

HARPPA B0F12GJ73Q

HARPPA Cuddly Baby Bassinet Bedside Sleeper User Manual

Model: B0F12GJ73Q

Brand: HARPPA

INTRODUCTION

The HARPPA Cuddly Baby Bassinet Bedside Sleeper is designed to provide a safe and comfortable sleeping environment for newborns up to 5 months or 20 lbs. This versatile 3-in-1 bassinet can function as a rocking bassinet, a bedside sleeper, or a standalone bassinet, adapting to your needs and ensuring your baby is always close and secure.

SAFETY INFORMATION

WARNING: SUFFOCATION HAZARD

- Always use the bassinet on a firm, horizontal surface.
- Never place pillows, quilts, or other soft bedding in the bassinet.
- Ensure the attachment system is securely fastened when used as a bedside sleeper.
- Do not use the bassinet if any parts are missing, damaged, or broken.
- Recommended for babies 0-5 months, up to 20 lbs. Discontinue use when the infant begins to push up on hands and knees or reaches 20 lbs, whichever comes first.
- This bassinet is certified with ASTM F2194 and ASTM F2906, complying with all CPSC and CPSIA standards.

PRODUCT FEATURES

- **3-in-1 Functionality:** Easily converts between a rocking bassinet, a bedside sleeper, and a stationary bassinet.
- **Breathable Mesh Sides:** Full mesh sides enhance airflow and provide a clear view of your baby, promoting safe sleep.
- **Adjustable Height:** Features 5 height settings (19.3" to 22.4") to align with various bed heights.
- **Anti-Spit-Up Function:** Includes a 3°-7° incline range to help reduce spit-up.

- **Water-Resistant Mattress:** Comes with a TPU water-resistant mattress pad and a breathable fitted cover for comfort and hygiene.
- **Integrated Wheels:** Equipped with non-skid wheels for easy portability and secure locking.
- **Large Storage Basket:** A spacious storage basket underneath keeps baby essentials conveniently close.
- **Stable Design:** Features a stable triangular structure with N-shaped tubing for enhanced stability.

SETUP AND ASSEMBLY

Assembly of the HARPPA Cuddly Baby Bassinet is designed to be straightforward. Follow the detailed instructions provided in the included manual for proper setup. Ensure all components are securely connected before use.

Key Assembly Steps:

1. Unpack all components and verify against the parts list in your manual.
2. Assemble the main frame by connecting the support tubes.
3. Attach the bassinet bed to the frame, ensuring all locking mechanisms click into place.
4. Install the wheels, ensuring the support tube with wheels is installed with the pointed end outward and aligned with the wheel lock.
5. Place the mattress pad and fitted cover inside the bassinet.
6. For bedside sleeper mode, attach the secure straps to your bed as per instructions.

OPERATING INSTRUCTIONS

3-in-1 Modes

The bassinet offers three distinct modes for your convenience:

- **Cuddly Sway Bassinet:** Use as a standalone bassinet with a gentle rocking motion.
- **Bedside Bassinet:** Lower one side and secure to your bed for easy nighttime access to your baby.
- **Rocking Bassinet:** Engage the rocking feature for a soothing motion to help your baby settle.

Height Adjustment

The bassinet features 5 adjustable height settings, allowing you to customize its height to match your bed. This ensures your baby is always within reach for easy feeding and comforting.

Rocking Function

To activate the rocking function, ensure the wheels are disengaged and the rocking mechanism is unlocked. This provides a gentle sway to soothe your baby. To stop rocking, engage the wheel locks or lock the rocking mechanism.

Bedside Sleeper Mode

For bedside use, lower one side of the bassinet by unzipping and releasing the side panel. Use the provided secure straps to firmly attach the bassinet to your adult bed, ensuring there is no gap between the bassinet and the mattress.

The bassinet with its side lowered, ready for bedside sleeper configuration.

Wheels and Locks

The bassinet is equipped with wheels for easy movement around your home. Each wheel has a lock mechanism. To secure the bassinet in place, press down on the wheel locks. To move the bassinet, release the locks.

Mattress and Cover

The bassinet includes a TPU water-resistant mattress pad and a breathable fitted cover. The peach-skin surface and resin fiber core provide balanced firmness and support for newborns. The easy-clean cover resists stains and remains soft after washing.

MAINTENANCE

To maintain the cleanliness and longevity of your HARPPA Cuddly Baby Bassinet:

- **Fabric Components:** The fabric components, including the fitted cover, are machine washable. Refer to the care label for specific washing instructions.
- **Frame:** Wipe the aluminum frame with a damp cloth and mild soap. Dry thoroughly.
- **Mattress Pad:** The TPU water-resistant mattress pad can be wiped clean with a damp cloth.

TROUBLESHOOTING

If you encounter any issues with your HARPPA Cuddly Baby Bassinet, please refer to the detailed troubleshooting section in your product manual. Common issues may include:

- Difficulty adjusting height: Ensure release buttons are fully pressed.
- Wheels not locking/unlocking: Check for obstructions and ensure the lock mechanism is fully engaged or disengaged.
- Rocking mechanism not engaging: Verify that the rocking function is unlocked and wheels are not engaged.

For further assistance, please contact HARPPA customer support.
