## ENJBRICK 1058

# ENJBRICK City Car Repair Shop Building Set Instruction Manual

**Brand:** ENJBRICK | **Model:** 1058

## 1. Introduction and Overview

This instruction manual provides detailed guidance for assembling and understanding the features of your ENJBRICK City Car Repair Shop Building Set, Model 1058. This modular collectible set features 1637 pieces, allowing for a comprehensive and engaging building experience.

The completed model showcases a multi-story European town design with rich interior details:

- The first floor houses a city car garage shop.
- The second floor features a restaurant.
- The third floor includes a charming dessert bar.

The set is designed to be a decorative piece for homes or beverage shops, enhancing the atmosphere with its intricate details.

## 2. Safety Information

**WARNING: CHOKING HAZARD -- Small parts.**

This building set contains small parts and is not suitable for children under 3 years of age. Adult supervision is recommended during assembly, especially for younger builders. Please keep all small components away from infants and young children to prevent accidental ingestion.

## 3. Setup and Assembly

The ENJBRICK City Car Repair Shop Building Set is designed for a rewarding assembly experience. Follow the included instruction manual carefully for step-by-step guidance. The set is organized into numbered bags to streamline the building process.

### 3.1 Unboxing and Preparation

Upon opening the package, you will find several bags of building blocks and a detailed instruction manual. It is recommended to sort the pieces by type or color as you progress through the numbered bags to facilitate easier assembly.

## 4. Operating Features

The ENJBRICK City Car Repair Shop features several interactive elements and detailed interiors for enhanced play and display.

### 4.1 Ground Floor: Car Repair Shop & Gas Station

- **Garage Door:** The transparent garage door can be manually opened and closed, allowing vehicles to enter and exit the repair bay.

- **Car Lift:** A functional car lift mechanism is included to raise and lower vehicles for maintenance.
- **Tools & Equipment:** The garage is equipped with various tools and accessories for realistic repair scenarios.
- **Gas Pump:** A detailed gas pump is located outside the garage for refueling vehicles.
- **Motorcycle:** A small motorcycle is included, which can be parked at the gas station or used for display.

