properly anchored to the ground or deck surface. Consider adding additional weights to the posts if necessary.

9. WARRANTY AND SUPPORT

Garvee is committed to providing quality products. While specific warranty details are not provided in this document, most products come with a manufacturer's warranty against defects in materials and workmanship. Please refer to your purchase documentation or contact Garvee customer support for detailed warranty information.

For any questions, technical support, or to report missing/damaged parts, please contact Garvee customer service through the retailer where the product was purchased or visit the official Garvee website.

Protection Plans: Additional protection plans may be available for purchase, offering extended coverage beyond the standard manufacturer's warranty. Check with your retailer for options such as 3-Year Protection Plan or Complete Protect + Norton 360.

Return Policy: This product is subject to a 30-day easy return policy through Amazon.
