panel, camera, food bowl, and power input.

## 4. SETUP

---

### 4.1 Assembly

1. **Install Food Bowl:** Place the stainless steel food bowl into the designated tray at the base of the feeder.
2. **Power Supply:** Connect the power adapter to the feeder's power port and plug it into a wall outlet. For battery backup, open the battery compartment at the bottom and insert 3 D-cell alkaline batteries (not included).
3. **Insert Desiccant:** Open the lid of the food tank. Locate the desiccant compartment on the underside of the lid. Open the desiccant pack and place it inside the compartment, then close it securely.
4. **Add Dry Food:** Fill the food tank with dry pet food (kibble size 5-15mm recommended). Ensure the food level does not exceed the MAX line. Close the lid securely.
