2. KEY FEATURES AT A GLANCE

The DOOGEE S200 Plus 5G is packed with features designed for demanding environments and high performance:

- **Dual Display:** 6.72" FHD+ IPS (120Hz) main screen and 1.32" AMOLED (60Hz) rear display.
- **Powerful Camera System:** 100MP AI Main Camera (EIS+OIS), 20MP Night Vision Camera, 32MP Front Camera, 2MP Macro.
- **Robust Performance:** MediaTek Dimensity 7300 5G Octa-Core Processor.
- **Ample Memory & Storage:** 12GB RAM (expandable to 32GB) + 512GB ROM (expandable to 2TB via microSD).
- **Massive Battery:** 10100mAh with 33W fast charging and 18W OTG reverse charging.
- **Extreme Durability:** IP68/IP69K water and dust resistance, MIL-STD-810H certified for shock protection.
- **Advanced Connectivity:** Dual SIM 5G, Bluetooth 5.4, WiFi 6E, NFC, GPS (GLONASS/Galileo/Beidou).
- **Security:** Fingerprint and Face Unlock.
- **Operating System:** Android 14.

3. SETUP GUIDE

3.1. Package Contents

Before you begin, ensure all items are present in your package:

- DOOGEE S200 Plus 5G Smartphone
- USB Type-C Cable
- Power Adapter (33W)
- SIM Ejector Tool
- User Manual (this document)
- Warranty Card

3.2. Inserting SIM Cards and MicroSD Card

The DOOGEE S200 Plus supports dual SIM cards and a microSD card for expandable storage up to 2TB.

1. Locate the SIM card tray on the side of the phone.
2. Insert the SIM ejector tool into the small hole next to the tray and push gently until the tray pops out.
3. Place your Nano-SIM cards and/or microSD card into the designated slots on the tray, ensuring correct orientation.
4. Carefully push the tray back into the phone until it is flush with the device body.

3.3. Initial Charging

For optimal battery performance, fully charge your device before first use.

1. Connect the USB Type-C cable to the charging port at the bottom of the phone.
2. Connect the other end of the cable to the power adapter.
3. Plug the power adapter into a wall outlet.
4. The charging indicator will appear on the screen. Allow the phone to charge until it reaches 100%.

3.4. Powering On and Initial Configuration

Press and hold the Power button (usually on the right side) until the DOOGEE logo appears. Follow the on-screen prompts to complete the initial setup, including language selection, Wi-Fi connection, Google account setup, and security settings.

4. OPERATING YOUR DOOGEE S200 PLUS

4.1. Main Display (6.72" FHD+ 120Hz)

The primary display offers a smooth and immersive visual experience with its 120Hz refresh rate and FHD+ resolution. It is protected by Corning Gorilla Glass.

120Hz Anti-flicker Screen, Greatly Enhance Immersion

The 120Hz ultra-high refresh rate makes the S200 Plus highly responsive for tasks, browsing, and gaming. The sharp display and smooth operation greatly enhance immersion.

*Image: The DOOGEE S200 Plus 5G's 120Hz anti-flicker screen, illustrating its 1080*2400 resolution and high refresh rate for enhanced immersion and faster response.*

4.2. Multi-functional Rear Display (1.32" AMOLED)

The innovative 1.32-inch AMOLED rear display provides quick access to various functions without needing to activate the main screen.

- **Message View:** Check text messages and app notifications.
- **Calendar:** View the current month's calendar.
- **Camera Shortcut:** Conveniently access the camera for quick selfies or photos.
- **Music Control:** Play, pause, skip tracks.
- **Call Answering:** Answer calls directly from the rear screen.
- **Compass:** Utilize the built-in compass for outdoor navigation.
- **Dynamic Dials:** Customize with various dynamic watch faces.

Multi-functional Screen, Entirely in Your Control

The S200 Plus's innovative multi-functional sub-screen not only puts message preview, calendar view, shortcut camera, music playback control, call answering, and more at your fingertips, but also adds personalized dynamic effects to make every operation convenient and fun.

