### 3. OPERATING INSTRUCTIONS

#### Power On/Off:

Press and hold the power button (usually indicated by a universal power symbol) for 2-3 seconds to turn the device on or off. The device will typically give a short vibration or light indication when powered on.

#### Modes and Intensity:

The Iker Neo features multiple vibration and pulsation modes. Short press the mode button (often indicated by a wave or vibration symbol) to cycle through the available patterns and intensities. The device has 5 vibration modes and 5 pulsation modes, offering a total of 10 intensity levels.

## App Control:

Enhance your experience by connecting the Iker Neo to the SVAKOM App. The app allows for custom pattern creation, long-distance control, and synchronization with interactive adult videos or cam sites.

- Download the SVAKOM App from your device's app store.
- Ensure Bluetooth is enabled on your smartphone.
- Open the SVAKOM App and follow the on-screen instructions to pair your Iker Neo.
- For more interactive experiences, consider downloading the FeelConnect App.

## 4. MAINTENANCE

### Cleaning:

The Iker Neo is fully waterproof, making it easy to clean. After each use, wash the product with warm water

and mild soap. Rinse thoroughly and allow it to air dry completely before storing.

**Important:** Always use a water-based lubricant with silicone products. Oil-based or silicone-based lubricants can degrade the silicone material over time.

### Storage:

Store the product in a clean, dry, and cool place, away from direct sunlight and extreme temperatures. Keep out of reach of children or pets.

## 5. TROUBLESHOOTING

---

### Device Not Turning On:

- Ensure the device is fully charged.
- Press and hold the power button for 2-3 seconds. A quick press may not activate it.

### App Connectivity Issues:

- Ensure Bluetooth is enabled on your smartphone.
- Make sure the device is powered on and within range of your smartphone.
- Try restarting both the device and the app.

### Reduced Performance:

- Recharge the device fully.
- Ensure the device is clean and free from debris.
