DOITOOOL 10pcs Material House Numbers User Manual

Reflective Door Signs for Home, Vinyl Sticker Plaque

INTRODUCTION

This manual provides instructions for the installation and care of your DOITOOOL 10-piece set of self-adhesive house numbers. These numbers are designed to enhance the visibility of your address on doors, mailboxes, apartments, hotels, and other suitable surfaces. The set includes numbers from 0 to 9, crafted from durable ABS material with a reflective finish for easy readability.

SETUP AND INSTALLATION

The DOITOOOL house numbers feature a self-adhesive backing for quick and easy installation without the need for screws or drilling. Follow these steps for optimal adhesion:

1. **Prepare the Surface:** Ensure the surface where the number will be applied is smooth, clean, and dry. Dust, dirt, or moisture can affect adhesion. Use a clean cloth to wipe the area thoroughly.
2. **Positioning:** Carefully determine the desired placement for your house number. It is recommended to lightly mark the position with a pencil before peeling the adhesive backing.
3. **Apply the Number:** Peel off the protective film from the back of the number. Align the number with your marked position and press firmly onto the surface. Apply even pressure across the entire number for several seconds to ensure good contact.
4. **Curing Time:** Allow the adhesive to set for at least 24 hours before exposing the number to harsh weather conditions or attempting to reposition it.

OPERATING AND USAGE

These house numbers are designed for clear visibility and durability in various outdoor and indoor settings. They are suitable for:

- House doors and apartment entrances
- Mailboxes and post boxes
- Garages and sheds
- Commercial places, shops, and KTV establishments
- Any smooth, clean, and dry surface requiring clear numbering

MAINTENANCE

The DOITOOOL house numbers are made from durable ABS material, designed for longevity. To maintain their appearance and reflective quality:

- **Cleaning:** Wipe the numbers periodically with a soft, damp cloth to remove dust and grime. Avoid abrasive cleaners or harsh chemicals, as these may damage the finish.
- **Inspection:** Occasionally check the adhesion of the numbers, especially after extreme weather conditions. If any edge begins to lift, gently press it back down.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Number is not sticking properly.	Surface was not clean, dry, or smooth enough; insufficient pressure during application; extreme temperature changes.	Ensure surface is thoroughly cleaned and dried before application. Apply firm, even pressure for an extended period. For best results, apply in moderate temperatures. If possible, use a strong adhesive suitable for outdoor use to re-secure.
Number appears dull or less reflective.	Accumulation of dust or dirt; exposure to harsh elements over time.	Clean the surface of the number with a soft, damp cloth. Avoid abrasive cleaners.

SPECIFICATIONS

Material: ABS

Color: Rose Gold

Size (each number): Approximately 5.00cm x 3.20cm x 0.60cm (1.97 x 1.26 x 0.24 inches)

Weight (per set): Approximately 1.28 ounces
