## OUKITEL WP35 PRO

# OUKITEL WP35 Pro Rugged Phone User Manual

Model: WP35 PRO

## INTRODUCTION

---

This manual provides essential information for setting up, operating, maintaining, and troubleshooting your OUKITEL WP35 Pro Rugged Phone. Please read it carefully to ensure optimal performance and longevity of your device.

Figure 1: OUKITEL WP35 Pro device overview, showcasing its robust design and key specifications.

## WHAT'S IN THE BOX

Verify that all items are present in your package:

- Smartphone WP35 Pro x 1
- USB Data Cable x 1
- Charger x 1
- Quick Start Guide x 1
- Warranty Card x 1

# SETUP

## 1. SIM Card and Storage Installation

The OUKITEL WP35 Pro supports dual SIM cards and expandable storage via a TF card.

1. Locate the SIM card tray on the side of the device.
2. Use the provided SIM ejector tool to open the tray.
3. Carefully place your Nano-SIM cards and/or TF card into the designated slots. Ensure correct orientation as indicated on the tray.
4. Gently push the tray back into the device until it is flush.

Figure 2: Overview of phone features including the SIM card slot for installation.

## 2. Initial Power On and Setup Wizard

Press and hold the power button until the OUKITEL logo appears. Follow the on-screen instructions to complete the initial

setup, including language selection, Wi-Fi connection, Google account setup, and security settings (fingerprint/face recognition).

Figure 3: The Android 14 operating system provides a user-friendly interface for initial setup and daily use.

## OPERATING YOUR DEVICE

### 1. Display and Navigation

The OUKITEL WP35 Pro features a 6.6-inch 2.4K FHD+ Corning Gorilla Glass 6th Gen display, offering vibrant visuals and enhanced durability against scratches and impacts.

# 6.6" FHD+ 2.4K Screen

Resolution:

Video 1: Demonstrates the OTG reverse charging feature, allowing the OUKITEL WP35 Pro to power other devices like a portable blender.

## 5. Connectivity and Navigation

The WP35 Pro supports 5G dual SIM, NFC for mobile payments, Bluetooth 5.2, and Wi-Fi. For navigation, it integrates GPS, GLONASS, BeiDou, and Galileo systems, ensuring accurate positioning for outdoor activities.

## DURABILITY AND PROTECTION

The OUKITEL WP35 Pro is built to withstand harsh environments, holding IP68/IP69K waterproof and dustproof certifications, and MIL-STD-810H military-grade durability. This means it can endure:

- 1.5-meter water immersion for 30 minutes.
- 1.5-meter drop resistance.

- 360° full protection against dust.

Video 2: Demonstrates the OUKITEL WP35 Pro's water resistance by showing it submerged and functioning.

## MAINTENANCE

To ensure the longevity and optimal performance of your OUKITEL WP35 Pro, follow these maintenance guidelines:

- **Cleaning:** Use a soft, damp cloth to clean the device. Avoid harsh chemicals or abrasive materials. For waterproof integrity, ensure all port covers are securely closed before exposure to water.
- **Charging:** Use only the provided charger and USB cable. Avoid overcharging or completely draining the battery frequently.
- **Software Updates:** Regularly check for and install system updates to ensure your device has the latest security patches and performance improvements.

- **Storage Management:** Periodically clear unnecessary files and applications to maintain optimal storage space and device speed.

## TROUBLESHOOTING

If you encounter issues with your OUKITEL WP35 Pro, refer to the following common troubleshooting steps:

Problem	Possible Cause	Solution
Device not powering on	Low battery; software crash	Charge the device for at least 30 minutes. Press and hold the power button for 10-15 seconds to force restart.
Apps freezing or crashing	Insufficient RAM; app conflict	Close background apps. Clear app cache/data. Reinstall problematic app. Check for system updates.
Poor network connectivity (5G/Wi-Fi)	Weak signal; incorrect settings	Move to an area with better signal. Toggle Airplane Mode on/off. Reset network settings.
Battery drains quickly	High screen brightness; background apps; faulty app	Reduce screen brightness. Disable unused features (GPS, Bluetooth). Identify and uninstall power-hungry apps.
Fingerprint/Face ID not working	Sensor dirty; incorrect registration	Clean the sensor. Re-register your fingerprint/face. Ensure proper lighting for face unlock.

If the issue persists, contact OUKITEL customer support for further assistance.
