PetPace PRD00SMART2.0

PetPace Smart Collar 2.0 User Manual

Model: PRD00SMART2.0 | Brand: PetPace

Introduction

The PetPace Smart Collar 2.0 is an advanced AI-powered health monitor and GPS tracker designed for dogs. It continuously tracks vital signs and activity patterns to provide pet parents with near real-time insights into their dog's well-being. This manual provides essential information for setting up, operating, maintaining, and troubleshooting your PetPace Smart Collar 2.0.

1. Setup

1.1 Unboxing

Your PetPace Smart Collar 2.0 package should contain the following items:

- Health Collar
- Charging Cable
- USB Power Adaptor

1.2 Charging the Collar

Before first use, fully charge your PetPace Smart Collar 2.0. The fast-charging battery lasts up to 3 weeks on a 2-hour charge when used indoors via Wi-Fi.

1.3 App Download and Subscription

The PetPace App is required for full functionality and is available on both Android and iOS devices. A subscription is necessary for cellular operation, data collection, tracking, and analytics. The subscription is sold separately and

purchased as part of the initial setup process within the app, starting at $15/month (Billed Yearly).

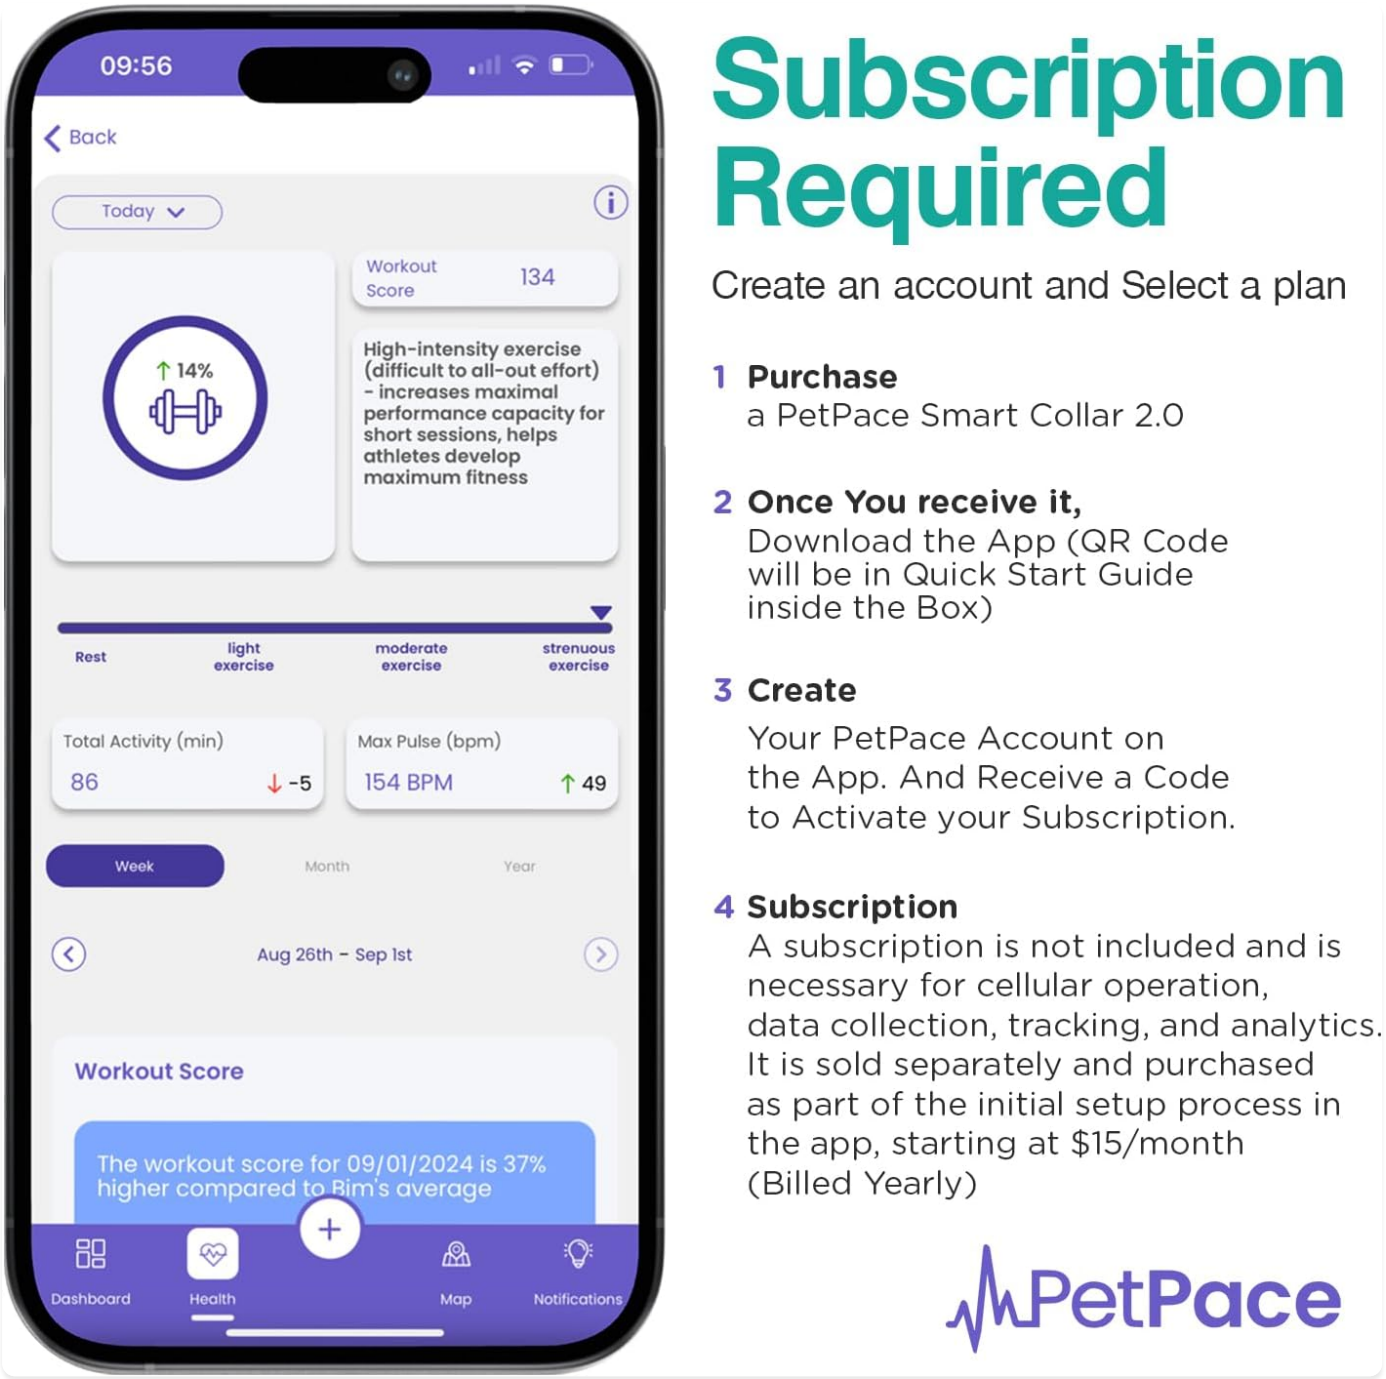

Image: Visual guide detailing the steps to activate the required subscription for the PetPace Smart Collar 2.0.

1.4 Collar Sizing

Choosing the correct collar size is crucial for optimal comfort and accurate health monitoring. PetPace offers three adjustable collar sizes:

Collar Size	Neck Circumference
Small	8" to 12"
Medium	10.5" to 18"
Large	16" to 24.5"

Each collar provides a few inches of flexibility for easy adjustment. Use a soft measuring tape or a piece of string and a ruler to accurately measure your dog's neck.

Image: A visual guide demonstrating how to measure your dog's neck for the correct PetPace Smart Collar size.

1.5 Wearing the Collar

For best results and accurate data collection, the collar should remain on your dog for a minimum of 18 hours a day. The collar is lightweight, comfortable, and fully adjustable.

2. Operating the Smart Collar

2.1 Health Monitoring

The PetPace Smart Collar 2.0 tracks a comprehensive range of health parameters 24/7:

- **Vital Signs:** Heart rate, temperature, pulse, and breathing.
- **Activity:** Sleep patterns, activity levels, and calories burned.
- **Behavioral Indicators:** Stress levels, pain indicators, and posture analysis.