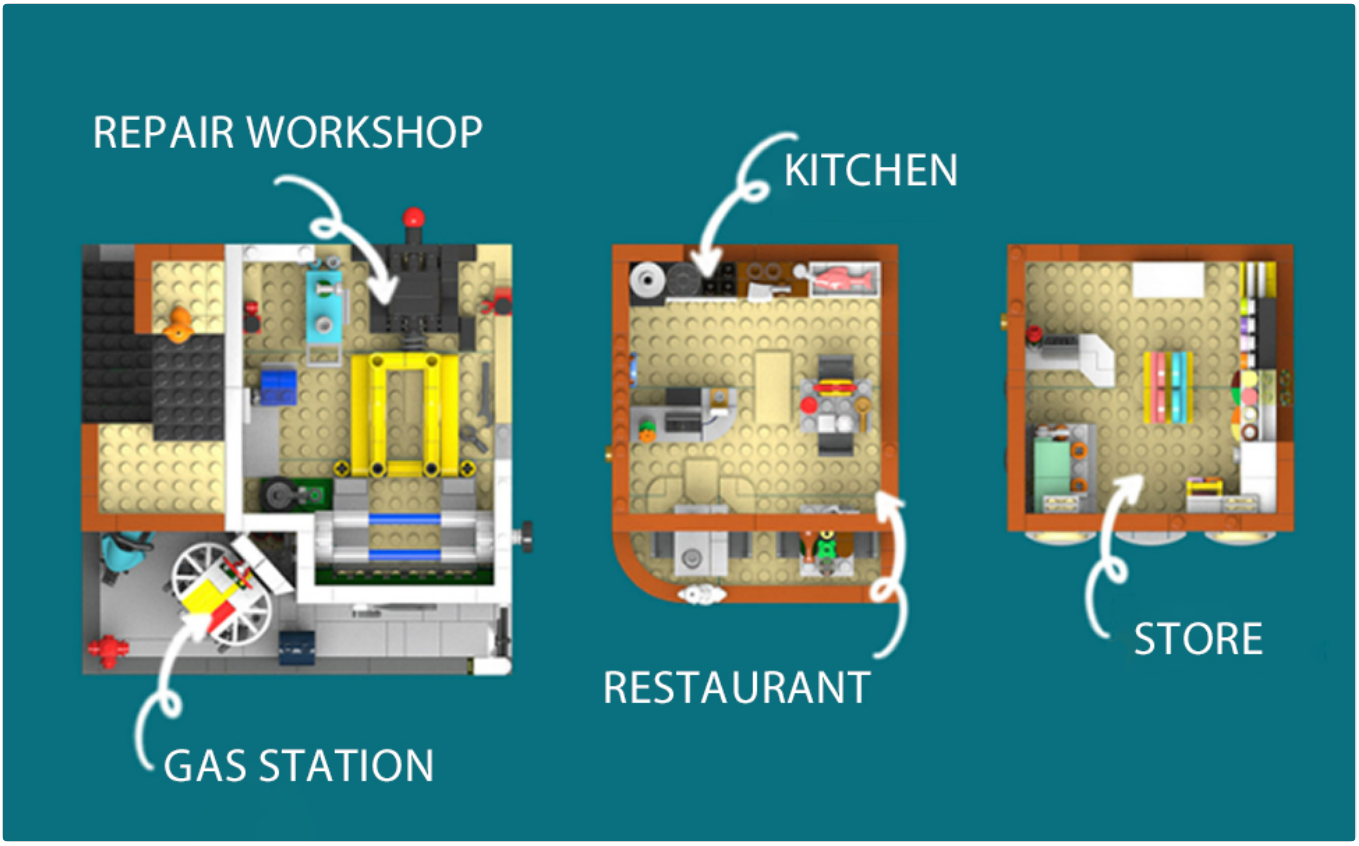

*Image: An overhead view illustrating the detailed layout of the ground floor, including the repair workshop and gas station areas.*

### 4.2 Second Floor: Restaurant

- **Dining Area:** Features tables and chairs for minifigures to dine.
- **Kitchen:** Equipped with kitchen appliances and food items for a realistic restaurant setting.
- **Balcony:** An outdoor balcony area provides additional seating or display space.

*Image: A close-up of the restaurant's interior, showcasing the dining tables, kitchen counter, and various food and drink accessories.*

### 4.3 Third Floor: Dessert Bar

- **Display Shelves:** Stocked with various dessert items and candies.
- **Cash Register:** A small counter with a cash register for transactions.

*Image: The interior of the dessert bar, featuring colorful candy displays, a counter, and other small details.*

## 5. Maintenance

To ensure the longevity and appearance of your ENJBRICK City Car Repair Shop Building Set, follow these simple maintenance guidelines:

- **Cleaning:** Gently wipe the blocks with a soft, dry cloth to remove dust. For stubborn dirt, use a slightly damp cloth with mild soap, then dry thoroughly. Avoid harsh chemicals or abrasive materials.
- **Storage:** Store the set in a cool, dry place away from direct sunlight to prevent discoloration and warping of the plastic. Keep small parts in a sealed container to avoid loss.
- **Handling:** Handle the assembled model with care, especially when moving it, to prevent parts from detaching.

## 6. Troubleshooting

If you encounter any issues during the assembly or use of your building set, please refer to the following common solutions:

- **Missing Pieces:** While rare, if you find any missing pieces, please contact ENJBRICK customer support with details of the missing part and the step in the manual where it is required.
- **Difficulty with Assembly:** Ensure you are following the instruction manual step-by-step. Sometimes, pieces may appear similar but have subtle differences. Double-check the part numbers and orientations.
- **Loose Connections:** If some pieces do not lock together properly, try gently pressing them firmly. If a piece consistently feels loose, it might be slightly warped or incorrectly placed.
- **Instructions Clarity:** If the instructions are unclear, refer to the visual aids in the manual or online resources for additional guidance.

## 7. Specifications

| | |
|---|---|
| **Product Dimensions** | 7.87 x 7.87 x 12.8 inches |
| **Item Weight** | 3.89 pounds |
