Pinmoco H200477E-BLPU

Pinmoco Cross Legged Office Chair User Manual

Model: H200477E-BLPU

1. INTRODUCTION

Thank you for choosing the Pinmoco Cross Legged Office Chair. This manual provides essential information for the safe and efficient use of your new chair. Please read it thoroughly before assembly and operation, and retain it for future reference.

This chair is designed to accommodate various sitting positions, including cross-legged, squatting, or kneeling, offering comfort and flexibility for different users and activities such as office work, meditation, or yoga.

2. IMPORTANT SAFETY INFORMATION

WARNING: To prevent injury, please adhere to the following safety guidelines:

- Do not exceed the maximum weight recommendation of **330 pounds (150 kg)** for safe use.
- Ensure all screws and bolts are securely tightened before use. Periodically check and re-tighten as necessary.
- Keep small parts away from children during assembly.
- Use the chair only for its intended purpose as an office or meditation chair.
- Avoid standing on the chair or using it as a step stool.
- Do not expose the chair to extreme temperatures or direct sunlight for prolonged periods, as this may damage the material.

3. PACKAGE CONTENTS

Before beginning assembly, verify that all components are present and undamaged. If any parts are missing or damaged, please contact Pinmoco customer support.

- Basic Components of Cross Legged Chair (Seat, Backrest, Base, Wheels, Gas Lift)
- Installation Tools and Accessories (Allen Wrench, Screws)
- Manual (This document)

4. SETUP AND ASSEMBLY

Assembly of the Pinmoco Cross Legged Office Chair is straightforward. Follow these steps carefully:

1. **Attach Wheels to Base:** Insert the five caster wheels into the holes at the end of each leg of the chair base. Push firmly until they click into place.
2. **Insert Gas Lift:** Place the gas lift cylinder into the center hole of the chair base.
3. **Assemble Seat Mechanism:** Attach the seat mechanism to the underside of the main seat cushion using the provided screws. Ensure the lever is facing the front.
4. **Attach Seat to Gas Lift:** Carefully place the assembled seat onto the gas lift cylinder.
5. **Attach Backrest:** Secure the backrest support to the main seat mechanism using the provided screws. Then, attach the backrest cushion to the backrest support.
6. **Attach Footrest:** Secure the footrest to the main chair frame using the designated screws.

Tip: It is recommended to assemble the chair on a soft, clean surface to prevent scratches.

5. OPERATING INSTRUCTIONS

Your Pinmoco Cross Legged Office Chair offers several adjustable features for optimal comfort and posture.

5.1. Seat Height Adjustment

To adjust the seat height, locate the lever under the right side of the seat. While seated, pull the lever up to lower the seat. To raise the seat, lift your weight off the seat and pull the lever up. Release the lever at your desired height. The seat cushion height adjusts from 20 to 27 inches.

**Waterproof and
Comfortable**

5.2. Backrest Adjustment

The backrest offers two adjustable positions. Use the provided Allen wrench to loosen the bolts securing the backrest, adjust it to your preferred angle, and then re-tighten the bolts securely. This allows for customized lumbar support.

5.3. Footstool Swivel

The innovative footrest rotates a full 360 degrees, allowing you to effortlessly adjust your posture without moving the entire chair. Simply rotate the footstool to find your most comfortable position.

6. CARE AND MAINTENANCE

Proper care will extend the life and appearance of your Pinmoco chair.

- **Cleaning:** For PU leather surfaces, wipe with a soft, damp cloth. For teddy velvet surfaces, use a soft brush or vacuum to remove dust and debris. For spills, blot immediately with a clean, dry cloth. Do not use harsh chemicals or abrasive cleaners.
- **Waterproof Feature:** The PU leather material is waterproof and easy to clean.
- **Inspection:** Periodically check all bolts and screws to ensure they are tight. Re-tighten if necessary to maintain stability and safety.
- **Movement:** When moving the chair, lift it rather than dragging it to prevent damage to the floor or chair components.

7. TROUBLESHOOTING

If you encounter any issues with your chair, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Chair wobbles or is unstable.	Loose screws or uneven floor.	Check and tighten all assembly screws. Ensure the chair is on a flat, even surface.
Seat height adjustment not working.	Gas lift issue or lever mechanism obstruction.	Ensure the lever is fully engaged. If the issue persists, the gas lift may need replacement. Contact customer support.

Problem	Possible Cause	Solution
Wheels not rolling smoothly.	Debris in casters or damaged wheels.	Clean any hair or debris from the wheel casters. If wheels are damaged, contact customer support for replacements.
Missing parts or bent bar upon delivery.	Shipping damage or packaging error.	Contact Pinmoco customer support immediately for parts replacement or upgrade service.
