Ambrane Stylo N20

Ambrane Stylo N20 20000mAh Power Bank User Manual

Model: Stylo N20

INTRODUCTION

The Ambrane Stylo N20 is a 20000mAh power bank designed for portable charging of various electronic devices. It features 22.5W fast charging capabilities, multiple output ports including USB-A and Type-C, and an integrated Type-C cable for convenience. This manual provides essential information for the safe and efficient use of your power bank.

Image: Overview of the Ambrane Stylo N20 Power Bank's features, including its 20000mAh battery, 22.5W fast charging, dual output ports (USB-A and Type-C), and integrated detachable Type-C cable.

SETUP

1. Initial Charging of the Power Bank

Before first use, fully charge your Ambrane Stylo N20 power bank. Connect the power bank to a compatible 20W Power Delivery (PD) charger using a Type-C cable. A full charge typically takes approximately 5 hours.

Image: The power bank connected to a wall adapter for rapid recharging using its Type-C input port.

2. Understanding LED Indicators

The power bank is equipped with LED indicators to display the remaining battery level and charging status.

OPERATING INSTRUCTIONS

1. Charging Your Devices

The Stylo N20 offers multiple output options for charging your devices:

- **USB-A Output:** Connect your device using a standard USB-A to your device's charging cable. This port supports up to 22.5W fast charging.
- **Type-C Output:** Use the dedicated Type-C port or the integrated detachable Type-C to Type-C cable to charge compatible devices. This port supports up to 22W fast charging.
- The power bank supports various fast charging protocols including PD 3.0, QC 3.0, PPS, and VOOC, ensuring compatibility with a wide range of smartphones, tablets, and other electronic devices.

Safe Charge Technology

MAINTENANCE

1. General Care

- Keep the power bank dry and away from moisture.
- Avoid exposing the power bank to extreme temperatures (hot or cold).
- Clean the exterior with a soft, dry cloth. Do not use harsh chemicals or abrasive materials.
- Store in a cool, dry place when not in use.

2. Safety Precautions

- Do not disassemble, crush, puncture, or short-circuit the power bank.
- Keep away from fire or direct heat sources.
- Dispose of the power bank responsibly according to local regulations.
- The power bank incorporates multi-layer chipset protection for safe charging.

TROUBLESHOOTING

- Power Bank Not Charging / LED Indicators Malfunctioning:**

If the power bank does not charge or its LED indicators behave erratically (e.g., not lighting up, flickering, or stopping unexpectedly), ensure the charging cable and wall adapter are functioning correctly. Try using a different, known-good cable and a 20W PD compatible adapter. Verify the power source is active. If the issue persists, contact customer support.

- Device Not Charging from Power Bank:**

Check if the power bank has sufficient charge. Ensure the charging cable connecting your device to the power bank is securely connected and not damaged. Try a different port on the power bank or a different charging cable. Confirm your device is compatible with the power bank's output specifications.

- Slow Charging:**

Ensure both your device and the charging cable support fast charging protocols (PD, QC, PPS, VOOC). Using a non-fast charging cable or connecting to a device that does not support these protocols will result in standard charging speeds. Check if the power bank's battery level is very low, as charging speeds can decrease when the power bank is near depletion.

SPECIFICATIONS

Feature	Detail
Model Name	Stylo N20
Battery Capacity	20000mAh
Fast Charging Output	22.5W
Connector Type	USB Type C
Output Ports	USB-A, Type-C (Dual Output)
Input Port	Type-C (20W PD Recharge)
Battery Cell Composition	Lithium Polymer
Compatible Devices	Smartphone, Tablets, Earbuds
Item Weight	414 Grams
