Holdsound BKM100

Holdsound Wireless Headphones User Manual

Model: BKM100

1. INTRODUCTION

Thank you for choosing Holdsound Wireless Headphones, Model BKM100. These headphones are designed to provide a clear and comfortable audio experience for TV listening, especially for seniors. With a USB transmitter, easy setup, and a long wireless range, you can enjoy your favorite shows without disturbing others.

2. SAFETY INFORMATION

Please read all safety instructions carefully before using the product. Keep this manual for future reference.

- Do not expose the device to extreme temperatures, humidity, or liquids.
- Avoid dropping or subjecting the device to strong impacts.
- Do not attempt to disassemble or repair the device yourself. Refer all servicing to qualified personnel.
- Use only the provided charging cable and power adapter.
- Listening at high volume levels for extended periods can cause hearing damage. Adjust volume to a comfortable level.

3. PACKAGE CONTENTS

Ensure all items are present in the package:

- Holdsound Wireless Headphones (BKM100)
- USB Transmitter
- Charging Cable
- User Manual

Image: The Holdsound Wireless Headphones (BKM100) and its accompanying USB transmitter. The headphones feature a white, square-shaped main unit with integrated earbuds, designed to be worn around the neck. The USB transmitter is a compact white rectangular device with the 'Holdsound' logo.

4. SETUP

4.1 Charging the Headphones

Before first use, fully charge the headphones using the provided charging cable. Connect the cable to the charging port on the headphone unit and the other end to a USB power source.

4.2 Connecting the USB Transmitter to Your TV

The USB transmitter provides the wireless audio signal to your headphones.

1. Locate an available USB port on your TV.
2. Insert the Holdsound USB Transmitter into the USB port.
3. The transmitter will automatically power on and attempt to connect to the headphones.

Hear TV more clearly

with volume-enhanced TV headphones designed specifically for the elderly

4.3 Powering On and Pairing

Once the transmitter is connected to the TV, power on your headphones. They should automatically pair with the transmitter. A blue indicator light on the headphone unit will confirm a successful connection.

5. OPERATING YOUR HEADPHONES

5.1 Wearing the Headphones

The Holdsound BKM100 headphones are designed for comfortable, all-day wear. Place the main unit around your neck and insert the earbuds into your ears.

