Onforu FW05

Onforu FW05 7W Floor Can Light Uplighting Indoor Instruction Manual

Brand: Onforu | Model: FW05

PRODUCT OVERVIEW

The Onforu FW05 7W Floor Can Light is designed for indoor accent lighting, offering adjustable color temperature from 2700K (warm white) to 6500K (cool white) and dimmable brightness. It features convenient control options including a remote control and a foot switch. The compact and durable design ensures optimal heat dissipation and long-lasting performance, making it ideal for highlighting plants, artwork, or creating ambient warmth in various living spaces.

Floor Can Light Indoor

WHAT'S IN THE BOX

- 2 x Onforu FW05 7W Floor Can Lights
- 1 x Remote Control (AAA batteries not included)
- 1 x Instruction Manual

SETUP INSTRUCTIONS

1. **Unpack the Lights:** Carefully remove both floor can lights and the remote control from the packaging.
2. **Insert Remote Batteries:** Open the battery compartment on the back of the remote control and insert 2 AAA batteries (not included), ensuring correct polarity.
3. **Position the Lights:** Place the floor can lights in your desired indoor location. The 5.9ft power cord allows for flexible placement on floors, tables, or in corners.
4. **Plug In:** Connect the power plug of each light into a standard 120V AC electrical outlet.
5. **Remote Pairing (if needed):** If the remote does not immediately control the lights, turn on the light using the foot switch. Then, long-press the "SETUP" button on the remote for 3-5 seconds to pair.

OPERATING INSTRUCTIONS

Using the Foot Switch

The integrated foot switch on the power cord provides a simple way to control the light. Press the switch to turn the light ON or OFF. Repeated presses may cycle through the preset color temperatures (Warm White, Neutral White, Cool White).

Using the Remote Control

The remote control offers comprehensive control over the light's functions within an 8-meter range. Ensure the remote is pointed towards the light for optimal response.

- **Power ON/OFF:** Press the **ON** or **OFF** buttons.
- **Color Temperature Adjustment:** Use the **K-** and **K+** buttons to cycle through 2700K (Warm White), 4000K (Neutral White), and 6500K (Cool White). Direct buttons for 3000K, 4000K, and 6000K are also available.
- **Brightness Adjustment:** Use the **Brightness+** and **Brightness-** buttons to increase or decrease the light intensity.
- **Timer Function:** Set the light to automatically turn off after 2H, 4H, 6H, or 8H using the dedicated timer buttons.
- **Night Mode:** Press the **Night Mode** button (moon icon) for a softer, low-brightness setting.

*** NOTE: AAA batteries are not included**

MAINTENANCE

- **Cleaning:** Ensure the light is unplugged before cleaning. Use a soft, dry cloth to wipe the exterior. Do not use abrasive cleaners or solvents.

- **Bulb Replacement:** The LED bulb is integrated and not user-replaceable.
- **Storage:** When not in use for extended periods, unplug the light and store it in a cool, dry place.

TROUBLESHOOTING

- **Light does not turn on:**
 - Check if the power plug is securely inserted into the outlet.
 - Ensure the outlet is functional by testing it with another device.
 - Verify that the foot switch or remote control is pressed correctly.
- **Remote control not working:**
 - Check if the AAA batteries are correctly inserted and not depleted. Replace if necessary.
 - Ensure there are no obstructions between the remote and the light.
 - Re-pair the remote by long-pressing the "SETUP" button for 3-5 seconds while the light is on.
- **Colors do not match:**
 - If using multiple lights, point the remote at each light individually and press the desired color button again to synchronize.
