Basike WXC148-W91

Basike WXC148-W91 3-in-1 Magnetic Wireless Charger User Manual

1. Product Overview

The Basike WXC148-W91 is a versatile 3-in-1 magnetic wireless charging station designed to simultaneously charge your iPhone, Apple Watch, and AirPods. Its foldable design enhances portability, and the integrated night light adds convenience. This charger is compatible with MagSafe-enabled iPhones and offers fast, efficient charging for your Apple ecosystem devices.

Key Features:

- **3-in-1 Wireless Charging:** Charges iPhone (15W), Apple Watch (2.5W), and AirPods (5W) simultaneously.
- **MagSafe Compatibility:** Strong magnetic alignment for secure and instant iPhone charging.
- **Foldable Design:** Compact and portable for easy storage and travel.
- **Adjustable Viewing Angle:** iPhone charging area adjusts up to 120° for comfortable viewing in portrait or landscape mode.
- **Integrated Night Light:** Provides soft illumination.
- **Safety Protections:** Built-in overcurrent, overvoltage, and temperature control for safe charging.

2. Setup Instructions

2.1 Package Contents

Before you begin, please ensure all items are present in the package:

- 1 x Basike 3-in-1 Magnetic Wireless Charger
- 1 x Wireless Charging Cable (USB-C)
- 1 x User Manual

2.2 Connecting to Power

1. Connect the provided USB-C charging cable to the input port on the back of the Basike 3-in-1 Magnetic Wireless Charger.

2. Connect the other end of the USB-C cable to a power adapter (not included). For optimal fast charging performance, use a **20W PD charger or higher**. An adapter of at least 25W is recommended for maximum speed.
3. Plug the power adapter into a wall outlet. The charger is now ready for use.

3. Operating Instructions

3.1 Charging Your iPhone

The charger features a magnetic charging pad for your iPhone.

1. Ensure your iPhone is MagSafe compatible (iPhone 12 series or newer) or is using a MagSafe-compatible case.
2. Place your iPhone onto the magnetic charging pad. The magnets will automatically align your device for optimal charging.
3. A charging indicator will appear on your iPhone screen, confirming that charging has begun.

Image: An iPhone securely attached to the magnetic charging pad, illustrating the strong magnetic adherence for stable charging.

3.2 Charging Your Apple Watch

The dedicated Apple Watch charging module is located at the base of the stand.

1. Place your Apple Watch onto the Apple Watch charging module.
2. Ensure the watch is properly seated and the charging icon appears on its screen.

3.3 Charging Your AirPods

The AirPods charging area is located on the base, next to the Apple Watch module.

1. Place your AirPods case (compatible with wireless charging) onto the designated charging area.
2. The charging indicator on your AirPods case will illuminate, confirming that charging has begun.

3.4 Simultaneous Charging

The Basike 3-in-1 charger allows for independent charging of all three devices simultaneously without affecting each other's performance. Your devices can reach full charge in approximately 2-3 hours, depending on their battery level and the power adapter used.

Image: The 3-in-1 charger actively charging an iPhone, Apple Watch, and AirPods, demonstrating its multi-device capability.

3.5 Adjustable Viewing Angle

The iPhone charging area can be adjusted up to 120 degrees. This allows you to position your iPhone horizontally or vertically, providing an ideal viewing angle for watching videos, making video calls, or using StandBy mode.

Image: The charger shown in its compact, folded state and various adjustable angles, highlighting its portability and flexible viewing options.

3.6 Night Light Function

The charger includes an integrated night light. Refer to the physical product for the specific control mechanism (e.g., touch sensor) to turn the light on/off and adjust its intensity.

4. Maintenance

To ensure the longevity and optimal performance of your Basike 3-in-1 Magnetic Wireless Charger, follow these maintenance guidelines:

- **Cleaning:** Disconnect the charger from the power source before cleaning. Use a soft, dry, lint-free cloth to wipe the surfaces. Do not use abrasive cleaners, solvents, or aerosol sprays.
- **Storage:** When not in use, especially during travel, fold the charger into its compact form to protect it from damage. Store in a cool, dry place.
- **Avoid Liquids:** Keep the charger away from water and other liquids. If it comes into contact with liquid,

disconnect it immediately and allow it to dry completely before reuse.

- **Handle with Care:** Avoid dropping the charger or subjecting it to strong impacts, as this can damage internal components.

5. Troubleshooting

If you encounter issues with your Basike 3-in-1 Magnetic Wireless Charger, please refer to the following common problems and solutions:

- **Device not charging:**
  - Ensure the charger is properly connected to a working power outlet.
  - Verify that your device is correctly placed on the charging area and aligned with the coils (especially for AirPods).
  - For iPhones, ensure it is MagSafe compatible or using a MagSafe-compatible case. Thick cases (over 5mm) may interfere with charging.
  - Remove any metal objects, credit cards, or magnetic attachments from the back of your phone or case.
- **Slow charging:**
  - Ensure you are using a **20W PD charger or higher** (at least 25W recommended) for optimal charging speeds. Lower wattage adapters will result in slower charging.
  - Check if your device is overheating. Charging speed may be reduced if the device or charger gets too warm.
  - Close unnecessary background applications on your device.
- **Night light not working:**
  - Ensure the charger is powered on.
  - Locate the touch control for the night light and try activating it.
- **Magnetic connection is weak:**
  - Ensure your iPhone is MagSafe compatible.
  - If using a case, ensure it is a MagSafe-compatible case. Standard cases may not provide sufficient magnetic adherence.

6. Technical Specifications

Parameter	Detail
Product Name	3-in-1 Magnetic Wireless Charger
Model	WXC148-W91
Dimensions	96 x 65 x 30 mm (folded); 6.5 x 3 x 9.6 cm (product)
Weight	180 g
Material	Acrylonitrile Butadiene Styrene (ABS), Plastic
Color	Black
Input	DC 5V-3A / 9V-3A

Smartphone Output	5W / 7.5W / 10W / 15W (Max)
Headphone Output	5W (Max)
Smartwatch Output	2.5W
Conversion Rate	Slow Charge >70% / Fast Charge >75%
Frequency	110-205KHz
Effective Charging Distance	<5mm
Compatible Devices	Smartphones (MagSafe compatible), Smartwatches (Apple Watch), Wireless Headphones (AirPods with wireless charging case)
Special Features	Multi-device charging, Fast charging, Wireless charging, MagSafe compatible, Short-circuit protection, Night light

7. Safety Information

The Basike 3-in-1 Magnetic Wireless Charger is designed with multiple safety features to protect your devices and ensure reliable operation:

- **Overcurrent Protection:** Prevents damage from excessive current flow.
- **Overvoltage Protection:** Safeguards against voltage spikes.
- **Temperature Control:** Monitors and regulates the charger's temperature to prevent overheating.
- **Short-Circuit Protection:** Automatically cuts off power in case of a short circuit.

Always use the charger in a well-ventilated area and avoid covering it during operation. Do not disassemble or attempt to repair the device yourself.