All-day comfort

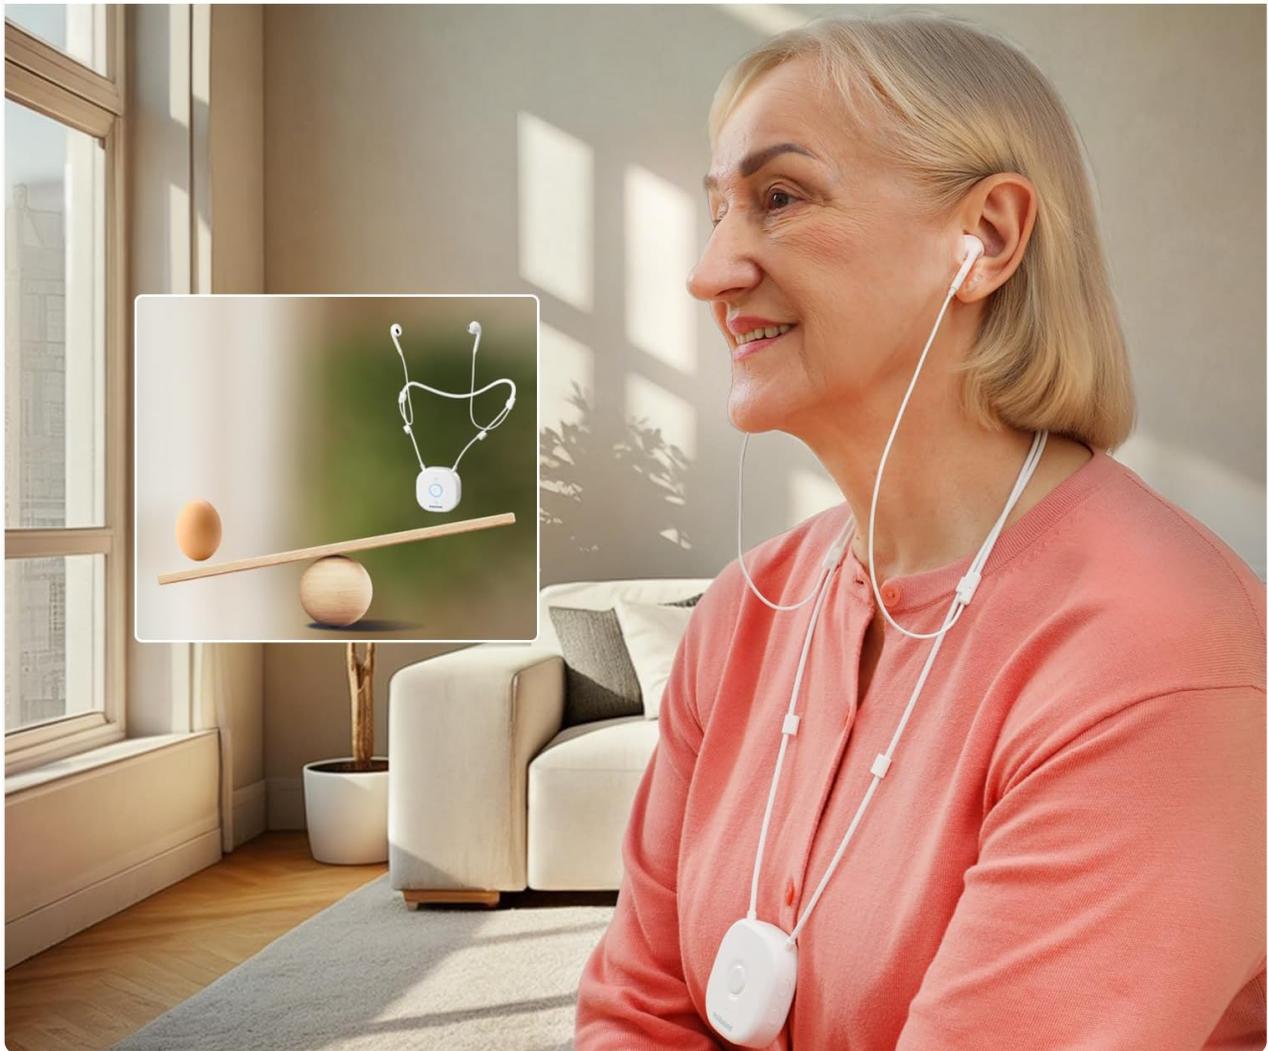

Image: An elderly woman smiling while comfortably wearing the Holdsound Wireless Headphones. The design allows the main unit to rest around the neck, with earbuds extending to the ears, emphasizing ease of use and comfort.

5.2 Personalized Volume Control

The BKM100 features independent volume controls for the left and right earphones, allowing you to adjust the sound balance to your preference.

- Locate the 'L' and 'R' volume buttons on the side of the main headphone unit.
- Press 'L+' or 'L-' to adjust the volume of the left earbud.
- Press 'R+' or 'R-' to adjust the volume of the right earbud.

Personalized volume control

5.3 Wireless Range

The headphones offer a wireless range of up to 100 feet (approximately 30 meters), providing freedom of movement while listening to your TV.

Avoid being bound, convenient for movement

Image: An illustration depicting a multi-room home environment, demonstrating the Holdsound Wireless Headphones' ability to maintain connection up to 100 feet from the TV, allowing users to move freely between rooms.

5.4 Quiet Listening

Enjoy your TV programs at your preferred volume without disturbing family members or housemates.

Watch TV without disturbing your family

6. MAINTENANCE

6.1 Cleaning

Wipe the headphones and transmitter with a soft, dry cloth. Do not use harsh chemicals or abrasive materials. Ensure the devices are dry before charging or storing.

6.2 Battery Care

The headphones are equipped with a Lithium Ion rechargeable battery. To prolong battery life:

- Avoid fully discharging the battery frequently.
- Store the headphones in a cool, dry place when not in use for extended periods.
- Charge the headphones regularly, even if not used, to maintain battery health.

7. TROUBLESHOOTING

If you encounter issues with your Holdsound Wireless Headphones, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
No sound from headphones	Headphones not powered on Not paired with transmitter TV audio output settings Low battery	Ensure headphones are on Re-pair headphones and transmitter Check TV audio settings (e.g., set to USB audio or external speaker) Charge headphones
Sound cutting in/out	Out of range Interference Low battery	Move closer to the TV/transmitter Avoid obstacles or other wireless devices Charge headphones
Cannot charge headphones	Faulty cable/charger Charging port issue	Try a different USB cable/power source Contact customer support if issue persists
