3. PRODUCT OVERVIEW

The KEEPRO Stylus Pen is designed for comfortable and efficient use. It features a sleek design with essential components for optimal performance.

Image: KEEPRO Stylus Pen and included extra tips.

Components:

- **Stylus Body:** Ergonomically designed for comfortable grip.
- **Control Button:** Used for power ON/OFF and shortcut functions.
- **LED Indicator Lights:** Display battery status and connection status.
- **USB-C Charging Port:** For fast charging the stylus.
- **Replaceable Tip:** Provides pixel-perfect precision. Three extra tips are included.

4. SETUP

4.1. Charging the Stylus

The KEEPRO Stylus Pen features USB-C fast charging. Use a compatible USB-C cable to charge the pen.

- Charges to 80% within 15 minutes.
- Fully charges within 30 minutes.
- Provides up to 10 hours of continuous use on a full charge.

Ultra Fast Charging

0 to 80% in just 15 mins via USB-C

4.2. Power On/Off

To turn the stylus ON or OFF, long press the control button for 3 seconds. The LED indicator lights will illuminate when powered on.

4.3. Bluetooth Pairing (for Advanced Features)

For full functionality, including battery percentage display on your iPad and shortcut features, connect the stylus via Bluetooth.

1. Ensure your iPad's Bluetooth is enabled.
2. Long press the control button on the stylus for 3 seconds to turn it ON. The indicator light will flash, indicating it's discoverable.
3. On your iPad, go to **Settings > Bluetooth**.
4. If you have previously connected an Apple Pencil, tap the "i" icon next to "Apple Pencil" and select "Forget this device" to disconnect it.
5. Select "Pen-C" from the list of available devices to pair.
6. Once connected, the indicator lights will stop flashing, and the battery percentage will be visible on your iPad.

Note: The stylus can be used directly without a Bluetooth connection for basic writing and drawing, but shortcut functions and battery display will not be available.

5. OPERATION

5.1. Writing and Drawing

Once powered on and optionally paired, simply touch the stylus tip to your iPad screen to begin writing, drawing, or navigating. The stylus offers pixel-perfect precision and low latency for a smooth experience.

5.2. Tilt Sensitivity

The stylus supports tilt sensitivity, allowing you to adjust the thickness of your lines by tilting the pen, similar to a traditional pencil. This feature is ideal for shading and varied strokes in drawing applications.

Tilt Sensitivity

Tilt to **adjust thickness** for precise drawing

Image: Illustration of tilt sensitivity.

Note: This pen does **NOT** have pressure sensitivity.

5.3. Palm Rejection

Rest your hand naturally on the iPad screen while using the stylus. The palm rejection feature ensures that only the stylus input is registered, preventing accidental marks from your hand.

Palm Rejection

Rest your hand naturally, writes just like a real pencil

Image: Demonstration of palm rejection.

5.4. Shortcut Functions (Requires Bluetooth Connection)

When connected via Bluetooth, the control button on the stylus enables convenient shortcut functions:

- **One-Click Undo:** Press the control button once to undo the previous action in compatible applications.
- **Quick Screenshot:** Swipe the stylus from the bottom left to the top right of the screen to capture a screenshot.
- **Quick Memo:** Double-tap the screen with the stylus to open the Notes app for a quick memo.

Intuitive Side Button

One click, **undo** mistakes instantly

Image: Illustrates the intuitive side button for undo functionality.

6. MAINTENANCE

6.1. Tip Replacement

The KEEPRO Stylus Pen uses replaceable tips. Three extra tips are included with your purchase. To replace a tip:

1. Gently twist the old tip counter-clockwise to remove it.
2. Align a new tip and twist it clockwise until it is securely in place. Do not overtighten.

Apple Pencil–Compatible Tip

Enjoy the **same** unparalleled precision and effortless tip replacements as the **Apple Pencil**

Other brands use non–Apple Pencil tip, which tend to lag, lack precision, and are difficult to replace.

Image: Close-up of the stylus tip, highlighting its compatibility and replaceability.

6.2. Cleaning

Wipe the stylus body with a soft, dry, lint-free cloth. Avoid using abrasive cleaners or solvents.

6.3. Storage

The KEEPRO Stylus Pen features magnetic attachment and can be conveniently stored on the side of compatible iPad models. This ensures it is always within reach and reduces the risk of misplacement.

Magnetic Attaches

Attaches to **All compatible** iPad

Does Not Support Wireless Charge

Image: Stylus magnetically attached to an iPad.

Important: Magnetic attachment does **NOT** provide wireless charging for this model.

7. TROUBLESHOOTING

- **Stylus not responding after turning on:** If the pen does not work after turning on, ensure no other stylus (like an Apple Pencil) is connected to your iPad. Go to **Settings > Bluetooth > Apple Pencil** > tap "i" > **Forget this device**. Then re-pair the KEEPRO Stylus Pen.
- **Shortcut functions not working:** Ensure the stylus is successfully paired via Bluetooth to your iPad. Shortcut functions (one-click undo, quick screenshot, quick memo) require an active Bluetooth connection.
- **Inaccurate or lagging performance:** Check if the stylus tip is securely attached. If the issue persists, try

replacing the tip with one of the spares provided. Ensure your iPad's software is up to date.

- **Stylus not charging:** Verify that the USB-C cable and power adapter are working correctly. Ensure the cable is fully inserted into the stylus's charging port.
- **Accidental marks from palm:** The stylus features palm rejection. Ensure your iPad's software is updated, and the stylus is properly connected.