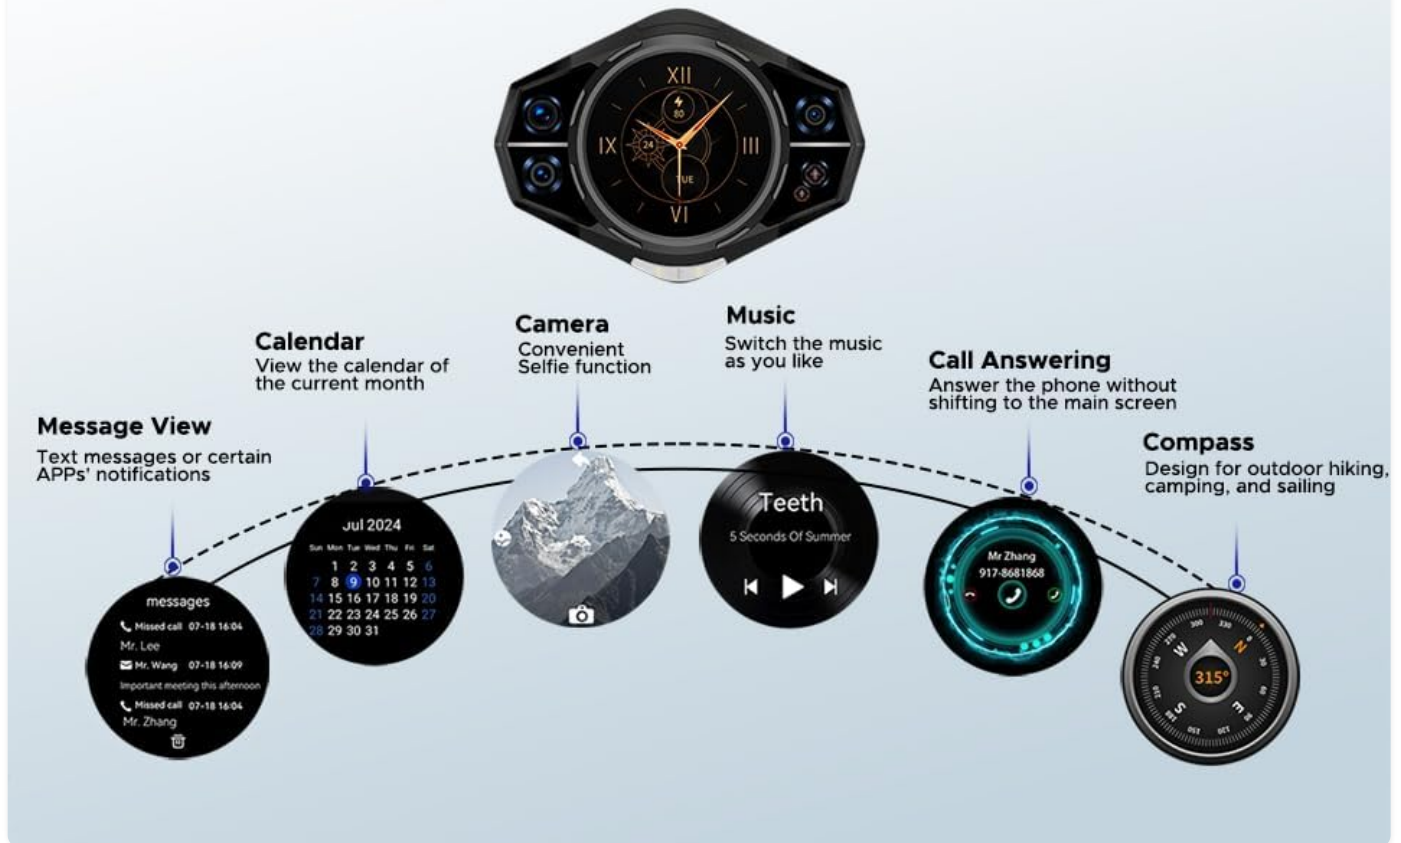

Image: Diagram illustrating the multi-functional capabilities of the DOOGEE S200 Plus 5G's rear screen, including message view, calendar, camera shortcut, music control, call answering, and compass.

4.3. Camera System

The DOOGEE S200 Plus features a versatile camera setup for various photography needs.

- **100MP AI Main Camera:** Captures sharp images with EIS+OIS for stability.
- **20MP Night Vision Camera:** Utilizes Morpho technology for clear images in low-light conditions.
- **32MP Front Camera:** Optimized for high-quality selfies.
- **2MP Macro Camera:** For detailed close-up shots.

The phone incorporates AI image processing for enhanced results in various scenarios, including:

AI Background Replacement

Automatically recognize and separate the foreground object and background in the photo, to realize fast and precise background replacement.

Image: Example of AI Background Replacement feature on the DOOGEE S200 Plus 5G, showing how it automatically recognizes and separates foreground objects for precise background changes.

AI Portrait

Intelligent image recognition and processing allows you to create beautifully personalized portrait photos by uploading just one photo, accurately capturing the facial features of the person and skillfully blending them into a preset AI character model.

4.4. Performance and Storage

Powered by the MediaTek Dimensity 7300 5G processor, the S200 Plus ensures smooth multitasking and efficient performance.

Dimensity D7300 4nm 5G Octa-core Processor

Boosted Performance, Reduced Consumption

The DOOGEE S200 Plus features a high-performance MediaTek D7300 Octa-core Processor, offering exceptional speed and smooth multitasking capabilities for an enjoyable and seamless user experience.

