OXO 11387700

OXO Good Grips Produce Saver - Berry Keeper

Model: 11387700

PRODUCT OVERVIEW

The OXO Good Grips Produce Saver - Berry Keeper is a fridge-friendly storage solution designed to extend the freshness of smaller produce items such as strawberries, blueberries, and cherry tomatoes. This 2-piece set features a clear outer bin and a removable, ventilated inner basket, promoting optimal air circulation and visibility of contents. Its stackable design allows for efficient organization within your refrigerator, helping to reduce food waste by keeping produce fresh and easily accessible.

Image: Two OXO Berry Keepers, one on top of the other, both filled with vibrant red strawberries, demonstrating their stackable design and clear visibility.

KEY FEATURES

- **Optimal Air Circulation:** The ventilated, removable inner basket is engineered to promote air flow around your produce, significantly extending its freshness and reducing spoilage.

Raised basket for air circulation

Image: A detailed view of the Berry Keeper's inner basket, highlighting its raised design and ventilation slots for improved air circulation.

- **Designed for Small Produce:** Specifically sized to accommodate smaller items like strawberries, blueberries, and cherry tomatoes, preventing them from getting lost or crushed in larger crisper drawers.

Sized to fit all kinds of berries and cherry tomatoes

Image: The Berry Keeper, filled with strawberries, positioned on a wooden surface, illustrating its compact size suitable for various small fruits.

- **Clear and Sturdy Construction:** Both the bin and its lid are transparent, allowing for quick identification of contents and easy access. Integrated handles facilitate effortless retrieval from the refrigerator.

Clear lid keeps food visible

Image: Two Berry Keepers, one containing blueberries and the other blackberries, showcasing the clear lid design that keeps contents visible.

- **Modular and Stackable:** These bins are designed to stack efficiently, enabling customizable organization within any refrigerator and maximizing storage space.

Modular bins stack for custom organization

Image: A refrigerator shelf displaying multiple OXO produce savers, including Berry Keepers, demonstrating their modular and stackable capabilities for organized storage.

- **Removable Inner Basket:** The inner basket can be easily removed, making it convenient for washing berries directly in the basket or for serving.

SETUP INSTRUCTIONS

1. **Unpack:** Carefully remove all components of the OXO Good Grips Produce Saver - Berry Keeper from its packaging. Ensure all parts (outer bin, inner basket, and lid) are present.
2. **Initial Cleaning:** Before first use, wash all components with warm, soapy water or place them in the dishwasher. Rinse thoroughly and allow to air dry completely.
3. **Assemble:** Place the clean, dry inner basket inside the outer clear bin. The basket is designed to fit snugly within the bin.
4. **Ready for Use:** The Berry Keeper is now ready to store your fresh produce.

OPERATING INSTRUCTIONS

- 1. Prepare Produce:** Gently wash your berries or small produce items. You may use the removable inner basket as a colander for this step.
- 2. Load Produce:** After washing and gently drying, place the produce into the inner basket. Ensure not to overfill, allowing for proper air circulation.
- 3. Close Lid:** Place the clear lid securely on top of the outer bin. The lid helps to maintain a consistent environment and protect the produce.
- 4. Store:** Place the Berry Keeper in your refrigerator. Its stackable design allows for efficient use of space.
- 5. Access Produce:** When ready to use, simply lift the lid and remove the desired amount of produce. The clear design allows you to see the contents without opening.

CARE AND MAINTENANCE

- **Cleaning:** All components of the OXO Good Grips Produce Saver - Berry Keeper are dishwasher safe. For best results, place on the top rack of your dishwasher. Alternatively, wash by hand with warm, soapy water and a soft sponge.
- **Drying:** Ensure all parts are completely dry before reassembling and storing produce to prevent moisture buildup.
- **Storage:** When not in use, the components can be nested for compact storage.
- **Material:** The Berry Keeper is made from BPA-free plastic, ensuring food safety.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Produce not staying fresh as expected.	Produce was not dry before storage; basket overfilled; lid not sealed properly; produce was already past its prime.	Ensure produce is dry before placing in the basket. Do not overfill the basket to allow for air circulation. Confirm the lid is securely closed. Only store fresh produce.
Inner basket difficult to remove or insert.	Misalignment; debris in the bin.	Ensure the basket is aligned correctly with the outer bin. Check for any food particles or debris that might be obstructing the fit and clean if necessary.
Bin appears cloudy or stained after washing.	Hard water deposits; residue from certain foods.	For hard water stains, soak in a solution of white vinegar and water, then wash as usual. For stubborn food stains, a baking soda paste can be used before washing.

PRODUCT SPECIFICATIONS

Attribute	Detail
-----------	--------

Attribute	Detail
Product Dimensions	8.35"L x 5.1"W x 3.15"H
Recommended Uses	Fruit, Vegetable, Berry
Special Feature	Dishwasher Safe, Stackable
