VEVOR GS301

VEVOR Pet Stroller Model GS301 Instruction Manual

For Small to Medium Pets up to 35 lbs

1. PRODUCT OVERVIEW

The VEVOR Pet Stroller Model GS301 is designed to provide a safe and comfortable travel solution for your small to medium-sized pets, with a weight capacity of up to 35 lbs (16 kg). Constructed from durable 600D Oxford fabric and a high-strength alloy frame, this stroller ensures reliability and longevity. It features breathable mesh windows for optimal ventilation and visibility, along with convenient storage options for pet essentials and personal items.

2. SETUP AND ASSEMBLY

Follow these steps to assemble your VEVOR Pet Stroller:

- 1. Unpack Components:** Carefully remove all parts from the packaging. Verify that all included components are present: 1 x Instruction Manual, 2 x B-type Clips, 2 x Rear Wheel Covers, 5 x Screws.
- 2. Attach Rear Wheels:** Insert the rear wheel axle into the designated slots on the stroller frame until it

clicks into place. Secure with the provided B-type clips and rear wheel covers.

3. **Attach Front Wheels:** Insert the front wheel assemblies into the front legs of the stroller frame. Ensure they are securely locked.
4. **Expand Stroller Frame:** Unfold the main frame of the stroller until it locks into its open position.
5. **Install Pet Compartment:** Place the pet compartment onto the frame, ensuring all attachment points are secure.
6. **Attach Handlebar Tray:** Snap the handlebar tray with cup holders onto the handlebar.

3. OPERATING INSTRUCTIONS

Placing Your Pet

The stroller offers multiple entry points for your pet's convenience and safety:

- **Front Opening:** Unzip the front mesh window to allow your pet to enter or exit.
- **Top Opening:** The canopy can be partially or fully opened for easy access from above.
- **Side Access:** Some models may feature side mesh panels that can be unzipped.

Always ensure your pet is secured inside the compartment using the internal safety leash clips to prevent accidental escapes.

Easy Access for Pets

3 entry points allows your pet come and go from different sides, with mesh windows for ventilation and comfort

Maneuvering and Braking

The stroller is equipped with 6-inch EVA foam wheels designed for smooth navigation across various terrains. The front wheels feature 360° rotation for easy steering and cornering. Rear brakes provide secure stopping and parking. To engage the brakes, press down on the brake levers located near the rear wheels. To release, lift the levers.

Swivel Wheels for Easy Push

Folding and Storage

The VEVOR Pet Stroller features a quick one-hand fold mechanism for compact storage and easy transport. To fold:

1. Unzip the canopy if it is closed.
2. Locate the folding button on the handlebar. Press the button and rotate the handlebar forward.
3. Continue folding until the stroller collapses. Secure it with the integrated folding hook.

The compact folded size allows it to fit easily into car trunks or small storage spaces.

4. MAINTENANCE

- **Cleaning Fabric:** The 600D Oxford fabric can be spot cleaned with a damp cloth and mild soap. Allow to air dry completely.
- **Cleaning Frame:** Wipe the alloy frame with a damp cloth to remove dirt and debris.
- **Wheel Maintenance:** Regularly check wheels for debris and ensure they rotate freely. Lubricate axles if necessary.
- **Storage:** Store the stroller in a dry, cool place away from direct sunlight when not in use.

5. TROUBLESHOOTING

- **Stroller not folding/unfolding smoothly:** Ensure all locking mechanisms are disengaged before folding/unfolding. Check for any obstructions in the folding joints.
- **Wheels not rotating freely:** Inspect wheels for tangled hair, dirt, or debris. Clean thoroughly. If issues persist, check for proper installation and lubrication.
- **Brakes not engaging/disengaging:** Check for any obstructions around the brake mechanism. Ensure the brake levers are fully pressed or lifted.
- **Pet compartment unstable:** Verify that the pet compartment is correctly attached to the frame at all designated points.
