## OPERATING INSTRUCTIONS

---

The vidaXL sideboard features two sliding doors and an adjustable shelf for flexible storage. To operate the sliding doors, gently push them horizontally along their tracks. The doors are designed to move smoothly to reveal or conceal the central compartment and side storage areas.

- **Sliding Doors:** To open, grasp the edge of a door and slide it along the track. To close, slide it back until it meets the other door or the side panel. Avoid forcing the doors.
- **Adjustable Shelf:** The central compartment includes an adjustable shelf. To change its height, remove any items from the shelf, lift the shelf, and reposition the shelf supports into the desired holes. Then, place the shelf back onto the supports.
- **Storage Capacity:** Utilize the three compartments for organizing various items such as dinnerware, books, or decorative objects.
