## 4. MAINTENANCE

---

The huupe mini is engineered for durability, with a screen protected by multiple layers of shock absorption. To ensure longevity and optimal performance:

- Keep the backboard and screen clean using a soft, dry cloth. Avoid abrasive cleaners.
- Ensure the USB-C charging port is free from dust and debris.
- Store the huupe mini in a dry environment when not in use.
- Regularly check the net and rim for any signs of wear and tear.

## 5. TROUBLESHOOTING

---

If you encounter any issues with your huupe mini, please consider the following:

- **Device not turning on:** Ensure the device is fully charged using the provided USB-C charger. Check the power button on the remote and the device itself.
- **Shot tracking issues:** Verify that the ball is the official huupe mini pro grip ball and is properly inflated. Ensure no obstructions are blocking the sensor area.
- **Connectivity problems:** Check your Wi-Fi and Bluetooth connections. Restart the device and your router if necessary.
- **Screen display issues:** Restart the device. If the problem persists, ensure the device is adequately charged.
