INFANS 2-in-1 Convertible Baby Stroller (B0DZXB6773)

INFANS 2-in-1 Convertible Baby Stroller Instruction Manual

Model: B0DZXB6773

1. INTRODUCTION

Thank you for choosing the INFANS 2-in-1 Convertible Baby Stroller. This manual provides essential information for the safe assembly, operation, and maintenance of your stroller. Please read it thoroughly before use and retain it for future reference.

This stroller is designed to adapt to your child's growth, offering a versatile 2-in-1 design that converts between a bassinet and a seat, with reversible facing options. It features an adjustable handlebar, shock absorption, and a compact folding mechanism for convenience.

2. SAFETY INFORMATION

Your child's safety is paramount. This stroller complies with ASTM and CPSIA safety standards. Always follow these guidelines:

- **Never leave your child unattended** in the stroller.
- Always use the **5-point safety harness** to secure your child. Ensure it is properly adjusted and fastened.
- Engage the **one-step brake** whenever the stroller is stationary.
- Do not exceed the maximum weight capacity of **55 lbs (25 kg)**.
- This stroller is suitable for children aged **0 to 36 months**.
- Ensure all locking mechanisms are engaged before placing a child in the stroller.
- Do not hang bags or other items on the handlebar as this can cause the stroller to tip over.
- Avoid placing hot liquids or heavy objects in the storage basket.

- Keep fingers clear of moving parts during folding and unfolding to prevent pinching.
-

3. PACKAGE CONTENTS

Please check that all components are present upon unpacking:

- Stroller Frame with Wheels
 - 2-in-1 Seat/Bassinet Unit
 - Adjustable Canopy
 - Removable Bumper Bar
 - Foot Cover
 - Instruction Manual
-

4. SETUP

4.1 Unfolding the Stroller

1. Place the folded stroller on a flat surface.
2. Release the fixing buckle that secures the stroller in its folded position.
3. Lift the handlebar upwards until the frame fully extends and locks into place. You should hear a click.

4.2 Wheel Installation

The wheels are designed for quick installation and disassembly.

1. Insert the front wheels into their respective slots on the front legs of the stroller until they click securely.
2. Insert the rear wheels into their respective slots on the rear axle until they click securely.
3. Gently pull on each wheel to ensure it is firmly attached.

4.3 Attaching the Seat/Bassinet Unit

1. Align the connectors on the bottom of the seat/bassinet unit with the mounting points on the stroller frame.
2. Press down firmly until the unit clicks into place.
3. Verify that the unit is securely attached by gently lifting it.

4.4 Attaching the Canopy and Bumper Bar

1. Attach the canopy to the designated points on the seat/bassinet unit.
2. Insert the bumper bar into the slots on either side of the seat until it clicks.

5. OPERATING INSTRUCTIONS

5.1 Reversible Seat Functionality

The seat/bassinet unit can be reversed to face either the parent or the outside world.

1. To reverse the seat, locate the release buttons on both sides of the seat unit where it connects to the frame.
2. Press these buttons simultaneously and lift the seat unit off the frame.
3. Rotate the seat unit 180 degrees and re-attach it to the frame until it clicks securely into place.

Facing

Image 5.1: The stroller configured with the seat facing the parent for interaction (left) and facing forward for the child to observe surroundings (right).

5.2 Adjusting Seat/Bassinet Modes

The 2-in-1 unit offers three modes to accommodate your child's needs:

- **Lay Flat Bassinet:** Ideal for newborns and infants, providing a comfortable sleeping position.
- **Semi-Reclining:** Suitable for infants who can partially sit up, offering a relaxed position.
- **Sitting:** For toddlers who can sit unassisted, allowing them to view their surroundings.

To adjust the mode, locate the recline mechanism on the back of the seat unit and follow the instructions to select the desired position.

Handle Adjustment

Adapt to Different Heights

Image 5.2: Visual representation of the three adjustable modes: Lay Flat Bassinet, Forward Facing Seat, and Parent Facing Seat, suitable for children 0-36 months.

5.3 Handlebar Adjustment

The handlebar can be adjusted to 9 different height levels for comfortable pushing by parents of varying heights.

1. Locate the adjustment buttons on either side of the handlebar.
2. Press the buttons and simultaneously move the handlebar up or down to your desired height.
3. Release the buttons to lock the handlebar in place.

Quick-folding & Portable Design

Image 5.3: Illustration of the handlebar adjustment, demonstrating its adaptability to different user heights.

5.4 Engaging the Brake System

The stroller features a one-step brake system for quick and secure stopping.

1. To engage the brake, press down firmly on the brake pedal located near the rear wheels.
2. To release the brake, lift the pedal upwards.
3. Always ensure the brake is fully engaged when the stroller is stationary.

5.5 Folding the Stroller

The stroller is designed for quick and portable folding.

1. Ensure the seat is in the forward-facing position and fully upright or removed, depending on the model's specific folding mechanism.
2. Locate the folding buttons/levers (typically on the handlebar or sides of the frame).
3. Press the buttons/levers and guide the stroller frame downwards until it collapses into a compact form.
4. Secure the stroller with the fixing buckle to prevent accidental unfolding.

UPF 50+ Canopy

Zipper Peek-A-Boo Window

5.6 Canopy Adjustment

The canopy is adjustable and features a zipper peek-a-boo window.

1. Adjust the canopy forward or backward to provide optimal shade and protection from UV rays.
2. Unzip the peek-a-boo window to check on your child without disturbing them.

6. MAINTENANCE

6.1 Cleaning

- **Fabric Parts:** The breathable Oxford fabric can be spot cleaned with a mild detergent and warm water. Allow to air dry completely. Do not machine wash or tumble dry.
- **Frame:** Wipe the aluminum frame with a damp cloth and mild soap. Dry thoroughly to prevent rust.
- **Wheels:** Regularly check wheels for debris (e.g., hair, dirt) and remove them to ensure smooth operation.

6.2 Storage

Store the stroller in a clean, dry place away from direct sunlight and extreme temperatures. Ensure it is fully dry before storing to prevent mold or mildew.

7. TROUBLESHOOTING

- **Stroller not folding/unfolding smoothly:** Check that all components are correctly aligned and that the safety locks are disengaged. Ensure no fabric or items are obstructing the folding mechanism.
- **Wheels not moving freely:** Inspect the wheels for any trapped debris or hair. Ensure the brake is fully disengaged.
- **Seat/Bassinet unit not attaching securely:** Verify that the connectors are properly aligned with the mounting points on the frame and press down firmly until a click is heard.
- **Harness difficult to fasten/unfasten:** Check for any twists in the straps or debris in the buckle. Ensure the harness is not overtightened.

If you encounter issues not listed here or require further assistance, please contact INFANS customer support.