AI Processor ↑
Performance Double

Image: Illustration of the Dimensity D7300 4nm 5G Octa-core Processor, highlighting its boosted performance and reduced power consumption for the DOOGEE S200 Plus 5G.

The device comes with 12GB of base RAM, expandable by an additional 20GB of virtual RAM for a total of 32GB. It includes 512GB of internal storage, which can be further expanded up to 2TB using a microSD card.

12GB RAM+ 20GB Extended RAM

DOOGEE S200 Plus provides seamless daily usage but also sustained high performance over time. No more lagging or slowing down!

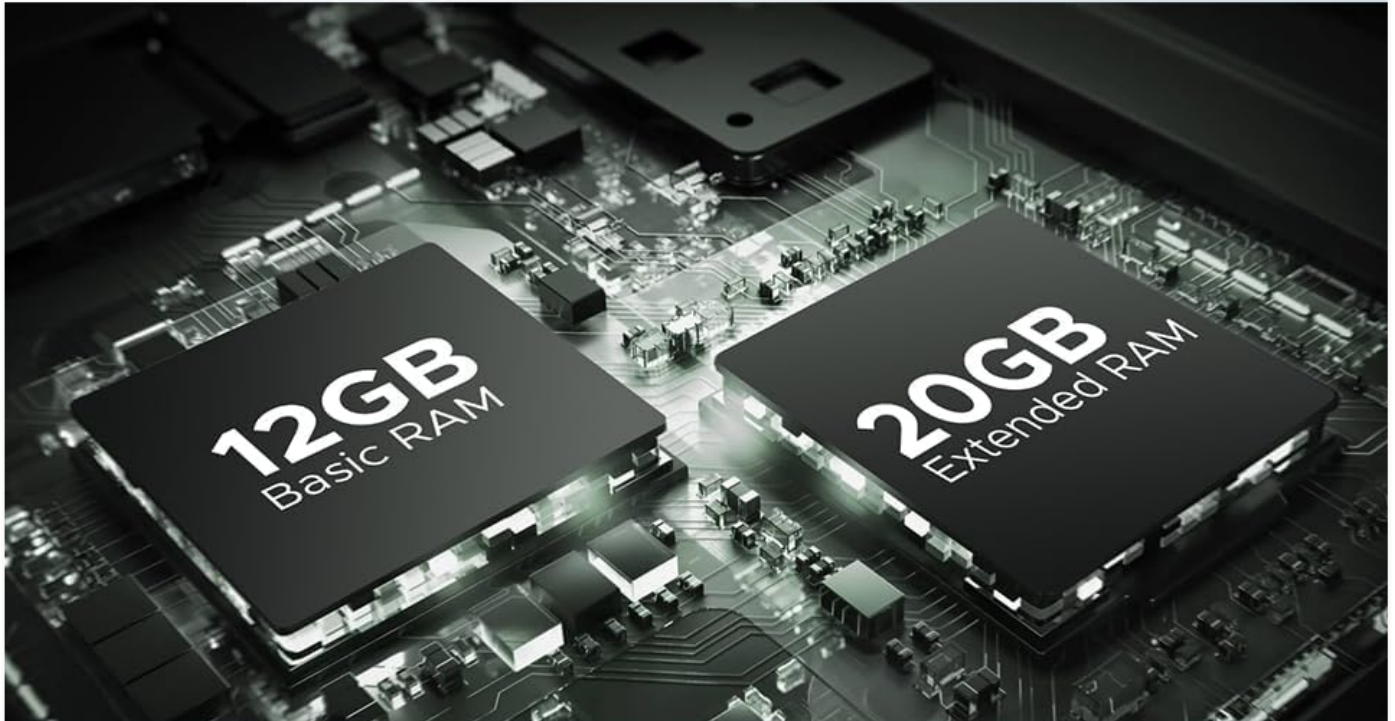

Image: Diagram showing the 12GB Basic RAM and 20GB Extended RAM, illustrating how the DOOGEE S200 Plus 5G achieves 32GB of total RAM for seamless daily usage and sustained high performance.

4.5. Battery and Charging

The 10100mAh battery provides extended usage times, with up to 1285 hours of standby, 40 hours of talk time, or 25 hours of video playback.

- **33W Fast Charging:** Quickly recharges the device.
- **18W OTG Reverse Charging:** Allows you to use your phone as a power bank to charge other devices.

4.6. Connectivity and Navigation

The S200 Plus offers comprehensive connectivity options:

- **Dual SIM 5G:** Supports full carrier compatibility for high-speed mobile data.
- **Bluetooth 5.4:** For connecting wireless accessories.
- **WiFi 6E:** For fast and stable wireless internet.
- **NFC:** Integrated for Google Pay and other contactless transactions.
- **Navigation:** Supports GLONASS, Galileo, Beidou, and GPS for precise location tracking.

