VEVOR LB-B027-7

VEVOR 6 PCS 39L Plastic Rolling Shopping Basket Instruction Manual

Model: LB-B027-7

Introduction

This manual provides essential instructions for the safe and efficient use, setup, maintenance, and troubleshooting of your VEVOR 6 PCS 39L Plastic Rolling Shopping Baskets. Please read this manual thoroughly before using the product and retain it for future reference.

Product Overview

The VEVOR 39L Plastic Rolling Shopping Baskets are designed for convenient transportation of goods in various retail and personal settings. Each set includes six durable baskets made from high-strength PE material, featuring ergonomic handles and universal wheels for ease of use.

Key Features:

- **Large Capacity:** Each basket offers a 39L capacity, suitable for various items.
- **Durable Material:** Constructed from industrial-grade PE material for long-term use and a smooth surface.
- **Ergonomic Handles:** Features two types of handles for both pulling and lifting, designed for comfortable grip.
- **Universal Wheels:** Equipped with universal wheels for smooth and quiet movement across different surfaces.
- **Stackable Design:** Baskets can be neatly stacked for efficient storage.

Setup

The VEVOR shopping baskets are designed for minimal assembly. Upon receiving your set, follow these steps:

1. **Unpack:** Carefully remove all six baskets from their packaging.
2. **Inspect Components:** Verify that all baskets are present and free from damage. Each basket should have four wheels attached and two types of handles.
3. **Separate Baskets:** The baskets are typically nested for shipping. Gently lift each basket to separate them.
4. **Handle Deployment:** The handles are designed to fold. Extend the long pulling handle upwards until it locks into place for use. The shorter lifting handles can be rotated for carrying.

Operating Instructions

These baskets offer two primary modes of operation for your convenience:

- **Pulling Mode:** For transporting heavier loads, extend the long handle. Tilt the basket slightly and pull it using the universal wheels. This mode is ideal for smooth movement across various floor types.
- **Lifting Mode:** For lighter items or when navigating stairs, use the shorter, ergonomic handles on the sides. Ensure a firm grip before lifting.

Image: Illustration of the two comfortable usage modes: pulling the basket with the extended handle and lifting it with the shorter handles.

When not in use, the baskets can be nested together to save space. Ensure the handles are folded down before stacking.

Maintenance

Proper maintenance ensures the longevity and optimal performance of your VEVOR shopping baskets.

- **Cleaning:** Wipe the baskets with a damp cloth and mild detergent as needed. Avoid abrasive cleaners that may damage the PE material. Rinse thoroughly and allow to air dry.
- **Wheel Inspection:** Periodically check the wheels for any debris (e.g., hair, lint) that might hinder smooth rotation. Clean as necessary. Ensure wheels are securely attached.
- **Handle Check:** Inspect handles for any signs of wear or damage. Ensure they extend and retract smoothly and lock securely in place.
- **Storage:** Store baskets in a clean, dry area. Utilize their stackable design to minimize storage space.

Troubleshooting

Problem	Possible Cause	Solution
Wheels do not roll smoothly.	Debris caught in wheels; damaged wheel.	Remove any debris from the wheels. If a wheel is damaged, contact VEVOR customer support for assistance.
Handle does not extend or retract properly.	Mechanism obstructed; damaged handle.	Check for any obstructions. Ensure the handle is aligned correctly. If damaged, contact VEVOR customer support.
Basket appears unstable when loaded.	Overloaded; uneven weight distribution.	Do not exceed the maximum load capacity of 75 lbs. Distribute items evenly within the basket.

Specifications

Item Model Number	LB-B027-7
Product Dimensions (L x W x H)	21.26 x 20.87 x 14.37 inches (540 x 530 x 365 mm)
Item Weight (Set of 6)	19.84 pounds (9 kg)
Load Capacity (per basket)	75 lbs (34 kg)
Basket Capacity	39 Liters
Basket Material	PE (Polyethylene)
Handle Material	ABS
Number of Baskets	6 PCS
Number of Wheels (per basket)	4 (2 Directional Wheels + 2 Swivel Wheels)
