## MINISO 6942269594415-H22

# Miniso 9000mAh Mini Portable Power Bank User Manual

Model: 6942269594415-H22

## 1. PRODUCT OVERVIEW

---

The Miniso 9000mAh Mini Portable Power Bank is a compact and high-capacity charging solution designed for mobile devices. It features a 9000mAh lithium polymer battery, integrated Type-C and iPhone cables, and a battery level display for convenient power management. Its robust design includes advanced protection mechanisms against over-current, over-voltage, and short circuits.

## 2. SAFETY INFORMATION

---

Please read and follow these safety guidelines to ensure safe and efficient operation of your power bank:

- Disconnect the power bank from devices and power sources once charging is complete to preserve battery life.
- Keep the power bank away from children.
- Avoid exposing the power bank to severe shock, high temperatures, or moisture.
- Store the power bank in a cool, dry place to maintain its quality and longevity.
- Do not disassemble, puncture, or modify the power bank.
- Dispose of the power bank responsibly according to local regulations.

## 3. PACKAGE CONTENTS

---

Your Miniso 9000mAh Mini Portable Power Bank package should contain:

- 1 x Miniso 9000mAh Mini Portable Power Bank (with built-in Type-C and iPhone cables)

## 4. PRODUCT FEATURES

---

Key features of your Miniso Power Bank include:

- **Compact and portable design:** Easy to carry for on-the-go charging.
- **Battery level display:** Provides real-time information on the power bank's charge status.
- **Two built-in cables:** Includes integrated Type-C and iPhone connectors for versatile charging.
- **High-quality lithium polymer battery:** Ensures reliable and efficient power delivery.
- **Advanced protection:** Safeguards against over-current, over-voltage, and short circuits.

## 5. SETUP

---

Before first use, it is recommended to fully charge your Miniso Power Bank.

1. Locate the input port on the power bank (typically a USB-C port).
2. Connect a compatible USB-C charging cable (not included) to the power bank's input port.
3. Connect the other end of the charging cable to a USB power adapter (e.g., wall charger, computer USB port).
4. The battery level display will indicate charging progress. Once fully charged, disconnect the power bank from the power source.

## 6. OPERATING INSTRUCTIONS

---

### 6.1. Charging Your Devices

The Miniso Power Bank features two built-in cables for convenient charging:

1. Identify the correct cable for your device: the Type-C cable for Android devices and other USB-C compatible gadgets, or the iPhone cable for Apple devices.
2. Gently pull out the desired built-in cable from its storage slot on the power bank.
3. Connect the cable's connector firmly into your device's charging port.
4. The power bank will automatically begin charging your device. The battery level display will show the remaining power.
5. Once your device is fully charged, disconnect the cable from your device and tuck it back into its storage slot on the power bank.

### 6.2. Recharging the Power Bank

To recharge your Miniso Power Bank:

1. Connect a compatible USB-C charging cable (not included) to the power bank's input port.
2. Connect the other end of the charging cable to a USB power adapter (e.g., wall charger, computer USB port).
3. The battery level display will show the charging status.
4. Once the display indicates a full charge (e.g., 100%), disconnect the power bank from the power source.

## 7. BATTERY LEVEL DISPLAY

---

The Miniso Power Bank is equipped with a digital display that shows the current battery percentage. This allows you to monitor the remaining power and know when it's time to recharge the power bank or when your device is fully charged.

## 8. MAINTENANCE AND CARE

---

To ensure the longevity and optimal performance of your power bank:

- Clean the power bank with a soft, dry cloth. Do not use harsh chemicals or abrasive materials.
- Avoid dropping the power bank or subjecting it to strong impacts.
- Do not expose the power bank to extreme temperatures (hot or cold) or direct sunlight for prolonged periods.
- If not in use for an extended period, store the power bank in a cool, dry place and recharge it every 3-6 months to maintain battery health.

## 9. TROUBLESHOOTING

If you encounter issues with your Miniso Power Bank, refer to the following common problems and solutions:

| Problem                             | Possible Cause  | Solution   |
|-------------------------------------|---|--|
| Power bank not charging             | Charging cable is faulty; Power adapter is not working; Power bank battery is completely depleted.                  | Try a different charging cable and power adapter. Allow the power bank to charge for a longer period if completely depleted. |
| Device not charging from power bank | Power bank is out of charge; Cable connection is loose; Device charging port is dirty/damaged; Incompatible device. | Recharge the power bank. Ensure cables are securely connected. Clean device charging port. Confirm device compatibility.     |
| Slow charging                       | Using a low-power adapter; Cable is not optimal; Device requires higher input.                                      | Use a higher-output USB power adapter. Ensure the cable is in good condition.  |

## 10. SPECIFICATIONS

Detailed specifications for the Miniso 9000mAh Mini Portable Power Bank:

| Specification      | Value                                 |
|--------------------|---------------------------------------|
| Brand              | MINISO                                |
| Model Name         | Power Bank                            |
| Item Model Number  | 6942269594415-H22                     |
| Battery Capacity   | 9000mAh                               |
| Battery Type       | Lithium Polymer                       |
| Number of Ports    | 2 (Built-in Type-C and iPhone cables) |
| Compatible Devices | Laptop, Smartphone                    |
| Color              | White                                 |
| Item Weight        | 200 Grams                             |
| Product Dimensions | 14L x 10W x 3Th centimeters           |
| Package Dimensions | 17 x 15 x 5 cm                        |
| Country of Origin  | China                                 |

| Specification | Value  |