4.7. Security Features

Secure your device with biometric authentication:

- **Fingerprint Unlock:** Use your fingerprint to quickly and securely unlock your phone.
- **Face Unlock:** Unlock your device using facial recognition.

4.8. Operating System

The DOOGEE S200 Plus runs on **Android 14**, providing enhanced security, customization options, and optimized performance.

5. MAINTENANCE AND CARE

To ensure the longevity and optimal performance of your DOOGEE S200 Plus, follow these maintenance guidelines:

- **Cleaning:** Use a soft, lint-free cloth to clean the screen and body. Avoid abrasive materials or harsh chemicals. For stubborn dirt, a slightly damp cloth can be used, ensuring all ports are sealed.
- **Durability Features:** The phone is IP68/IP69K rated for water and dust resistance and MIL-STD-810H certified for shock protection. While highly durable, avoid intentional submersion beyond specified depths/durations and extreme impacts to prevent damage. Ensure all port covers are securely closed before exposure to water or dust.
- **Software Updates:** Regularly check for and install software updates to ensure your device has the latest security patches and performance improvements.
- **Battery Care:** Avoid extreme temperatures. While the battery management system is intelligent, try to keep the battery charge between 20% and 80% for long-term health, though full charges are safe.
- **Storage Management:** Periodically clear unnecessary files and apps to maintain optimal performance. Utilize the expandable storage for large media files.

6. TROUBLESHOOTING

If you encounter issues with your DOOGEE S200 Plus, refer to the following common troubleshooting steps:

- **Device Not Responding:** If the phone freezes or becomes unresponsive, press and hold the Power button for about 10-15 seconds to force a restart.
- **Charging Issues:** Ensure the USB cable and power adapter are securely connected and undamaged. Try a different outlet or charging accessory. Check the charging port for debris.
- **Network Connectivity Problems (No Signal/Wi-Fi):**
 - Toggle Airplane Mode on and off.
 - Restart the phone.
 - For mobile data, ensure SIM card is correctly inserted and mobile data is enabled in settings.
 - For Wi-Fi, forget the network and reconnect, or restart your Wi-Fi router.
- **App Crashes/Slow Performance:**
 - Close background apps.
 - Clear app cache (Settings > Apps > [App Name] > Storage > Clear Cache).
 - Ensure sufficient free storage space.
 - Restart the device.
- **Fingerprint/Face Unlock Not Working:**
 - Ensure your fingers/face are clean and dry.
 - Re-register your fingerprints/face in Settings > Security.
- **Factory Reset (Last Resort):** If issues persist, you may consider a factory reset. **Warning: This will erase all data**

on your phone. **Back up important data before proceeding.** Go to Settings > System > Reset options > Erase all data (factory reset).

7. SPECIFICATIONS

Detailed technical specifications for the DOOGEE S200 Plus 5G smartphone:

Feature	Specification
Brand	DOOGEE
Model Name	S200 PLUS
Operating System	Android 14
Main Display	6.72 inches FHD+ IPS (2400 x 1080), 120Hz Refresh Rate
Rear Display	1.32 inches AMOLED (60Hz)
Processor	MediaTek Dimensity 7300 5G (4nm Octa-Core, 2.5 GHz)
RAM	12GB (expandable to 32GB with virtual RAM)
Internal Storage	512GB
Expandable Storage	Up to 2TB via microSD card
Main Camera	100 MP AI (EIS+OIS)
Night Vision Camera	20 MP
Front Camera	32 MP
Macro Camera	2 MP
Battery Capacity	10100 mAh
Fast Charging	33W
Reverse Charging	18W OTG
Cellular Technology	5G (Dual SIM)
Connectivity	Bluetooth 5.4, Wi-Fi 6E, NFC
Navigation	GPS, GLONASS, Galileo, Beidou
Durability	IP68/IP69K, MIL-STD-810H
Biometrics	Fingerprint, Face Unlock
Dimensions	17.95 x 8.25 x 1.91 cm (approx.)
Battery Composition	Lithium-polymer

8. WARRANTY AND SUPPORT

DOOGEE provides a comprehensive warranty and support for your S200 Plus 5G smartphone:

- **Factory Warranty:** Each DOOGEE outdoor phone purchased from an authorized retailer comes with a full **24-month warranty**.
- **Technical Support:** For technical inquiries or hardware defects, please contact DOOGEE's specialized support

team. Refer to the warranty card included in your package for contact details or visit the official DOOGEE website.

- **Software Updates:** Ensure your device is always up-to-date by regularly checking for and installing official software updates provided by DOOGEE.