AI-driven alerts notify you of abnormal patterns, allowing for early detection of potential issues like stress, pain, seizures, or mobility problems. This provides near real-time data for proactive pet health management.

2.2 GPS Tracking

The collar includes GPS tracking with smart activity insights. It allows you to monitor your pet's movement, rest, and exercise levels. Please note that this collar provides near real-time GPS tracking but **does not provide Geo-Fencing** capabilities.

2.3 App Features and Reports

The PetPace App offers detailed health insights and vet-sharing tools. You can easily generate a one-click full health report to share with your veterinarian, aiding in faster diagnoses and better treatment plans. The app's dashboard presents trends, historical comparisons, and milestones that unlock more advanced features as data is collected over time.

2.4 Durability and Water Resistance

The PetPace Smart Collar 2.0 is ruggedized and waterproof, complying with the IP66 and IP68 international standards (IEC). This means it can handle rain, splashes, and submersion up to 1 meter for 30 minutes, making it suitable for everyday use and various outdoor activities.

3. Maintenance

To ensure the longevity and optimal performance of your PetPace Smart Collar 2.0, follow these maintenance guidelines:

- **Cleaning:** The collar is designed to be easy to clean. Wipe it down regularly with a damp cloth to remove dirt and debris. Avoid harsh chemicals.
- **Charging:** Recharge the collar as needed. A full charge takes approximately 2 hours and provides up to 3 weeks of battery life.
- **Storage:** When not in use for extended periods, store the collar in a cool, dry place.

4. Troubleshooting

If you encounter issues with your PetPace Smart Collar 2.0, consider the following:

- **Connectivity Issues:** Ensure the collar is charged and within range of your Wi-Fi network or cellular service (if subscribed). Check your app for connection status.
- **Inaccurate Data:** Verify that the collar is properly sized and worn correctly on your dog's neck. An improper fit can affect the accuracy of vital sign readings.
- **Subscription Required:** Remember that a subscription is mandatory for data collection, tracking, and analytics. Ensure your subscription is active within the PetPace app.
- **Geographic Limitations:** The PetPace Smart Collar 2.0 will only fully work within The USA & Canada. Other geographic locations may work ONLY via Wi-Fi.

Note: No official product videos from the seller were available for embedding in this manual.
