VIBOX IV-335

VIBOX IV-335 PC Gamer Instruction Manual

Model: IV-335 | Brand: VIBOX

INTRODUCTION

Welcome to the VIBOX IV-335 PC Gamer instruction manual. This document provides essential information for setting up, operating, maintaining, and troubleshooting your new high-performance gaming computer. The VIBOX IV-335 is equipped with an AMD Ryzen 7 5700X processor, Nvidia RTX 5070 graphics card, 32GB DDR4 RAM, and a 1TB SSD, designed to deliver an exceptional gaming and computing experience.

1. SETUP

1.1 Unboxing and Initial Inspection

Carefully remove the PC from its packaging. Inspect the computer for any visible damage that may have occurred during transit. Ensure all accessories, such as the power cable, Wi-Fi adapter, and any included documentation, are present.

1.2 Connecting Peripherals

Connect your monitor, keyboard, mouse, and other peripherals to the appropriate ports on the back of the PC.

- **Monitor:** Use an HDMI or DisplayPort cable to connect your monitor to the graphics card (Nvidia RTX 5070).
- **Keyboard and Mouse:** Connect to any available USB ports.
- **Power:** Connect the power cable to the PC's power supply unit and then to a wall outlet.
- **Network:** For wired internet, connect an Ethernet cable to the LAN port. For wireless, ensure the included Wi-Fi 6 adapter is installed or connected.

1.3 First Boot-up

Press the power button on the front of the PC. The system will boot into Windows 11 Home. Follow the on-screen instructions to complete the initial Windows setup, including language, region, network connection, and user account creation.

2. OPERATING INSTRUCTIONS

2.1 Windows 11 Home Overview

Your VIBOX IV-335 comes pre-installed with Windows 11 Home, optimized for gaming. Key features include:

- Faster loading times with DirectStorage.
- Improved graphics with AutoHDR.
- Seamless Xbox Game Pass integration.
- Optimized CPU performance for gaming.

2.2 High-Performance Components

The VIBOX IV-335 is built with powerful components to handle demanding tasks and games:

- **Processor:** AMD Ryzen 7 5700X (8 Cores, up to 4.6 GHz) for exceptional multi-tasking and gaming performance.
- **Graphics Card:** Nvidia GeForce RTX 5070 (12GB GDDR7) for stunning visuals and high frame rates.
- **Memory:** 32GB DDR4 RAM ensures smooth multitasking and system responsiveness.
- **Storage:** 1TB SSD provides ultra-fast boot times and rapid game loading.

2.3 Cooling System

The system features an advanced cooling solution to maintain optimal temperatures during intense usage:

- **Water Cooling:** An AIO 120mm liquid cooler ensures efficient heat dissipation from the CPU.
- **RGB Fans:** Multiple 120mm RGB fans provide excellent airflow and customizable lighting effects.

3. MAINTENANCE

3.1 Cleaning

Regular cleaning helps maintain optimal performance and extends the lifespan of your PC.

- **Exterior:** Use a soft, dry cloth to wipe down the exterior surfaces. Avoid abrasive cleaners.
- **Interior:** The PC case features a tempered glass side panel for easy access. Periodically, use compressed air to remove dust from fans, heatsinks, and other internal components. Ensure the PC is powered off and unplugged

before opening the side panel.

3.2 Software Updates

Keep your operating system, drivers (especially graphics drivers), and applications updated to ensure stability, security, and optimal performance. Windows Update can manage OS updates, while graphics drivers can be updated via Nvidia's official website or software.

4. TROUBLESHOOTING

If you encounter issues with your VIBOX IV-335, consider the following common troubleshooting steps:

- **No Power:** Ensure the power cable is securely connected to both the PC and the wall outlet. Check the power switch on the back of the power supply unit.
- **No Display:** Verify that the monitor cable is connected to the graphics card (not the motherboard's video output) and that the monitor is powered on and set to the correct input source.
- **System Slowdown:** Check for background applications consuming resources. Ensure drivers are up to date and perform a system scan for malware.
- **Unusual Fan Noise:** While some fan noise is normal, excessive or unusual noise might indicate dust buildup or a fan issue. Refer to the cleaning section.

For further assistance, please refer to the Warranty and Support section.

5. SPECIFICATIONS

Below are the detailed technical specifications for the VIBOX IV-335 PC Gamer:

Feature	Detail
Brand	VIBOX
Model Number	IV-335
Operating System	Windows 11 Home
CPU Model	AMD Ryzen 7 5700X
CPU Speed	3.4 GHz (Max 4.6 GHz)
CPU Cores	8
Graphics Coprocessor	Nvidia RTX 5070
Graphics RAM	12 GB GDDR7
Storage Capacity	1 TB SSD
RAM Installed	32 GB DDR4
Max RAM Supported	128 GB
RAM Speed	2666 MHz
Cooling Method	Water Cooling
Connectivity	Ethernet, HDMI, USB, Wi-Fi 6, Bluetooth 5.4

Feature	Detail
Video Output Interface	HDMI, DisplayPort
Total USB Ports	4
Dimensions (L x W x H)	40 x 21 x 45 cm
Color	White

6. WARRANTY AND SUPPORT

Your VIBOX IV-335 PC Gamer comes with comprehensive warranty coverage:

- **Parts Warranty:** 2 Years
- **Labor Warranty:** Lifetime
- **Spare Parts Availability:** 2 Years
