Gear4music Modul Universal Wooden Keyboard Stand (modul-SPS-500-B) Instruction Manual

Model: modul-SPS-500-B

1. INTRODUCTION

This manual provides essential instructions for the assembly, safe operation, and maintenance of your Gear4music Modul Universal Wooden Keyboard Stand. Please read this manual thoroughly before assembly and use to ensure proper function and longevity of the product. Keep this manual for future reference.

2. SAFETY INFORMATION

- Ensure all components are present and undamaged before assembly. Do not use if any parts are missing or damaged.
- Assemble the stand on a soft, clean surface to prevent scratches.
- Tighten all screws and fasteners securely. Periodically check and re-tighten as necessary to maintain stability.
- Do not exceed the maximum load capacity of 30 kg (66 lbs).
- Place the stand on a stable, level surface to prevent tipping.
- Keep small parts away from children to avoid choking hazards.

3. SETUP AND ASSEMBLY

The Gear4music Modul Universal Wooden Keyboard Stand requires assembly. Follow the detailed assembly instructions provided in the product packaging. The general steps involve connecting the main panels and legs using the supplied hardware.

3.1 Unpacking and Component Check

Carefully unpack all components from the packaging. Verify that all parts listed in the included assembly guide are present and undamaged. If any parts are missing or damaged, contact customer support.

3.2 Assembly Steps

1. Identify all structural components: top panel, side panels (legs), and connecting hardware (screws, dowels, etc.).
2. Attach the side panels to the main top panel according to the diagrams in your specific assembly guide. Ensure correct orientation of each piece.
3. Secure all connections using the provided screws and tools. Do not overtighten, but ensure a firm connection for stability.
4. Once assembled, gently lift and place the stand in its desired location.
5. Double-check all connections for tightness and stability before placing any equipment on the stand.

4. OPERATING INSTRUCTIONS

4.1 Placing Your Keyboard

The Gear4music Modul stand is designed to accommodate universal keyboards, including most 88-key digital pianos. Carefully lift your keyboard and place it onto the stand's top surface. Ensure it is centered and stable before releasing your grip.

Figure 3: Keyboard stand with a digital piano and bench.

4.2 Cable Management

The stand features a convenient opening at the back to route cables neatly. Pass all power, audio, and MIDI cables through this opening to maintain a tidy setup and prevent tripping hazards.

Figure 4: Cable management through the rear opening.

5. MAINTENANCE

5.1 Cleaning

To clean the stand, use a soft, dry, or slightly damp cloth. Avoid abrasive cleaners, solvents, or harsh chemicals, as these can damage the wooden finish. Wipe spills immediately.

5.2 Regular Inspection

Periodically inspect all screws and connections to ensure they remain tight. Re-tighten any loose fasteners to maintain the stand's stability and structural integrity. Check for any signs of wear or damage to the wood.

6. TROUBLESHOOTING

6.1 Stand Instability

- **Issue:** The stand wobbles or feels unstable.
- **Solution:** Ensure the stand is placed on a flat, level surface. Check all assembly screws and re-tighten them firmly. Verify that all components are correctly aligned according to the assembly instructions.

6.2 Assembly Difficulties

- **Issue:** Parts do not fit together easily, or screws do not align.
- **Solution:** Review the assembly instructions carefully, paying close attention to the orientation of each part. Sometimes, a slight adjustment or re-orientation of a component can resolve alignment issues. Do not force parts together. If issues persist, contact customer support.

7. SPECIFICATIONS

Feature	Detail
Model Number	modul-SPS-500-B
Brand	gear4music
Material	Wood
Color	Black
Product Dimensions (L x W x H)	144 x 47.5 x 12 cm (56.7 x 18.7 x 4.7 inches) <i>-Packaging Dimensions</i>
Assembled Dimensions (L x W x H)	142 cm (Length) x 42.5 cm (Width) x 86 cm (Height)
Weight	18.5 kg (40.8 lbs)
Load Capacity	30 kg (66 lbs)
Assembly Required	Yes
Compatibility	Suitable for 88-key keyboards and most standard digital pianos.
