## ALFORDSON Ramiro Series

# ALFORDSON Ramiro Series Adjustable Height Swivel Bar Stools (Set of 2)

MODEL: RAMIRO SERIES

## 1. Introduction

Thank you for choosing the ALFORDSON Ramiro Series Adjustable Height Swivel Bar Stools. This manual provides essential information for the safe assembly, operation, and maintenance of your new bar stools. Please read these instructions carefully before use and retain them for future reference.

### Important Safety Information:

- Keep the floor dry to prevent slipping.
- Do not exceed the maximum weight limit of 330 pounds (150 kg).
- Ensure all components are securely fastened before use.
- Avoid standing on the stool or using it as a step ladder.

## 2. Package Contents

Please verify that all parts are present before beginning assembly. If any parts are missing or damaged, please contact customer support.

- Seat with Bentwood Backrest (2)
- Gas Lift Cylinder (2)
- Base Plate (2)
- Footrest Ring (2)
- Hardware Pack (screws, washers, Allen wrench) (1)
- Instruction Manual (1)

## 3. Assembly Instructions

Follow these steps to assemble your bar stools. It is recommended to assemble on a soft, clean surface to prevent scratching.

1. Unpack all components and lay them out.
2. Attach the seat to the top of the gas lift cylinder using the provided screws and Allen wrench. Ensure it is securely fastened.
3. Insert the footrest ring onto the gas lift cylinder.
4. Place the base plate on a flat surface. Insert the bottom of the gas lift cylinder into the hole in the center of the base plate. Press down firmly to secure.
5. Verify all connections are tight and the stool is stable before use.

## 4. Operating Instructions

### Height Adjustment:

To adjust the seat height, locate the delicate gas lift lever under the seat. While seated, pull the lever up to lower the seat. To raise the seat, stand up and pull the lever up. The seat height can be adjusted between 24 inches (61 cm) and 32 inches (86 cm) to accommodate counter heights ranging from 35 inches to 43 inches.

### 360° Swivel Function:

The seat features a 360° swivel mechanism, allowing for easy rotation and smooth communication without needing to move the entire stool.

## Adjustable for 34" -43" tall bars

Video 4.1: This video demonstrates the ALFORDSON Ramiro Series bar stools, showcasing their design, adjustable height, and 360-degree swivel functionality in various settings.

