OLIXIS J37262BE

OLIXIS Criss Cross Legged Office Chair Instruction Manual

Model: J37262BE

PRODUCT OVERVIEW

The OLIXIS Criss Cross Legged Office Chair (Model J37262BE) is designed for comfort and versatility in various settings. Featuring a spacious, high-density cushioned seat and an ergonomic backrest, it provides support for extended periods of use. Its armless design allows for unrestricted movement and comfortable cross-legged sitting. The chair includes a dual-purpose base, offering the option to use wheels for mobility or stable foot pads. It also features adjustable height and a 360-degree swivel function.

Experience the Comfort of a Sofa-Like Office Chair

SAFETY INFORMATION

- **Weight Capacity:** Do not exceed the maximum weight recommendation of 300 pounds (136 kg).
- **Movement:** Use caution when moving the chair on wheels to prevent accidents.
- **Assembly:** Ensure all components are securely fastened before use. Refer to the assembly instructions provided.

SETUP AND ASSEMBLY

The OLIXIS Criss Cross Legged Office Chair requires assembly. An assembly tool is included with the product. For detailed visual guidance, please refer to the official assembly video below.

1. Unpack all components and verify against the parts list in the included instruction manual.
2. Attach the chair base to the seat using the provided hardware.
3. Insert the gas lift cylinder into the base.

4. Place the seat assembly onto the gas lift cylinder.
5. Install either the wheels (casters) or stable foot pads into the base, depending on your preference.
6. Ensure all connections are tight and secure before using the chair.

OPERATING INSTRUCTIONS

Height Adjustment

To adjust the seat height, locate the lever under the seat on the right side. While seated, pull the lever upwards to lower the seat. To raise the seat, stand up slightly and pull the lever upwards. Release the lever at the desired height to lock it in place. The seat height is adjustable from 19.6 inches to 23.6 inches.

Swivel Function

The chair features a 360-degree swivel function, allowing for easy rotation without moving the base. Simply rotate the seat in any direction.

Rocking/Tilt Function

The chair offers a rocking mode with a tilt angle of up to 21 degrees. To engage or disengage the rocking function, use the rocking function knob located under the seat. Adjust the tension of the rocking mechanism by turning the knob.

Dual-Purpose Base

The chair comes with both smooth casters for mobility and stable foot pads for stationary use. These can be easily interchanged based on your preference and floor type. To swap, carefully invert the chair and pull out the installed components, then push in the desired alternative until securely seated.

MAINTENANCE AND CARE

Cleaning Upholstery

The fabric upholstery is designed for easy cleaning. For spills or stains, use a slightly damp cloth to spot clean the affected area. Avoid using harsh chemicals or abrasive cleaners, as these may damage the fabric. Allow the area to air dry completely.

General Maintenance

- Periodically check all screws and bolts to ensure they are tight. Retighten if necessary.
- If using casters, regularly clean any debris (hair, dust) from the wheels to maintain smooth movement.
- Avoid exposing the chair to direct sunlight for prolonged periods to prevent fading of the upholstery.

TROUBLESHOOTING

Chair Does Not Adjust Height

Ensure the height adjustment lever is fully engaged. If the issue persists, check if the gas lift cylinder is properly installed and not damaged. Contact customer support if the problem continues.

Chair Wobbles or Feels Unstable

Check all assembly screws and bolts and tighten them if loose. Ensure the base is correctly attached to the seat mechanism. Verify that the casters or foot pads are fully inserted into the base.

Difficulty Swiveling

Inspect the swivel mechanism under the seat for any obstructions or damage. Ensure the chair is on a flat, even surface.
