1. INTRODUCTION

The UGREEN 25W Magflow Wireless Charger 2-in-1 is a versatile charging station designed for Apple devices. It features Qi2 certification for ultra-fast magnetic wireless charging of iPhones and simultaneous wireless charging for AirPods. Its foldable and portable design makes it ideal for various environments, offering convenience and efficient power delivery.

2. PACKAGE CONTENTS

Please verify that all items listed below are included in your package:

- 1 x UGREEN Qi2 25W Wireless Charger 2-in-1
- 1 x USB-C to USB-C Charging Cable (3ft)
- 1 x User Manual

Working Status	LED Indicator
Charging/Charging Complete	 Light On
In the Presence of Metal Parts	 LED Indicator Turns Off

3. PRODUCT OVERVIEW

The UGREEN 25W Magflow Wireless Charger 2-in-1 is a compact and versatile charging solution. It features a main magnetic charging pad for iPhones, a secondary wireless charging pad for AirPods, and an additional USB-C output port for other devices. The design allows for folding for portability and offers adjustable viewing angles.

4. SETUP

1. **Power Connection:** Connect the included USB-C to USB-C cable to the USB-C input port on the back of the UGREEN 25W Magflow Wireless Charger.

- 2. **Power Adapter:** Connect the other end of the USB-C cable to a compatible power adapter. For optimal 25W charging performance, a **45W or higher charging adapter** is required (not included). Ensure the USB-C cable used supports 60W or higher if using an alternative cable.
- 3. **Placement:** Place the charger on a stable, flat surface.

Image: Illustration of power requirements for the charger.

5. OPERATING INSTRUCTIONS

5.1 Charging Your iPhone

- 1. Unfold the magnetic charging pad to your desired angle. The stand is fully adjustable with a 70° tilt and 360° device rotation.
- 2. Align your iPhone with the magnetic charging pad. The strong magnets will securely snap your iPhone into place, ensuring optimal charging alignment.
- 3. The LED indicator on the base will illuminate to confirm charging has begun.
- 4. Your iPhone will automatically enter StandBy Mode when placed horizontally on the charger (requires iOS 17 or later).

5.2 Charging Your AirPods

- 1. Place your AirPods charging case on the designated wireless charging area on the base of the charger.
- 2. Ensure the AirPods case is centered on the charging area for proper connection.
- 3. The LED indicator on the base will illuminate to confirm charging has begun.

5.3 Using the USB-C Output Port

An additional 5W USB-C output port is located on the side of the charger. This port can be used to charge other small devices, such as an Apple Watch (requires a separate Apple Watch charging module and cable, not included).

5.4 LED Indicator Status

Working Status	LED Indicator
Charging/Charging Complete	Light On
In the Presence of Metal Parts (FOD)	LED Indicator Turns Off

7. KEY FEATURES

- **Ultra-Fast 25W Qi2 Certified Charging:** Delivers up to 25W fast wireless power for compatible iPhones, charging iPhone 16 Pro

Max to 50% in approximately 30 minutes.

- **Dual-Device Convenience:** Simultaneously charge your iPhone and AirPods wirelessly. An additional 5W USB-C port is available for other devices.
- **Foldable & Portable Design:** Compact folding design allows for easy storage and transport, making it ideal for travel, office, or home use.
- **Secure Magnetic Grip:** Equipped with 16 powerful magnets providing a strong 7N hold, ensuring stable alignment and secure attachment of your phone.
- **Smart Protection & Cooling (ThermalGuard™):** Integrated NTC sensors monitor temperature 200 times per second, preventing overheating, overcharge, and ensuring safe, efficient charging.
- **8 Layers of Protection:** Comprehensive safety features including overcharge protection, input overvoltage protection, high temperature protection, short circuit protection, overcurrent protection, static electricity protection, overpower protection, and foreign object detection (FOD).
- **Fully Adjustable:** The magnetic charging pad offers a 70° tilt range and 360° device rotation for optimal viewing angles in both portrait and landscape modes.

8. MAINTENANCE

- **Cleaning:** Disconnect the charger from power before cleaning. Use a soft, dry cloth to wipe the surface. Do not use abrasive cleaners or solvents.
- **Storage:** When not in use, store the charger in a cool, dry place, away from direct sunlight and extreme temperatures. The foldable design allows for compact storage.
- **Handling:** Avoid dropping the charger or subjecting it to strong impacts. Do not disassemble the device.

9. TROUBLESHOOTING

Problem	Possible Cause	Solution
Device not charging or charging slowly.	1. Incorrect power adapter. 2. Misalignment of device. 3. Foreign object detected. 4. Device not compatible.	1. Ensure a 45W or higher power adapter is used. 2. Realign the device on the charging pad. 3. Remove any metal objects between the device and charger. 4. Refer to the compatibility section.
LED indicator is off during charging.	Foreign Object Detection (FOD) activated.	Remove any metal objects (e.g., keys, coins, credit cards) from the charging area.
Charger feels warm during use.	Normal operation, especially during fast charging.	The charger has ThermalGuard™ protection. If it becomes excessively hot, it will automatically reduce power or stop charging. Ensure proper ventilation.

10. SPECIFICATIONS

Attribute	Value
Model Number	W752
Product Dimensions	2.36 x 1.67 x 2.36 inches (Folded)