## 5. Maintenance and Care

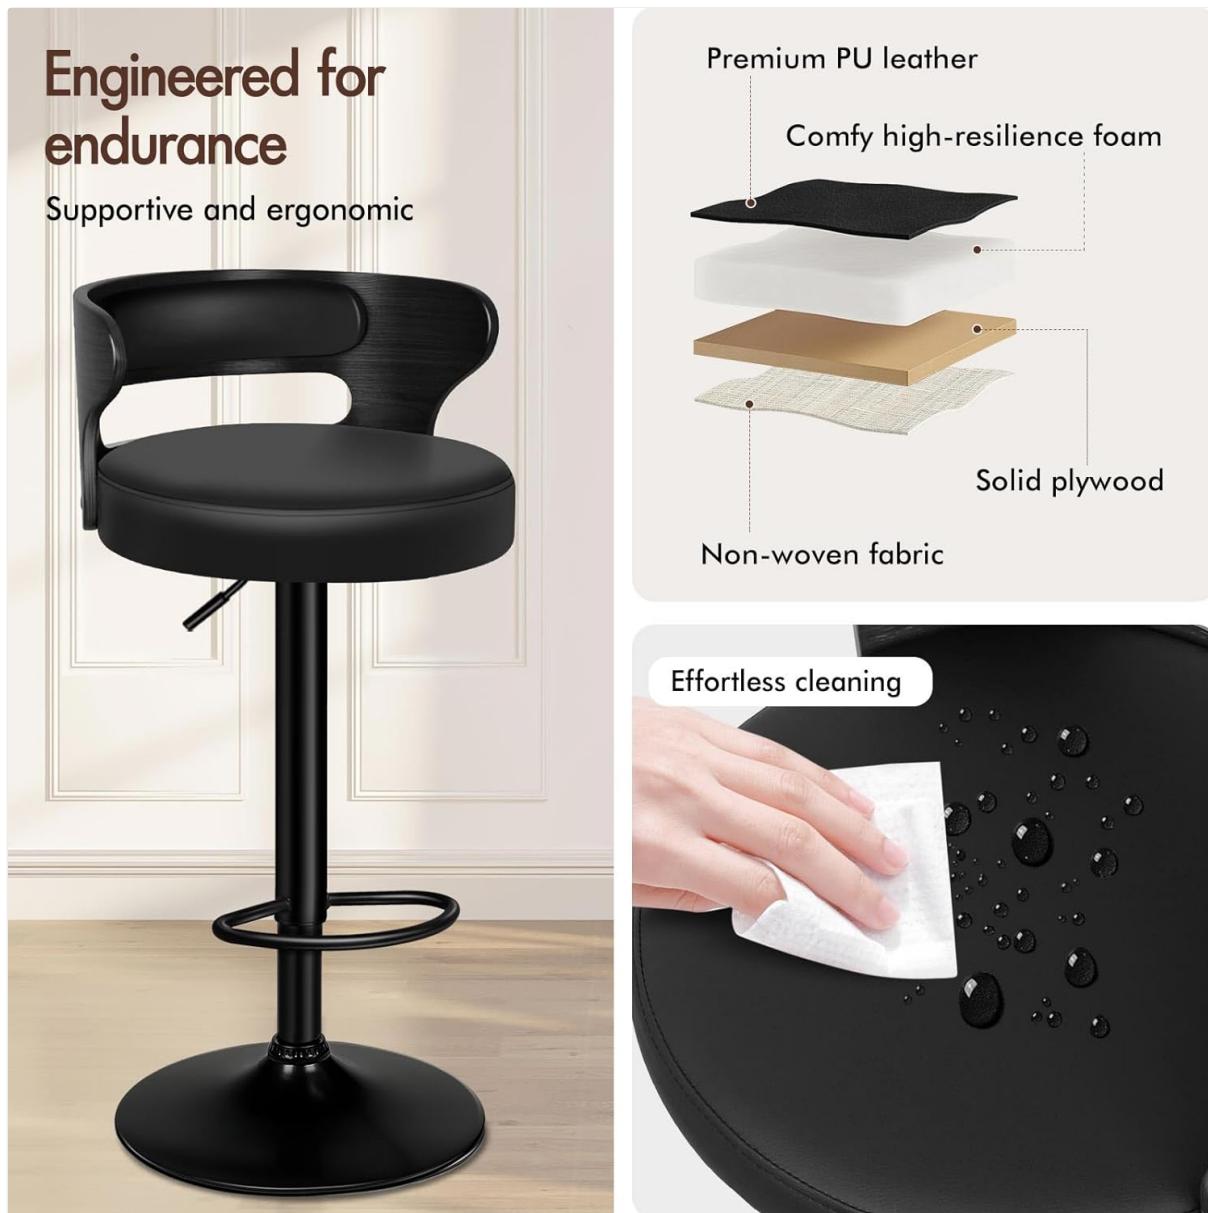

### Cleaning:

The PU leather upholstery is designed for effortless cleaning. Wipe spills immediately with a soft, damp cloth. For general cleaning, use a mild soap solution and a soft cloth, then wipe dry. Avoid harsh chemicals or abrasive cleaners.

### General Care:

- Regularly check all screws and connections to ensure they remain tight.
- Avoid prolonged exposure to direct sunlight or extreme temperatures.

- The anti-slip rubber ring on the base protects surfaces from scratches and reduces noise; ensure it is intact.

## 6. Troubleshooting

Problem	Possible Cause	Solution
Stool feels unstable or wobbly.	Loose screws or uneven floor.	Tighten all assembly screws. Ensure the stool is on a flat, even surface.
Difficulty adjusting height.	Gas lift mechanism obstruction or malfunction.	Ensure the lever is fully engaged. If the issue persists, contact customer support.
Scratching on floor or noise when moving.	Damaged or missing anti-slip rubber ring.	Check the rubber ring on the base. Replace if damaged.

Problem	Possible Cause	Solution
Swivel function is stiff.	Lack of lubrication or debris.	Apply a small amount of silicone-based lubricant to the swivel mechanism. Ensure no debris is obstructing movement.
